

Read offline with free mobile apps

First: download an app that will work on your device

If you aren't sure, use the Google Chrome app, since that will work on a variety of devices through a Google Chrome browser.

You will need internet access to download an app, set up your device, and download books.

Free myON apps

Chrome: <https://chrome.google.com/webstore/detail/myon/jahdnkaoagdemiakgkedafnhlafpamg>

iPad: <https://itunes.apple.com/us/app/myon/id548056295?mt=8>

Android: <https://play.google.com/store/apps/details?id=com.capstonedigital>

Kindle Fire HD: <https://www.amazon.com/gp/product?ASIN=B00DQWC7EG>

Next: set up your device and start adding books

1. Open the new **myON app** on your device.
2. Choose to **"Add User"** or **"Link User."**
3. Follow the onscreen instructions, and enter your **school, username, and PIN.**

Your four-digit PIN can be found in the top right corner of your myON dashboard. You must use your PIN as the password when you connect to the app for the FIRST TIME ONLY.

Tip: To get your PIN, you must take the interest inventory and placement assessment FIRST while you are logged into your account when you are connected to the Internet. Then your dashboard will appear and you will have access to your PIN to set up your app.

4. **Once your PIN is added, sign in!** Select your name, and enter your username when prompted.
5. Now that you're signed in, start adding books to read anytime. Choose the **"Add Book"** or **"+"** icon, and **search to find books to add.** When you've found a book to add, just click download. Repeat for up to 20 books. If you are signed into the app, you can also download books directly to the app from myON.
