Notice Regarding Directory Information and Parent’s Response Regarding Release of Student Information

State law requires the district to give you the following information:

Certain information about district students is considered directory information and will be released to anyone who follows the procedures for requesting the information unless the parent or guardian objects to the release of the directory information about the student. If you do not want Garland ISD to disclose directory information from your child’s education records without your prior written consent, you must notify the district in writing within ten school days of your child’s first day of instruction for this school year.

This means that the district must give certain personal information (called “directory information”) about your child to any person who requests it, unless you have told the district in writing not to do so. In addition, you have the right to tell the district that it may, or may not, use certain personal information about your child for specific school-sponsored purposes. The district is providing you this form so you can communicate your wishes about these issues. [See Directory Information in the Student Handbook for more information.]

Garland Independent School District has designated the following information as directory information:

- Address
- Telephone listing
- E-mail address
- Photograph
- Date and place of birth
- Major field of study
- Degrees, honors, and awards received

These publications could include, but are not limited to: extracurricular activity publications, yearbook, district/campus newsletters, campus directory, news releases to local media, media released photographs of students, district/campus website, district/campus video, district/campus publication and public recognitions.

Parent’s Objection to the Release of Student Information to Military Recruiters and Institutions of Higher Education

Federal law requires that the district release to military recruiters and institutions of higher education, upon request, the name, address, and phone number of secondary school students enrolled in the district, unless the parent or eligible student directs the district not to release information to these types of requestors without prior written consent. [See Release of Student Information to Military Recruiters and Institutions of Higher Education for more information.]

Parent: Please complete the following only if you do not want your child’s information released to a military recruiter or an institution of higher education without your prior consent.

PREFACE

To Students and Parents:

Welcome to the 2018-2019 school year! Education is a team effort, and we know that students, parents, teachers, and other staff members all working together can make this a wonderfully successful year for our students.

The Garland Independent School District Student Handbook is designed to provide a resource for some of the basic information that you and your child will need during the school year. The handbook is divided into two sections:

Section I—PARENTAL RIGHTS—with information to assist you in responding to school-related issues. We encourage you to take some time to closely review this section of the handbook.

Section II—OTHER IMPORTANT INFORMATION FOR STUDENTS AND PARENTS—organized alphabetically by topic for quick access when searching for information on a specific issue.

Please be aware that the term “parent,” unless otherwise noted, is used to refer to the parent, legal guardian, or any other person who has agreed to assume school-related responsibility for a student.

Both students and parents should become familiar with the GISD Student Code of Conduct, which is a document adopted by the board and intended to promote school safety and an atmosphere for learning. That document may be found on the district’s website at www.garlandisd.net and is available in hard copy upon request.

The Student Handbook is a general reference guide only and is designed to be in harmony with board policy and the Student Code of Conduct. Please be aware that it is not a complete statement of all policies, procedures, or rules that may be applicable in a given circumstance.

In case of conflict between board policy (including the Student Code of Conduct) and any provisions of the Student Handbook, the provisions of board policy and the Student Code of Conduct are to be followed.

Please be aware that the Student Handbook is updated yearly, while policy adoption and revision may occur throughout the year. The district encourages parents to stay informed of proposed board policy changes by attending board meetings. Changes in policy or other rules that affect Student Handbook provisions will be made available to students and parents through newsletters or other communications. The district reserves the right to modify provisions of the Student Handbook at any time, whenever it is deemed necessary. Notice of any revision or modification will be given as is reasonably practical under the circumstances.

Although the Student Handbook may refer to rights established through law or district policy, the Student Handbook does not create any additional rights for students and parents. It does not, nor is it intended to, create contractual or legal rights between any student or parent and the district.

If you or your child has questions about any of the material in this handbook, please contact a teacher, school counselor, or a campus administrator.
Also, please complete and return to your child’s campus the following forms [included in this handbook or provided in the forms packet distributed at the beginning of the year or upon the student’s enrollment]:

1. Acknowledgment Form or Acknowledgment of Electronic Distribution of the Student Handbook form;
3. Parent’s Objection to the Release of Student Information to Military Recruiters and Institutions of Higher Education form, if you choose to restrict the release of information to these entities.

[See Objecting to the Release of Directory Information and Consent Required Before Student Participation in a Federally Funded Survey, Analysis, or Evaluation for more information.]

Note: References to policy codes are included so that parents can refer to current board policy. The district’s official policy manual is available for review in the district administration office or an unofficial electronic copy is available at http://pol.tasb.org/Home/Index/364.

**Accessibility**

If you have difficulty accessing the information in this document on our website because of disability, please contact Jasmine Preston, Coordinator of Web Services at 972-487-3265 or jdpreston@garlandisd.net.
SECTION I: PARENTAL RIGHTS

This section of the Garland Independent School District Student Handbook includes information related to the rights of parents as specified in state or federal law.

CONSENT, OPT-OUT, AND REFUSAL RIGHTS

Consent to Conduct a Psychological Evaluation

A district employee will not conduct a psychological examination, test, or treatment without obtaining prior written parental consent unless the examination, test, or treatment is required under state or federal law regarding requirements for special education or by the Texas Education Agency (TEA) for child abuse investigations and reports.

Consent to Display a Student’s Original Works and Personal Information

Teachers may display students’ work, which may include personally identifiable student information, in classrooms or elsewhere on campus as recognition of student achievement.

However, the district will seek parental consent before displaying students’ artwork, special projects, photographs taken by students, original videos or voice recordings, and other original works on the district’s website, a website affiliated or sponsored by the district, such as a campus or classroom website, and in district publications, which may include printed materials, videos, or other methods of mass communication.

Consent to Receive Parenting and Paternity Awareness Instruction if Student is Under Age 14

A student under the age of 14 must have parental permission to receive instruction in the district’s parenting and paternity awareness program; otherwise, the student will not be allowed to participate in the instruction. This program, developed by the Office of the Texas Attorney General and the State Board of Education (SBOE), is incorporated into the district’s health education classes.

Consent to Video or Audio Record a Student When Not Otherwise Permitted by Law

State law permits the school to make a video or voice recording without parental permission for the following circumstances:

- When it is to be used for school safety;
- When it relates to classroom instruction or a co-curricular or extracurricular activity; or
- When it relates to media coverage of the school.
- When it relates to the promotion of student safety as provided by law for a student receiving special education services in certain settings.

The district will seek parental consent through a written request before making any video or voice recording of your child not otherwise allowed by law.

See Video Cameras for more information, including a parent’s right to request video and audio equipment be placed in certain special education settings.
Limiting Electronic Communications with Students by District Employees

Teachers and other approved employees are permitted by the district to use electronic communication with students within the scope of the individual’s professional responsibilities, as described by district guidelines. For example, a teacher may set up a social networking page for his or her class that has information related to class work, homework, and tests. As a parent, you are welcome to join or become a member of such a page.

If you prefer that your child not receive any one-to-one electronic communications from a district employee or if you have questions related to the use of electronic media by district employees, please contact the campus principal.

Objecting to the Release of Directory Information

The Family Educational Rights and Privacy Act, or FERPA, permits the district to disclose appropriately designated “directory information” from a child’s education records without written consent. “Directory information” is information that is generally not considered harmful or an invasion of privacy if released. Examples include a student’s photograph for publication in the school yearbook; a student’s name and grade level for purposes of communicating class and teacher assignment; the name, and height of an athlete for publication in a school athletic program; a list of student birthdays for generating school wide or classroom recognition; a student’s name and photograph posted on a district-approved and managed social media platform; and the names and grade levels of students submitted by the district to a local newspaper or other community publication to recognize the A/B honor roll for a specific grading period. Directory information will be released to anyone who follows procedures for requesting.

However, a parent or eligible student may object to the release of a student’s directory information. This objection must be made in writing to the principal within ten school days of your child’s first day of instruction for this school year. [See the “Notice Regarding Directory Information and Parent’s Response Regarding Release of Student Information” included in this Handbook and is available at www.garlandisd.net.]

The district has identified the following as directory information:

- Student’s Name
- Address
- Telephone Listing
- Electronic mail address
- Date and place birth
- Dates of attendance
- Major field of study
- Degrees, honors, and awards received
- Grade level
- Photograph
- Participation in officially recognized activities and sports
- Weight and height, if a member of an athletic team
- Most recent school previously attended

If you object to the release of the student information included on the directory information response form, your decision will also apply to the use of that information for school-sponsored purposes, such as the honor roll, school newspaper, the yearbook, recognition activities, news releases, and athletic programs.

Also review the information “Authorized Inspection and Use of Student Records” for more information.

**Objecting to the Release of Student Information to Military Recruiters and Institutions of Higher Education (Secondary Grade Levels Only)**

The district is required by federal law to comply with a request by a military recruiter or an institution of higher education for students’ names, addresses, and telephone listings, unless parents have advised the district not to release their child’s information without prior written consent. The “Parent Objection to the Release of Student Information to Military Recruiters and Institutions of Higher Education” form is included in this Handbook, and also available at [www.garlandisd.net](http://www.garlandisd.net) if you do not want the district to provide this information to military recruiters or institutions of higher education.

**Participation in Third-Party Surveys**

**Consent Required Before Student Participation in a Federally Funded Survey, Analysis, or Evaluation**

Your child will not be required to participate without parental consent in any survey, analysis, or evaluation—funded in whole or in part by the U.S. Department of Education—that concerns:

- Political affiliations or beliefs of the student or the student’s parent.
- Mental or psychological problems of the student or the student’s family.
- Sexual behavior or attitudes.
- Illegal, antisocial, self-incriminating, or demeaning behavior.
- Critical appraisals of individuals with whom the student has a close family relationship.
- Relationships privileged under law, such as relationships with lawyers, physicians, and ministers.
- Religious practices, affiliations, or beliefs of the student or parents.
- Income, except when the information is required by law and will be used to determine the student’s eligibility to participate in a special program or to receive financial assistance under such a program.

You will be able to inspect the survey or other instrument and any instructional materials used in connection with such a survey, analysis, or evaluation. [For further information, see policy EF (LEGAL).]
“Opting Out” of Participation in Other Types of Surveys or Screenings and the Disclosure of Personal Information

As a parent, you have a right to receive notice of and deny permission for your child’s participation in:

- Any survey concerning the private information listed above, regardless of funding.
- School activities involving the collection, disclosure, or use of personal information gathered from your child for the purpose of marketing, selling, or otherwise disclosing that information. Note: this does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions.
- Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student. Exceptions are hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law. [See policies EF and FFAA.]

As a parent, you may inspect a survey created by a third party before the survey is administered or distributed to your child.

**REMOVING A STUDENT FROM INSTRUCTION OR EXCUSING A STUDENT FROM A REQUIRED COMPONENT OF INSTRUCTION**

**Human Sexuality Instruction**

As a part of the district’s curriculum, students receive instruction related to human sexuality. The School Health Advisory Council (SHAC) is involved with the selection of course materials for such instruction.

State law requires that any instruction related to human sexuality, sexually transmitted diseases, or human immunodeficiency virus (HIV) or acquired immune deficiency syndrome (AIDS) must:

- Present abstinence from sexual activity as the preferred choice of behavior in relationship to all sexual activity for unmarried persons of school age;
- Devote more attention to abstinence from sexual activity than to any other behavior;
- Emphasize that abstinence is the only method that is 100 percent effective in preventing pregnancy, sexually transmitted diseases, and the emotional trauma associated with adolescent sexual activity;
- Direct adolescents to a standard of behavior in which abstinence from sexual activity before marriage is the most effective way to prevent pregnancy and sexually transmitted diseases; and
- If included in the content of the curriculum, teach contraception and condom use in terms of human use reality rates instead of theoretical laboratory rates.

In accordance with state law, below is a summary of the district’s curriculum regarding human sexuality instruction:

Students enrolled in a Health course or in a course receiving a Health waiver at the high school level will be discussing many topics including abstinence, sexually transmitted diseases (including AIDS/HIV) and reproduction.
As a parent, you are entitled to review the curriculum materials. In addition, you may remove your child from any part of the human sexuality instruction with no academic, disciplinary, or other penalties. You may also choose to become more involved with the development of curriculum used for this purpose by becoming a member of the district’s SHAC. Please see the campus principal for additional information.

**Reciting a Portion of the Declaration of Independence in Grades 3–12**

You may request that your child be excused from recitation of a portion of the Declaration of Independence. State law requires students in social studies classes in grades 3–12 to recite a portion of the text of the Declaration of Independence during Celebrate Freedom Week unless (1) you provide a written statement requesting that your child be excused, (2) the district determines that your child has a conscientious objection to the recitation, or (3) you are a representative of a foreign government to whom the United States government extends diplomatic immunity. [See policy EHBK (LEGAL).]

**Reciting the Pledges to the U.S. and Texas Flags**

As a parent, you may request that your child be excused from participation in the daily recitation of the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. The request must be in writing. State law does not allow your child to be excused from participation in the required minute of silence or silent activity that follows. [See Pledges of Allegiance and a Minute of Silence and policy EC (LEGAL).]

**Religious or Moral Beliefs**

You may remove your child temporarily from the classroom if an instructional activity in which your child is scheduled to participate conflicts with your religious or moral beliefs. The removal cannot be for the purpose of avoiding a test and may not extend for an entire semester. Further, your child must satisfy grade-level and graduation requirements as determined by the school and by state law.

**Tutoring or Test Preparation**

Based on informal observations, evaluative data such as grades earned on assignments or tests, or results from diagnostic assessments, a teacher may determine that a student is in need of additional targeted assistance in order for the student to achieve mastery in state-developed essential knowledge and skills. The school will always attempt to provide tutoring and strategies for test-taking in ways that prevent removal from other instruction as much as possible. In accordance with state law and policy EC, the school will not remove a student from a regularly scheduled class for remedial tutoring or test preparation for more than ten percent of the school days on which the class is offered, unless the student’s parent consents to this removal.

The school may also offer tutorial services, which students whose grades are below 70 will be required to attend.

You may refer to policies EC and EHBC, and contact your student’s teacher with questions about any tutoring programs provided by the school.

**RIGHT OF ACCESS TO STUDENT RECORDS, CURRICULUM MATERIALS, AND DISTRICT RECORDS**
**Instructional Materials**

As a parent, you have a right to review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered to your child.

You are also entitled to request that the school allow your child to take home any instructional materials used by the student. If the school determines that sufficient availability exists to grant the request, the student must return the materials at the beginning of the next school day if requested to do so by the student’s teacher.

**Notices of Certain Student Misconduct to Noncustodial Parent**

A noncustodial parent may request in writing that he or she be provided, for the remainder of the school year, a copy of any written notice usually provided to a parent related to his or her child’s misconduct that may involve placement in a disciplinary alternative education program (DAEP) or expulsion. [See policy FO (LEGAL) and the Student Code of Conduct.]

**Participation in Federally Required, State-Mandated, and District Assessments**

You may request information regarding any state or district policy related to your child's participation in assessments required by federal law, state law, or the district.

**Student Records**

**Accessing Student Records**

You may review your child’s student records. These records include:

- Attendance records,
- Test scores,
- Grades,
- Disciplinary records,
- Counseling records,
- Psychological records,
- Applications for admission,
- Health and immunization information,
- Other medical records,
- Teacher and school counselor evaluations,
- Reports of behavioral patterns,
- Records relating to the assistance provided for learning difficulties, including information collected regarding any intervention strategies used with your child, as the term intervention strategy is defined by law,
- State assessment instruments that have been administered to your child, and
- Teaching materials and tests used in your child’s classroom.

**Authorized Inspection and Use of Student Records**

A federal law, known as the Family Educational Rights and Privacy Act, or FERPA, affords parents and eligible students certain rights with respect to the student’s education records. For purposes of student records, an “eligible” student is one who is 18 or older or who is attending an institution of postsecondary education. These rights, as discussed in this section as well as at **Objecting to the Release of Directory Information**, are:

- The right to inspect and review student records within 45 days after the day the school receives a request for access.
- The right to request an amendment to a student record the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of FERPA.
- The right to provide written consent before the school discloses personally identifiable information from the student’s records, except to the extent that FERPA authorizes disclosure without consent.
- The right to file a complaint with the U.S. Department of Education concerning failures by the school to comply with FERPA requirements. The name and address of the office that administers FERPA are:

  Family Policy Compliance Office  
  U.S. Department of Education 400  
  Maryland Avenue, SW Washington, DC  
  20202-5901

Both FERPA and state laws safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights of privacy. Before disclosing any personally identifiable information from a student’s records, the district must verify the identity of the person, including a parent or the student, requesting the information.

Virtually all information pertaining to student performance, including grades, test results, and disciplinary records, is considered confidential educational records.

Inspection and release of student records is primarily restricted to an eligible student or a student’s parents—whether married, separated, or divorced—unless the school is given a copy of a court order terminating parental rights or the right to access a student’s education records.

Federal law requires that, as soon as a student reaches the age of 18, is emancipated by a court, or enrolls in a postsecondary institution, control of the records goes to the student. The parents may continue to have access to the records, however, if the student is a dependent for tax purposes and under limited circumstances when there is a threat to the health and safety of the student or other individuals.

FERPA permits the disclosure of personally identifiable information from a student’s education records, without written consent of the parent or eligible student, in the following circumstances:

- When district school officials have what federal law refers to as a “legitimate educational interest” in a student’s records. School officials would include board members and employees, such as the
superintendent, administrators, and principals; teachers, school counselors, diagnosticians, and support staff (including district health or district medical staff); a person or company with whom the district has contracted or allowed to provide a particular institutional service or function (such as an attorney, consultant, third-party vendor that offers online programs or software, auditor, medical consultant, therapist, school resource officer, or volunteer); a parent or student serving on a school committee; or a parent or student assisting a school official in the performance of his or her duties. “Legitimate educational interest” in a student’s records includes working with the student; considering disciplinary or academic actions, the student’s case, or an individualized education program for a student with disabilities; compiling statistical data; reviewing an educational record to fulfill the official’s professional responsibility to the school and the student; or investigating or evaluating programs.

- To authorized representatives of various governmental agencies, including juvenile service providers, the U.S. Comptroller General’s office, the U.S. Attorney General’s office, the U.S. Secretary of Education, TEA, the U.S. Secretary of Agriculture’s office, and Child Protective Services (CPS) caseworkers or other child welfare representatives, in certain cases.

- To individuals or entities granted access in response to a subpoena or court order.

- To another school, school district/system, or institution of postsecondary education to which a student seeks or intends to enroll or in which he or she is already enrolled.

- In connection with financial aid for which a student has applied or which the student has received.

- To accrediting organizations to carry out accrediting functions.

- To organizations conducting studies for, or on behalf of, the school, in order to develop, validate, or administer predictive tests; administer student aid programs; or improve instruction.

- To appropriate officials in connection with a health or safety emergency.

- When the district discloses information it has designated as directory information [see Objecting to the Release of Directory Information for opportunities to prohibit this disclosure].

Release of personally identifiable information to any other person or agency—such as a prospective employer or for a scholarship application—will occur only with parental or student permission as appropriate.

The campus principal is custodian of all records for currently enrolled students at the assigned school. The Executive Director of Student Services is the custodian of all records for students who have withdrawn or graduated.

A parent or eligible student who wishes to inspect the student’s records should submit a written request to the records custodian identifying the records he or she wishes to inspect. Records may be inspected by a parent or eligible student during regular school hours. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records.

A parent or eligible student who provides a written request and pays copying costs of ten cents per page may obtain copies. If circumstances prevent inspection during regular school hours and the student qualifies for free or reduced-price meals, the district will either provide a copy of the records requested or make other arrangements for the parent or student to review these records.

The address of the Executive Director of Student Services office is 720 Stadium Dr., Garland, TX, 75040.
The address of the superintendent’s office is 501 S. Jupiter Road, Garland, Texas 75042. The address of the principals’ offices at each campus are as follows:

A parent (or eligible student) may inspect the student’s records and request a correction or amendment if the records are considered inaccurate, misleading, or otherwise in violation of the student’s privacy rights. A request to correct a student’s record should be submitted to the appropriate records custodian. The request must clearly identify the part of the record that should be corrected and include an explanation of how the information in the record is inaccurate. If the district denies the request to amend the records, the parent or eligible student has the right to request a hearing. If the records are not amended as a result of the hearing, the parent or eligible student has 30 school days to exercise the right to place a statement commenting on the information in the student’s record.

Although improperly recorded grades may be challenged, contesting a student’s grade in a course or on an examination is handled through the general complaint process found in policy FNG (LOCAL). A grade issued by a classroom teacher can be changed only if, as determined by the board of trustees, the grade is arbitrary, erroneous, or inconsistent with the district’s grading policy. [See FINALITY OF GRADES at FNG (LEGAL), Report Cards/Progress Reports and Conferences, and Complaints and Concerns for an overview of the process.]

The district’s policy regarding student records found at policy FL is available from the principal’s or superintendent’s office or on the district’s website at http://pol.tasb.org/Home/Index/364.

The parent’s or eligible student’s right of access to and copies of student records do not extend to all records. Materials that are not considered educational records—such as a teacher’s personal notes about a student that are shared only with a substitute teacher—do not have to be made available to the parents or student.

**Teacher and Staff Professional Qualifications**

You may request information regarding the professional qualifications of your child’s teachers, including whether a teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction; whether the teacher has an emergency permit or other provisional status for which state requirements have been waived; and undergraduate and graduate degree majors, graduate certifications, and the field of study of the certification or degree. You also have the right to request information about the qualifications of any paraprofessional who may provide services to your child.

**STUDENTS WITH EXCEPTIONALITIES OR SPECIAL CIRCUMSTANCES**

**Children of Military Families**

Children of military families will be provided flexibility regarding certain district requirements, including:

- Immunization requirements.
- Grade level, course, or educational program placement.
- Eligibility requirements for participation in extracurricular activities.
- Graduation requirements.
In addition, absences related to a student visiting with his or her parent, including a stepparent or legal guardian, who has been called to active duty for, is on leave from, or is returning from a deployment of at least four months will be excused by the district. The district will permit no more than five excused absences per year for this purpose. For the absence to be excused, the absence must occur no earlier than the 60th day before deployment or no later than the 30th day after the parent’s return from deployment.

Additional information may be found at http://tea.texas.gov/index2.aspx?id=7995

Parental Role in Certain Classroom and School Assignments

Multiple Birth Siblings

As a parent, if your children are multiple birth siblings (e.g., twins, triplets, etc.) assigned to the same grade and campus, you may request that they be placed either in the same classroom or in separate classrooms. Your written request must be submitted no later than the 14th day after the enrollment of your children. [See policy FDB (LEGAL).]

Safety Transfers/Assignments

As a parent, you may:

- Request the transfer of your child to another classroom or campus if your child has been determined by the district to have been a victim of bullying, which includes cyberbullying, as defined by Education Code 37.0832. Transportation is not provided for a transfer to another campus. See the campus principal for information.
- Consult with district administrators if your child has been determined by the district to have engaged in bullying and the board decides to transfer your child to another classroom or campus. Transportation is not provided for a transfer to another campus. [See Bullying, policy FDB, and policy FFI.]
- Request the transfer of your child to attend a safe public school in the district if your child attends school at a campus identified by TEA as persistently dangerous or if your child has been a victim of a violent criminal offense while at school or on school grounds. [See policy FDE.]
- Request the transfer of your child to another district campus if your child has been the victim of a sexual assault by another student assigned to the same campus, whether the assault occurred on or off campus, and that student has been convicted of or placed on deferred adjudication for that assault. If the victim does not wish to transfer, the district will transfer the assailant in accordance with policy FDE.

Service/Assistance Animal Use by Students

A parent of a student who uses a service/assistance animal because of the student’s disability must submit a request in writing to the principal before bringing the service/assistance animal on campus. The district will try to accommodate a request as soon as possible but will do so within ten district business days.
Students in the Conservatorship of the State (Foster Care)

A student who is currently in the conservatorship (custody) of the state and who enrolls in the district after the beginning of the school year will be allowed credit-by-examination opportunities outside the district’s established testing windows, and the district will grant proportionate course credit by semester (partial credit) when a student only passes one semester of a two-semester course.

A student who is currently in the conservatorship (custody) of the state and who is moved outside of the district’s or school’s attendance boundaries, or who is initially placed in the conservatorship of the state and who is moved outside the district’s or school’s boundaries, is entitled to continue in enrollment at the school he or she was attending prior to the placement or move until the student reaches the highest grade level at the particular school. In addition, if a student in grade 11 or 12 transfers to another district but does not meet the graduation requirements of the receiving district, the student can request to receive a diploma from the previous district if he or she meets the criteria to graduate from the previous district.

For a student in the conservatorship of the state who is eligible for a tuition and fee exemption under state law and likely to be in care on the day preceding the student’s 18th birthday, the district will:

- Assist the student with the completion of any applications for admission or for financial aid;
- Arrange and accompany the student on campus visits;
- Assist in researching and applying for private or institution-sponsored scholarships;
- Identify whether the student is a candidate for appointment to a military academy;
- Assist the student in registering and preparing for college entrance examinations, including, subject to the availability of funds, arranging for the payment of any examination fees by the DFPS; and
- Coordinate contact between the student and a liaison officer for students who were formerly in the conservatorship of the state.

[See also Credit by Examination for Advancement/Acceleration, Course Credit and Students in Foster Care for more information.]

Students Who Are Homeless

Children who are homeless will be provided flexibility regarding certain district provisions, including:

- Proof of residency requirements;
- Immunization requirements;
• Educational program placement, if the student is unable to provide previous academic records, or misses an application deadline during a period of homelessness;
• Credit-by-examination opportunities;
• The award of partial credit (awarding credit proportionately when a student passes only one semester of a two-semester course);
• Eligibility requirements for participation in extracurricular activities; and
• Graduation requirement.

If a student in grade 11 or 12 is homeless and transfers to another school district but does not meet the graduation requirements of the receiving district, the student can request to receive a diploma from the previous district if he or she meets the criteria to graduate from the previous district.

Federal law also allows a homeless student to remain enrolled in what is called the “school of origin” or to enroll in a new school in the attendance area where the student is currently residing.

A student or parent who is dissatisfied by the district’s eligibility, school selection, or enrollment decision may appeal through policy FNG (Local). The district will expedite local timelines, when possible, for prompt dispute resolution.

[See also Credit by Examination for Advancement/Acceleration, Course Credit, and Homeless Students for more information.]

**Students Who Have Learning Difficulties or Who Need Special Education or Section 504 Services**

For those students who are having difficulty in the regular classroom, all school districts must consider tutorial, compensatory, and other academic or behavior support services that are available to all students, including a process based on Response to Intervention (RtI). The implementation of RtI has the potential to have a positive impact on the ability of districts to meet the needs of all struggling students.

If a student is experiencing learning difficulties, the parent may contact the person listed below to learn about the district’s overall general education referral or screening system for support services. This system links students to a variety of support options, including referral for a special education evaluation or for a Section 504 evaluation to determine whether the student needs specific aids, accommodations, or services. A parent may request an evaluation for special education or Section 504 services at any time.

**Special Education Referrals**

If a parent makes a written request for an initial evaluation for special education services to the director of special education services or to a district administrative employee of the school district, the district must respond no later than 15 school days after receiving the request. At that time, the district must give the parent prior written notice of whether it agrees or refuses to evaluate the student, along with a copy of the Notice of Procedural Safeguards. If the district agrees to evaluate the student, it must also give the parent the opportunity to give written consent for the evaluation.
Note: A request for a special education evaluation may be made verbally; it does not need to be made in writing. Districts must still comply with all federal prior-written notices and procedural safeguard requirements as well as the requirements for identifying, locating, and evaluating children who are suspected of having a disability and in need of special education. However, a verbal request does not require the district to respond within the 15 school-day timeline.

If the district decides to evaluate the student, it must complete the student’s initial evaluation and evaluation report no later than 45 school days from the day it receives a parent’s written consent. However, if the student is absent from school during the evaluation period for three or more school days, the evaluation period will be extended by the number of school days equal to the number of school days that the student is absent.

There is an exception to the 45-school-day timeline. If the district receives a parent’s consent for the initial evaluation at least 35 but less than 45 school days before the last instructional day of the school year, it must complete the written report and provide a copy of the report to the parent by June 30 of that year. However, if the student is absent from school for three or more days during the evaluation period, the June 30 due date no longer applies. Instead, the general timeline of 45 school days plus extensions for absences of three or more days will apply.

Upon completing the evaluation, the district must give the parent a copy of the evaluation report at no cost.

Additional information regarding special education is available from the school district in a companion document titled Parent’s Guide to the Admission, Review, and Dismissal Process.

Contact Person for Special Education Referrals

The designated person to contact regarding options for a student experiencing learning difficulties or a referral for evaluation for special education services is Amy Quinn, Special Education Coordinator, at 972-487-3300.

Section 504 Referrals

Each school district must have standards and procedures in place for the evaluation and placement of students in the district’s Section 504 program. Districts must also implement a system of procedural safeguards that includes notice, an opportunity for a parent or guardian to examine relevant records, an impartial hearing with an opportunity for participation by the parent or guardian and representation by counsel, and a review procedure.

Contact Person for Section 504 Referrals

The designated person to contact regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for Section 504 services is Wendy Brower, Coordinator at 972-487-3300.

The following websites provide information to those who are seeking information and resources specific to students with disabilities and their families:

- Legal Framework for the Child-centered Special Education Process
  [http://framework.esc18.net](http://framework.esc18.net)
Notification to Parent of Intervention Strategies for Learning Difficulties Provided to Student in General Education

The district will annually notify parents that it provides assistance to students, other than those already enrolled in a special education program, who need assistance for learning difficulties, including intervention strategies.

Students Who Receive Special Education Services with Other School-Aged Children in the Home

If a student is receiving special education services at a campus outside his or her attendance zone, the parent or guardian may request that any other student residing in the household be transferred to the same campus, if the appropriate grade level for the transferring student is offered on that campus. However, the district is not required to provide transportation to the other children in the household. The parent or guardian should speak with the principal of the school regarding transportation needs prior to requesting a transfer for any other children in the home. [See policy FDB (LOCAL).]

Students Who Speak a Primary Language Other than English

A student may be eligible to receive specialized support if his or her primary language is not English, and the student has difficulty performing ordinary class work in English. If the student qualifies for these extra services, the Language Proficiency Assessment Committee (LPAC) will determine the types of services the student needs, including accommodations or modifications related to classroom instruction, local assessments, and state-mandated assessments.

Students with Physical or Mental Impairments Protected Under Section 504

A student determined to have a physical or mental impairment that substantially limits a major life activity, as defined by law, and who does not otherwise qualify for special education services, may qualify for protections under Section 504 of the Rehabilitation Act of 1973, as amended. Section 504 is a federal law designed to prohibit discrimination against individuals with disabilities. When an evaluation is requested, a committee will be formed to determine if the student is in need of services and supports under Section 504 to receive a free appropriate public education (FAPE), as this is defined in federal law.

[See policy FB.]

SECTION II: OTHER IMPORTANT INFORMATION FOR STUDENTS AND PARENTS

Topics in this section of the Student Handbook contain important information on academics,
school activities, and school operations and requirements. Take a moment with your child to become familiar with the various issues addressed in this section. It is organized in alphabetical order to serve as a quick-reference when you or your child has a question about a specific school-related issue. Where possible, the topics are also organized to alert you to the applicability of each topic based on a student’s age or grade level. Should you be unable to find the information on a particular topic, please contact Dr. Jennifer Miley, Assistant Director for Student Services, at 972-494-8255.

ABSENCES/ATTENDANCE

Regular school attendance is essential for a student to make the most of his or her education—to benefit from teacher-led and school activities, to build each day’s learning on the previous day’s, and to grow as an individual. Absences from class may result in serious disruption of a student’s mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Two state laws—one dealing with the required presence of school-aged children in school, e.g., compulsory attendance, the other with how a child’s attendance affects the award of a student’s final grade or course credit—are of special interest to students and parents. They are discussed below.

Compulsory Attendance

Age 19 and Older

A student who voluntarily attends or enrolls after his or her 19th birthday is required to attend each school day until the end of the school year. If a student age 19 or older has more than five unexcused absences in a semester, the district may revoke the student’s enrollment. The student’s presence on school property thereafter would be unauthorized and may be considered trespassing. [See policy FEA.]

Between Ages 6 and 19

State law requires that a student between the ages of 6 and 19 attend school, as well as any applicable accelerated instruction program, extended year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

State law requires attendance in an accelerated reading instruction program when kindergarten, first grade, or second grade students are assigned to such a program. Parents will be notified in writing if their child is assigned to an accelerated reading instruction program as a result of a diagnostic reading instrument.

A student will be required to attend any assigned accelerated instruction program, which may occur before or after school or during the summer, if the student does not meet the passing standards on the state assessment for his or her grade level and/or applicable subject area.

Prekindergarten and Kindergarten

Students enrolled in prekindergarten or kindergarten are required to attend school and are subject to the compulsory attendance requirements as long as they remain enrolled.
Exemptions to Compulsory Attendance

All Grade Levels

State law allows exemptions to the compulsory attendance requirements for several types of absences if the student makes up all work. These include the following activities and events:

- Religious holy days;
- Required court appearances;
- Activities related to obtaining United States citizenship;
- Documented health-care appointments for the student or a child of the student, including absences for recognized services for students diagnosed with autism spectrum disorders, if the student comes to school or returns to school on the same day as the appointment. A note from the health-care provider must be submitted upon the student’s arrival or return to campus; and
- For students in the conservatorship (custody) of the state,
  - An activity required under a court-ordered service plan; or
  - Any other court-ordered activity, provided it is not practicable to schedule the student’s participation in the activity outside of school hours.

As listed in Section I at Children of Military Families, absences of up to five days will be excused for a student to visit with a parent, stepparent, or legal guardian who has been called to duty for, is on leave from, or immediately returned from certain deployments.

Secondary Grade Levels

In addition, a junior or senior student’s absence of up to two days related to visiting a college or university will be considered an exemption, provided this has been authorized by the board under policy FEA(LOCAL), the student receives approval from the campus principal, follows the campus procedures to verify such a visit, and makes up any work missed.

An absence will also be considered an exemption if a student 17 years of age or older is pursuing enlistment in a branch of the U.S. armed services or Texas National Guard, provided the absence does not exceed four days during the period the student is enrolled in high school and the student provides verification to the district of these activities.

Absences of up to two days in a school year will also be considered an exemption for:

- A student serving as an early voting clerk, provided the district’s board has authorized this in policy FEA(LOCAL), the student notifies his or her teachers, and the student receives approval from the principal prior to the absences; and
- A student serving as an election clerk, if the student makes up any work missed.

An absence of a student in grades 6–12 for the purpose of sounding “Taps” at a military honors funeral for a deceased veteran will also be excused by the district.
 Failure to Comply with Compulsory Attendance

All Grade Levels

School employees must investigate and report violations of the state compulsory attendance law. A student absent without permission from school; from any class; from required special programs, such as additional special instruction, termed “accelerated instruction” by the state; or from required tutorials will be considered in violation of the compulsory attendance law and subject to disciplinary action.

Students with Disabilities

If a student with a disability is experiencing attendance issues, the student’s ARD committee or Section 504 committee will be notified, and the committee will determine whether the attendance issues warrant an evaluation, a reevaluation, and/or modifications to the student’s individualized education program or Section 504 plan, as appropriate.

Age 19 and Older

After a student age 19 or older incurs a third unexcused absence, the district will send the student a letter as required by law explaining that the district may revoke the student’s enrollment for the remainder of the school year if the student has more than five unexcused absences in a semester. As an alternative to revoking a student’s enrollment, the district may implement a behavior improvement plan.

Between Ages 6 and 19

When a student between ages 6 and 19 incurs unexcused absences for three or more days or parts of days within a four-week period, the school will send a notice to the student’s parent, as required by law, to remind the parent that it is the parent’s duty to monitor the student’s attendance and to require the student to come to school. The notice will also inform the parent that the district will initiate truancy prevention measures and request a conference between school administrators and the parent. These measures will include a behavior improvement plan, school-based community service, or referrals to either in-school or out-of-school counseling or other social services. Any other measures considered appropriate by the district will also be initiated.

The truancy prevention facilitators for the district are located in Student Services. If you have questions about your student and the effect of his or her absences from school, please contact the facilitators at 972-494-8255 or any other campus administrator.

A court of law may also impose penalties against a student’s parent if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in court if the student is absent without excuse from school on ten or more days or parts of days within a six-month period in the same school year.

If a student ages 12 through 18 incurs unexcused absences on ten or more days or parts of days within a six-month period in the same school year, the district, in most circumstances, will refer the student to truancy court. [See policy FEA (LEGAL).]
Attendance for Credit or Final Grade (Kindergarten through Grade 12)

To receive credit or a final grade in a class, a student must attend at least 90 percent of the days the class is offered. A student who attends fewer than 90 percent of the days the class is offered will be referred to the attendance review committee to determine whether there are extenuating circumstances for the absences and how the student can regain credit or a final grade lost because of absences. [See policy FEC.]

All absences, whether excused or unexcused, must be considered in determining whether a student has attended the required percentage of days. In determining whether there were extenuating circumstances for the absences, the attendance committee will use the following guidelines:

- If makeup work is completed, absences for the reasons listed above at Exemptions to Compulsory Attendance will be considered extenuating circumstances for purposes of attendance for credit or the award of a final grade.
- A transfer or migrant student begins to accumulate absences only after he or she has enrolled in the district.
- In reaching a decision about a student’s absences, the committee will attempt to ensure that it is in the best interest of the student.
- The committee will review absences incurred based on the student’s participation in board-approved extracurricular activities. These absences will be considered by the attendance committee as extenuating circumstances in accordance with the absences allowed under FM (LOCAL) if the student made up the work missed in each class.
- The committee will consider the acceptability and authenticity of documented reasons for the student’s absences.
- The committee will consider whether the absences were for reasons over which the student or the student’s parent could exercise any control.
- The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
- The student or parent will be given an opportunity to present any information to the committee about the absences and to talk about ways to earn or regain credit or a final grade.

The student or parent may appeal the committee’s decision to the board by following policy FNG (LOCAL).

The actual number of days a student must be in attendance in order to receive credit or a final grade will depend on whether the class is for a full semester or for a full year.
Official Attendance-Taking Time (All Grade Levels)

The district must submit attendance of its students to the TEA reflecting attendance at a specific time each day.

Official attendance is taken every day during the second instructional hour. A student absent for any portion of the day, including at the official attendance-taking time, should follow the procedures below to provide documentation of the absence.

Documentation after an Absence (All Grade Levels)

When a student is absent from school, the student—upon arrival or return to school—must bring a note signed by the parent that describes the reason for the absence. A note signed by the student, even with the parent’s permission, will not be accepted unless the student is age 18 or older or is an emancipated minor under state law. A phone call from the parent may be accepted, but the district reserves the right to require a written note. Parent notes must be turned in within three days of the student’s return to school to be accepted. Parents may write six notes per semester before a doctor’s note will be required.

The campus will document in its attendance records for the student whether the absence is considered by the district to be excused or unexcused. Note: Unless the absence is for a statutorily allowed reason under compulsory attendance laws, the district is not required to excuse any absence, even if the parent provides a note explaining the absence.

Doctor’s Note after an Absence for Illness (All Grade Levels)

Upon return to school, a student absent for three or more consecutive days because of a personal illness must bring a statement from a doctor or health clinic verifying the illness or condition that caused the student’s extended absence from school. Otherwise, the student’s absence may be considered unexcused and, if so, would be considered to be in violation of compulsory attendance laws. Parents who are unable to take their student to the doctor, may bring the student to school for evaluation by the nurse or school official in order to excuse the absence.

Should the student develop a questionable pattern of absences, the principal or attendance committee may require a statement from a doctor or health clinic verifying the illness or condition that caused the student’s absence from school in order to determine whether the absence or absences will be excused or unexcused.

[See policy FEC (LOCAL).]

Driver License Attendance Verification (Secondary Grade Levels Only)

For a student between the ages of 16 and 18 to obtain a driver license, written parental permission must be provided for the Texas Department of Public Safety (DPS) to access the student’s attendance records and, in certain circumstances, for a school administrator to provide the student’s attendance information to DPS. A verification of enrollment (VOE) form may be obtained from the office, which the student will need to submit to DPS upon application for a driver license.
ACCOUNTABILITY UNDER STATE AND FEDERAL LAW (All Grade Levels)

Garland Independent School District and each of its campuses are held to certain standards of accountability under state and federal law. A key component of the accountability requirement is the dissemination and publication of certain reports and information, which include:

- The Texas Academic Performance Report (TAPR) for the district, compiled by TEA, the state agency that oversees public education, based on academic factors and ratings;
- A School Report Card (SRC) for each campus in the district compiled by TEA based on academic factors and ratings;
- The district’s financial management report, which will include the financial accountability rating assigned to the district by TEA;

Information compiled by TEA for the submission of a federal report card that is required by Federal law.

This information can be found on the district’s website at www.garlandisd.net. Hard copies of any reports are available upon request to the district’s administration office.

TEA also maintains additional accountability and accreditation information at http://www.tea.texas.gov/perfreport/ and http://www.tea.texas.gov/.

**Armed Services Vocational Aptitude Battery Test**

A student in grade 10-12 will be offered an opportunity to take the Armed Services Vocational Aptitude Battery test and consult with a military recruiter. The test shall be offered in the fall. Please contact the principal for information about this opportunity.

**AVID SYSTEM (ADVANCEMENT VIA INDIVIDUAL DETERMINATION)**

AVID is a K-16 college-readiness system designed to increase the number of students who enroll in four-year colleges. Although AVID serves all students, it focuses on the least served students in the academic middle. The formula is simple - raise expectations of students and, with the AVID support system in place, they will rise to the challenge.

All GISD secondary schools have implemented the AVID System. Each year, the district will add AVID elementary campuses with the goal of having all elementary campuses implementing the AVID system by 2020. For more information about the AVID Program contact the school or visit http://www.garlandisd.net/departments/avid/index.asp.

**AWARDS AND HONORS**

**Valedictory and Salutatory Honors**

A valedictorian and a salutatorian shall be selected from each graduating class in each high school. [Also see Class Ranking/Highest Ranking Student.]
President’s Award for Educational Excellence

These awards recognize graduating seniors who exhibit outstanding achievement. Guidelines for determining the graduating seniors who qualify are:

- a 10.0 grade-point average or its equivalent on a 4.0 scale through the first semester of the 12th grade.
- a score at or above the 80th percentile on any nationally recognized standardized test or college admission exam.
- the completion of 12 courses in English, mathematics, science, social studies, foreign languages, and computer science; however, a qualifying student does not have to have a course in each of these seven areas.

BULLYING (All Grade Levels)

Bullying is defined in Section 37.0832 of the Education Code as a single significant act or a pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct that:

- Has the effect or will have the effect of physically harming a student, damaging a student’s property, or placing a student in reasonable fear of harm to the student’s person or of damage to the student’s property;
- Is sufficiently severe, persistent, or pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student;
- Materially and substantially disrupts the educational process or the orderly operation of a classroom or school; or
- Infringes on the rights of the victim at school.

Bullying includes cyberbullying. Cyberbullying is defined by Section 37.0832 of the Education Code as bullying that is done through the use of any electronic communication device, including through the use of a cellular or other type of telephone, a computer, a camera, electronic mail, instant messaging, text messaging, a social media application, an Internet website, or any other Internet-based communication tool.

The district is required to adopt policies and procedures regarding:

1. Bullying that occurs on or is delivered to a school property or to the site of a school-sponsored or school-related activity on or off school property.
2. Bullying that occurs on a publicly or privately owned school bus or vehicle being used for transportation of students to or from school or a school-sponsored or school-related activity; and
3. Cyberbullying that occurs off school property or outside of a school-sponsored or school-related activity if the cyberbullying interferes with a student’s education opportunities or substantially disrupts the orderly operation of a classroom, school, or school-sponsored or school-related activity.

Bullying is prohibited by the district and could include hazing, threats, taunting, teasing,
confinement, assault, demands for money, destruction of property, theft of valued possessions, name-calling, rumor-spreading, or ostracism.

If a student believes that he or she has experienced bullying or has witnessed bullying of another student, it is important for the student or parent to notify a teacher, school counselor, principal, or another district employee as soon as possible to obtain assistance and intervention. The administration will investigate any allegations of bullying or other related misconduct. The district will also provide notice to the parent of the alleged victim and the parent of the student alleged to have engaged in bullying. A student may anonymously report an alleged incident of bullying by going to the district website at https://www.garlandisd.net/content/bullying.

If the results of an investigation indicate that bullying has occurred, the administration will take appropriate disciplinary action and may notify law enforcement in certain circumstances. Disciplinary or other action may be taken even if the conduct did not rise to the level of bullying. Available counseling options will be provided to these individuals, as well as to any students who have been identified as witnesses to the bullying.

Any retaliation against a student who reports an incident of bullying is prohibited.

Upon the recommendation of the administration, the board may, in response to an identified case of bullying, decide to transfer a student found to have engaged in bullying to another classroom at the campus. In consultation with the student’s parent, the student may also be transferred to another campus in the district. The parent of a student who has been determined by the district to be a victim of bullying may request that his or her child be transferred to another classroom or campus within the district. [See Safety Transfers/Assignments.]

A copy of the district’s policy is available in the principal’s office, superintendent’s office, and on the district’s website, and is included at the end of this handbook in the form of an appendix. Procedures related to reporting allegations of bullying may also be found on the district’s website.

A student or parent who is dissatisfied with the outcome of an investigation may appeal through policy FNG (LOCAL).

[See Safety Transfers/Assignments, Dating Violence, Discrimination, Harassment, and Retaliation, Hazing, policy FFI, and the district improvement plan, a copy of which can be viewed in the campus office.]

**CAREER AND TECHNICAL EDUCATION (CTE) PROGRAMS**

The district offers career and technical education programs in the following areas: Agricultural Science, Business Education, Career Orientation, Family and Consumer Sciences, Health Science Technology, Marketing Education, Trade and Industrial Education, and Technology Education. Admission to these programs is based on career interests, age appropriateness, class space available, prerequisites and aptitude for the program, and adherence to school rules and regulations. The 16 clusters of CTE offerings in Garland ISD are as follows:

- Agriculture, Food, and Natural Resources
- Architecture and Construction
- Arts, A/V Technology, and Communications
• Business Management and Administration
• Education and Training
• Finance
• Government and Public Administration
• Health Science
• Hospitality and Tourism
• Human Services
• Information Technology
• Law, Public Safety, Corrections, and Security
• Marketing
• Science, Technology, Engineering, and Mathematics
• Transportation, Distribution, and Logistics

It is the policy of the district not to discriminate on the basis of race, color, national origin, sex, or handicap in its vocational programs, services, or activities as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended. The district will take steps to assure that lack of English language skills will not be a barrier to admission and participation in all educational and vocational programs.

[See Nondiscrimination Statement for the name and contact information for the Title IX coordinator and ADA/Section 504 coordinator, who will address certain allegations of discrimination.]

CELEBRATIONS/SCHOOL PARTIES

All school celebrations/parties are considered privileges and shall be subject to the discretion of the classroom teacher and campus administration. The campus may notify parents/guardians of such events. Volunteers for school celebrations/parties shall meet the volunteer requirements. [Also see Volunteers].

Parents/guardians should inform the classroom teacher if their child should not participate in such activities.

Although a parent or grandparent is not prohibited from providing food for a school-designated function or for children in the child’s or grandchild’s classroom for his or her birthday, please be aware that children in the school may have severe allergies to certain food products. Therefore, it is imperative to discuss this with the child’s teacher prior to bringing any food in this circumstance. Occasionally, the school or a class may host certain functions or celebrations tied to the curriculum that will involve food. The school or teacher will notify students and parents of any known food allergies when soliciting potential volunteers for bringing food products. [See Food Allergies.]
CHANGE OF ADDRESS

The District shall verify, upon enrollment of a student, that either the student and/or either a parent or a legal guardian is a resident of the District. A copy of the validation document for residency shall be placed in the student’s permanent record file. The following are examples of items that may serve to validate residency within the District:

1. A current contract or lease agreement for a dwelling within the District boundaries.
2. A current utility bill (water, gas, electricity) for an address within the District boundaries.
3. A current mortgage payment document for a dwelling within the District boundaries.
4. Written or verbal verification from an on-site supervisor of managed property that a student and/or either a parent or a legal guardian resides at the complex, which is located within the District boundaries.
5. A notarized affidavit stating that a student and/or either a parent or a legal guardian resides within the District boundaries with another homeowner/lessee. The affidavit shall be accompanied by a residency validation document for the homeowner/lessee.

For guidelines governing an inter-district transfer for a student whose parent or guardian has a contract for a residence within District boundaries, see policy FDA (Local).

CHILD SEXUAL ABUSE AND OTHER MALTREATMENT OF CHILDREN

The district has established a plan for addressing child sexual abuse and other maltreatment of children, which may be accessed at http://www.garlandisd.net/departments/guidance_counseling. As a parent, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused. Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child’s mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. A person who compels or encourages a child to engage in sexual conduct commits abuse. It is illegal to make or possess child pornography or to display such material to a child. Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, for reporting the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS).

Possible physical warning signs of sexual abuse could be difficulty sitting or walking, pain in the genital areas, and claims of stomachaches and headaches. Behavioral indicators may include verbal references or pretend games of sexual activity between adults and children, fear of being alone with adults of a particular gender, or sexually suggestive behavior. Emotional warning signs to be aware of include withdrawal, depression, sleeping and eating disorders, and problems in school.

A child who has experienced sexual abuse or any other type of abuse or neglect should be encouraged to seek out a trusted adult. Be aware as a parent or other trusted adult that disclosures of sexual abuse may be more indirect than disclosures of physical abuse and neglect, and it is important to be calm and comforting if your child, or another child, confides in you. Reassure the child that he or she did the right thing by telling you.

Parents, if your child is a victim of sexual abuse or other maltreatment, the school counselor or principal will provide information regarding counseling options for you and your child.
available in your area. The Texas Department of Family and Protective Services (DFPS) also manages early intervention counseling programs. To find out what services may be available in your county, see http://www.dfps.state.tx.us/Prevention_and_Early_Intervention/Programs_Available_In_Your__County/default.asp.

Be aware that children and adolescents who have experienced dating violence may show similar physical, behavioral, and emotional warning signs. [See Dating Violence, Discrimination, Harassment, and Retaliation (All Grade Levels).]

The following websites might help you become more aware of child abuse and neglect:

- http://www.taasa.org/resourcesTexas
- https://www.texasattorneygeneral.gov/cvs/what-we-can-do-about-child-abuse-

Reports of abuse or neglect may be made to:

The CPS division of the TDFPS (1-800-252-5400 or on the web at http://www.txabusehotline.org).

**CHOICE OF SCHOOL**

GISD operates under a desegregation order known as the “Freedom of Choice” plan. This plan provides for a 30-day choice of school period during which parents may choose the school they would like their child to attend. The District does not designate school attendance zones during the 30-day Choice of School selection period. Instead, parents are given the opportunity to make a 1st, 2nd, and 3rd school choice. Denial of school choice occurs when there is overcrowding in the selected school or the enrollment would adversely affect the ethnic ratios at the school.

If you have questions about the Choice of School process contact Student Service at 972-494-8255 or visit http://www.garlandisd.net/content/choice-school.

**CLASS RANK / HIGHEST RANKING STUDENT**

**Valedictorian and Salutatorian**

A valedictorian and a salutatorian shall be selected from each graduating class in each high school. The following provisions shall govern the selection of the valedictorian and salutatorian.

All courses that earn high school credit and grade points, including those taken in middle school or elementary school, shall be used to calculate the final class ranking. The student with the
highest grade point average (GPA) shall be the valedictorian and the student with the second highest GPA shall be the salutatorian.

To be eligible for valedictory or salutatory honors, the student shall have attended the same high school for four consecutive semesters with the exception of summer school immediately prior to graduation. The student must also complete either the State Recommended Program or the Distinguished Level of Achievement under the Foundation Graduation Program, or the Distinguished Achievement under the 4x4 Graduation Program. For additional information please contact the school counselor or visit : http://www.garlandisd.net/content/grade-point-system.

Eligibility requirements for local honors shall not apply to calculation of the top ten percent for purposes of automatic admission. [See EIC (LEGAL)]

A student’s GPA shall be calculated at the end of the fifth grading period of the student’s senior year to determine class ranking for local honors purposes and for the graduation ceremony.

**Early Graduates and Transfer Students**

Early graduates and transfer students shall be included in the class ranking. A student’s class ranking shall be determined within the graduating class of the school year in which the student completes all requirements for a diploma, regardless of the number of years the student is enrolled in high school. For ranking purposes, a school year begins on the first day of school and ends on the last day of summer school.

A student who transfers into a District high school with higher-level course credits, such as International Baccalaureate (IB), International Honors (IntH), Advanced Placement (AP), Pre-AP/Honors, or dual credit, shall receive similar credits counted toward his or her GPA, in accordance with the list of higher-level courses offered to other students in the same graduating class at that District high school and the grade point scale used for credit earned in the District.

The IntH and IB grade point scale shall be used only for the IB courses at Garland High School. If a student transfers from Garland High School to another District school, the IntH and/or IB grade points shall not be transferred; they will, however, be converted to honors grade points and transferred accordingly.

**Grade Point Table**

Students in grades 7 and 8 who take high school courses shall be awarded grade points for those courses. The list of designated courses that earn grade points for class rank as set out below may be found on the District’s Web site in the High School Course Guide at http://www.garlandisd.net/courseguide. [See also the links to the grade point system and the required and elective course descriptions] Not all high school courses earn grade points. The following grade point table indicates the grade point system used for all high school courses:

**Grade Point Average**

The total grade points shall be divided by three, and the resulting number shall be divided by the total number of semester courses attempted that receive grade points. These calculations are designed to reflect differences in grouping levels and to determine student grade point averages.

**Procedures for Ties in Grade Point Average**

The following steps shall be taken in the case of a tie for valedictorian, salutatorian, or for a position in the top ten percent of the graduating class:

Step 1: For students who are tied, the District will calculate the GPAs to six decimal places.

Step 2: In case of a tie in Step 1, the District will determine which student has the higher/highest GPA for the last term for which the student received grade points. If a tie still exists, the District will continue to evaluate each previous term’s GPA until the tie is broken.

[For further information, see policy EIC.]

**CLASS SCHEDULES**

All students are expected to attend school for the entire school day and maintain a class/course schedule to fulfill each period of the day. Exceptions may be made occasionally by the campus principal for students in grades 9–12 who meet specific criteria and receive parental consent to enroll in less than a full-day’s schedule.

[See Schedule Changes for information related to student requests to revise their course schedule.]

**CLINIC**

The clinic is equipped to provide basic first aid. Certain over the counter products are stocked in the clinic for treatment. These products include calamine lotion, camphophenique, petroleum jelly, mentholatum, and saline eye wash. If you do not wish your child to be treated with these products, please inform the school nurse. A permit from the classroom is required for admittance to the clinic for routine health needs.

Should it become necessary for a student to be excluded from school due to a health condition,
the school nurse shall notify the student’s parent/guardian. It is therefore essential the school be kept advised of how to contact a parent/guardian at all times.

**COLLEGE AND UNIVERSITY ADMISSIONS and Financial Aid**
(Secondary Grade Levels Only)

For two school years following his or her graduation, a district student who graduates in the top ten percent and, in some cases, the top 25 percent, of his or her class is eligible for automatic admission into four-year public universities and colleges in Texas if the student:

- Completes the distinguished level of achievement under the foundation graduation program (a student must graduate with at least one endorsement and must have taken Algebra II as one of the four required math courses); or
- Satisfies the ACT College Readiness Benchmarks or earns at least a 1500 out of 2400 on the SAT.

In addition, the student must submit a completed application for admission in accordance with the deadline established by the college or university. The student is ultimately responsible for ensuring that he or she meets the admission requirements of the university or college to which the student submits an application.

The University of Texas at Austin may limit the number of students automatically admitted to 75 percent of the University’s enrollment capacity for incoming resident freshmen. For students who are eligible to enroll in the University during the summer or fall 2019 term, the University will admit the top six percent of the high school’s graduating class who meet the above requirements. Additional applicants will be considered by the University through a holistic review process.

Should a college or university adopt an admissions policy that automatically accepts the top 25 percent of a graduating class, the provisions above will also apply to a student ranked in the top 25 percent of his or her class.

Upon enrolling in their first course that is eligible for high school credit, the district will provide written notice concerning automatic college admission, the curriculum requirements for financial aid, and the benefits of completing the requirements for the automatic admission and financial aid.

Students and parents should contact the school counselor for further information about automatic admissions, the application process, and deadlines.

[See Class Rank/Highest Ranking Student for information specifically related to how the district calculates a student’s rank in class and Graduation Requirements for information associated with the foundation graduation program].

[See students in the Conservatorship of the State (Foster Care) on page 23 for information on assistance in transitioning to higher education for students in foster care.]

**COLLEGE CREDIT COURSES**

Students in grades 9–12 have opportunities to earn college credit through the following methods:
• Certain courses taught at the high school campus, which may include courses termed dual credit, Advanced Placement (AP), International Baccalaureate (IB), or college preparatory;

• Enrollment in an AP or dual credit course through the Texas Virtual School Network (TXVSN);

• Enrollment in courses taught in conjunction and in partnership with Eastfield or Richland College, which may be offered on or off campus;

• Enrollment in courses offered at other colleges or universities;

• Certain Career and Technical Education (CTE) courses. For additional information regarding CTE college credit options please contact the school’s CTE counselor or visit http://www.garlandisd.net/content/cte-college-credit-opportunities

All of these methods have eligibility requirements and must be approved prior to enrollment in the course. Please see the school counselor for more information. Depending on the student’s grade level and the course, a state-mandated end-of-course assessment may be required for graduation.

It is important to keep in mind that not all colleges and universities accept credit earned in all dual credit or AP courses taken in high school for college credit. Students and parents should check with the prospective college or university to determine if a particular course will count toward the student’s desired degree plan.

Communications – Automated

Emergency

The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real-time or automated messages. An emergency purpose may include early dismissal or delayed opening because of severe weather or another emergency, or if the campus must restrict access due to a security threat. It is crucial to notify your child’s school when a phone number previously provided to the district has changed. You may also update your contact information electronically via your Skyward Parent Portal.

Nonemergency

Your child’s school will request that you provide contact information, such as your phone number and e-mail address, in order for the school to communicate items specific to your child, your child’s school, or the district. If you consent to receive such information through a landline or wireless phone, please ensure that you notify the school’s administration off immediately upon a change in your phone number. The district or school may generate automated or pre-recorded messages, text messages, or real-time phone or e-mail communications that are closely related to the school’s mission, so prompt notification of any change in contact information will be crucial to maintain timely communication with you. Standard messaging rates of your phone carrier may apply. If you have specific requests or needs related to how the district contacts you, please contact your child’s principal. [See Safety for information regarding contact with parents during an emergency situation.]
COMPLAINTS AND CONCERNS

Usually student or parent complaints or concerns can be addressed informally by a phone call or a conference with the teacher or principal. For those complaints and concerns that cannot be handled so easily, the board has adopted a standard complaint policy at FNG (Local) in the district’s policy manual. A copy of this policy may be obtained in the principal’s or superintendent’s office or on the district’s website at https://pol.tasb.org/Policy/Code/364?filter=FNG.

Should a parent or student feel a need to file a formal complaint, the parent or student should file a district complaint form within the timelines established in policy FN (Local). In general, the student or parent should submit the written complaint form to the campus principal. If the concern is not resolved, a request for a conference should be sent to the superintendent. If still unresolved, the district provides for the complaint to be presented to the board of trustees. More information can be located on the internet at http://www.garlandisd.net/content/complaints-concerns, or you may call Student Services at 972-494-8255.

CONDUCT

Applicability of School Rules

As required by law, the board has adopted a Student Code of Conduct that prohibits certain behaviors and defines standards of acceptable behavior—both on and off campus as well as on district vehicles—and consequences for violation of these standards. The district has disciplinary authority over a student in accordance with the Student Code of Conduct. Students and parents should be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules. During any periods of instruction during the summer months, the Student Handbook and Student Code of Conduct in place for the year immediately preceding the summer period shall apply, unless the district amends either or both documents for the purposes of summer instruction.

Disruptions of School Operations

Disruptions of school operations are not tolerated and may constitute a misdemeanor offense. As identified by law, disruptions include the following:

- Interference with the movement of people at an exit, entrance, or hallway of a district building without authorization from an administrator.
- Interference with an authorized activity by seizing control of all or part of a building.
- Use of force, violence, or threats in an attempt to prevent participation in an authorized assembly.
- Use of force, violence, or threats to cause disruption during an assembly.
- Interference with the movement of people at an exit or an entrance to district property.
- Use of force, violence, or threats in an attempt to prevent people from entering or
leaving district property without authorization from an administrator.

- Disruption of classes or other school activities while on district property or on public property that is within 500 feet of district property. Class disruption includes making loud noises; trying to entice a student away from, or to prevent a student from attending, a required class or activity; and entering a classroom without authorization and disrupting the activity with loud or profane language or any misconduct.

- Interference with the transportation of students in vehicles owned or operated by the district.

Social Events

School rules apply to all school social events. Guests attending these events are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of his or her guest.

A student attending a social event will be asked to sign out when leaving before the end of the event; anyone leaving before the official end of the event will not be readmitted.

Please contact the campus principal if you are interested in serving as a chaperone for any school social events.

CONFERENCES

Conferences are regularly scheduled with parents/guardians in the fall and spring semesters. In addition, parents/guardians may request conferences with the classroom teacher(s) as needed. Conferences should be scheduled outside of the teacher’s instructional time.

COUNSELING

The school counselor works with school faculty, staff, students, parents, and the community to provide developmental assistance to all students. Services are delivered through the following program components: guidance curriculum, responsive services, individual planning system, and a system support. For a list of counseling programs, please contact the school or the district’s Guidance and Counseling Department.

Academic Counseling

Elementary and Middle/Junior High School Grade Levels

The School counselor is available to students and parents to talk about the importance of postsecondary education and how best to plan for postsecondary education, including appropriate courses to consider and financial aid availability and requirements.

In either grade 7 or 8, each student will receive instruction related to how the student can best prepare for high school, college, and a career.

High School Grade Levels

High school students and their parents are encouraged to talk with a school counselor, teacher, or
principal to learn more about course offerings, graduation requirements, and early graduation procedures. Each year, high school students will be provided information on anticipated course offerings for the next school year and other information that will help them make the most of academic and CTE opportunities, as well as information on the importance of postsecondary education.

The school counselor can also provide information about college entrance exams and application deadlines, as well as information about automatic admission, financial aid, housing, and scholarships as these relate to state colleges and universities. The school counselor can also provide information about workforce opportunities after graduation or technical and trade school opportunities, including opportunities to earn industry-recognized certificates and licenses.

**Personal Counseling**

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional or mental health issues, or substance abuse. As a parent, if you are concerned about your child’s mental or emotional health, please contact the school counselor for a list of resources that may be of assistance. Students may request to meet with a counselor as needed.

[See Substance Abuse Prevention and Intervention, Suicide Awareness, Mental Health Support, and Child Sexual Abuse and other Maltreatment of Children and Dating Violence.]

**COURSE CREDIT (Secondary Grade Levels Only)**

A student in grades 9–12, or in a lower grade when a student is enrolled in a high school credit-bearing course, will earn credit for a course only if the final grade is 70 or above. For a two-semester (1 credit) course, the student’s grades from both semesters will be averaged and credit will be awarded if the combined average is 70 or above. Should the student’s combined average be less than 70, the student will be required to retake the semester in which he or she failed.

**CREDIT BY EXAM—If a Student Has Taken the Course/Subject (All Grade Levels)**

A student who has previously taken a course or subject—but did not receive credit or a final grade for it—may, in circumstances determined by the principal or attendance committee, be permitted to earn credit by passing an examination approved by the district’s board of trustees on the essential knowledge and skills defined for that course or subject. Prior instruction may include, for example, incomplete coursework due to a failed course or excessive absences, homeschooling, or coursework by a student transferring from a non-accredited school. The opportunity to take an examination to earn credit for a course or to be awarded a final grade in a subject after the student has had prior instruction is sometimes referred to as “credit recovery.”

If the student is granted approval to take an examination for this purpose, the student must score at least 70 on the exam to receive credit for the course or subject.

The attendance review committee may also offer a student with excessive absences an
opportunity to earn credit for a course by passing an examination.

[For further information, see the school counselor and policy EHDB (LOCAL).]

**CREDIT BY EXAM FOR ADVANCEMENT/ACCELERATION—If a Student Has Not Taken the Course/Subject**

A student will be permitted to take an examination to earn credit for an academic course or subject area for which the student has had no prior instruction, i.e., for advancement or to accelerate to the next grade level. The examinations offered by the district are approved by the district’s board of trustees, and state law requires the use of certain examinations, such as College Board Advanced Placement (AP) and College Level Examination Program (CLEP) tests, when applicable. The dates on which exams are scheduled during the school year will be published in appropriate district publications and on the district’s website. The only exceptions to the published dates will be for any examinations administered by another entity besides the district or if a request is made outside of these time frames by a student experiencing homelessness or by a student involved in the foster care system. When another entity administers an examination, a student and the district must comply with the testing schedule of the other entity. During each testing window provided by the district, a student may attempt a specific examination only once.

If a student plans to take an exam, the student (or parent) must register with the school counselor no later than 30 days prior to the scheduled testing date. [For further information, see policy EHDC.]

**Students in Grades 1–5**

A student in elementary school will be eligible to accelerate to the next grade level if the student scores at least 80 on each examination in the subject areas of language arts, mathematics, science, and social studies, a district administrator recommends that the student be accelerated, and the student’s parent gives written approval of the grade advancement.

**Students in Grades 6–12**

A student in grade 6 or above will earn course credit with a passing score of at least 80 on the exam, a scaled score of 50 or higher on an examination administered through the CLEP, or a score of 3 or higher on an AP exam, as applicable. A student may take an examination to earn high school course credit no more than twice. If a student fails to achieve the designated score on the applicable examination before the beginning of the school year in which the student would need to enroll in the course according to the school’s high school course sequence, the student must complete the course.

**DATING VIOLENCE, DISCRIMINATION, HARASSMENT, AND RETALIATION**

The district believes that all students learn best in an environment free from dating violence, discrimination, harassment, and retaliation and that their welfare is best served when they are free from this prohibited conduct while attending school. Students are expected to treat other students and district employees with courtesy and respect, to avoid behaviors known to be
The board has established policies and procedures to prohibit and promptly respond to inappropriate and offensive behaviors that are based on a person’s race, color, religion, gender, national origin, disability, or any other basis prohibited by law. A copy of the district’s policy is available in the principal’s office and in the superintendent’s office or on the district’s website at www.garlandisd.net. [See policy FFH.]

**Dating Violence**

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship. Dating violence also occurs when a person commits these acts against a person in a marriage or dating relationship with the individual who is or was once in a marriage or dating relationship with the person committing the offense. This type of conduct is considered harassment if the conduct is so severe, persistent, or pervasive that it affects the student’s ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student’s academic performance.

Examples of dating violence against a student may include, but are not limited to, physical or sexual assaults; name-calling; put-downs; threats to hurt the student, the student’s family members, or members of the student’s household; destroying property belonging to the student; threats to commit suicide or homicide if the student ends the relationship; threats to harm a student’s current dating partner; attempts to isolate the student from friends and family; stalking; or encouraging others to engage in these behaviors.

**Discrimination**

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, gender, national origin, disability, or any other basis prohibited by law, that negatively affects the student.

**Harassment**

Harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects the student’s ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student’s academic performance.

Examples of harassment may include, but are not limited to, offensive or derogatory language directed at a person’s religious beliefs or practices, accent, skin color, or need for accommodation; threatening, intimidating, or humiliating conduct; offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

In addition to dating violence as described above, two other types of prohibited harassment are described below.
Sexual Harassment and Gender-Based Harassment

Sexual harassment and gender-based harassment of a student by an employee, volunteer, or another student are prohibited.

Examples of sexual harassment may include, but not be limited to, touching private body parts or coercing physical contact that is sexual in nature; sexual advances; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact not reasonably construed as sexual in nature, such as comforting a child with a hug or taking the child’s hand. However, romantic and other inappropriate social relationships, as well as all sexual relationships, between students and district employees are prohibited, even if consensual.

Gender-based harassment includes harassment based on a student’s gender, expression by the student of stereotypical characteristics associated with the student’s gender, or the student’s failure to conform to stereotypical behavior related to gender.

Examples of gender-based harassment directed against a student, regardless of the student’s or the harasser’s actual or perceived sexual orientation or gender identity, may include, but not be limited to, offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.

Retaliation

Retaliation against a person who makes a good faith report of discrimination or harassment, including dating violence, is prohibited. Retaliation against a person who is participating in an investigation of alleged discrimination or harassment is also prohibited. A person who makes a false claim or offers false statements or refuses to cooperate with a district investigation, however, may be subject to appropriate discipline.

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

Reporting Procedures

Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, school counselor, principal, or other district employee. The report may be made by the student’s parent. See policy FFH (LOCAL) for other appropriate district officials to whom to make a report.

Upon receiving a report of prohibited conduct as defined by policy FFH, the district will determine whether the allegations, if proven, would constitute prohibited conduct as defined by that policy. If not, the district will refer to policy FFI to determine if the allegations, if proven, would constitute bullying, as defined by law and that policy. If the alleged prohibited conduct, if proven, would constitute prohibited conduct and would also be considered bullying as defined by law and policy FFI, an investigation of bullying will also be conducted.
The district will promptly notify the parents of any student alleged to have experienced prohibited conduct involving an adult associated with the district. In the event alleged prohibited conduct involves another student, the district will notify the parents of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy FFH.

Investigation of Report

To the extent possible, the district will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law. Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated.

If a law enforcement or other regulatory agency notifies the district that it is investigating the matter and requests that the district delay its investigation, the district will resume the investigation at the conclusion of the agency’s investigation.

During the course of an investigation and when appropriate, the district will take interim action to address the alleged prohibited conduct.

If the district’s investigation indicates that prohibited conduct occurred, appropriate disciplinary action, and, in some cases, corrective action, will be taken to address the conduct. The district may take disciplinary and corrective action even if the conduct that is the subject of the complaint was not unlawful.

All involved parties will be notified of the outcome of the district investigation within the parameters and limits allowed under the Family Educational Rights and Privacy Act (FERPA).

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG (LOCAL).

DISCRIMINATION

DISTANCE LEARNING

All Grade Levels

Distance learning and correspondence courses include courses that encompass the state-required essential knowledge and skills but are taught through multiple technologies and alternative methodologies such as mail, satellite, Internet, video-conferencing, and instructional television.

Texas Virtual School Network (TXVSN) (Secondary Grade Levels)

The Texas Virtual School Network (TXVSN) has been established as one method of distance learning. A student has the option, with certain limitations, to enroll in a course offered through the TXVSN to earn course credit for graduation.

Depending on the TXVSN course in which a student enrolls, the course may be subject to the “no pass, no play” rules. [See Extracurricular Activities, Clubs, and Organizations.]
addition, for a student who enrolls in a TXVSN course for which an end-of-course (EOC) assessment is required, the student must still take the corresponding EOC assessment.

If you have questions or wish to make a request that your child be enrolled in a TXVSN course, please contact the school counselor. Unless an exception is made by the campus principal, a student will not be allowed to enroll in a TXVSN course if the school offers the same or a similar course.

A copy of policy EHDE will be distributed to parents of middle and high school students at least once each year. If you do not receive a copy or have questions about this policy, please contact the school counselor. If a student wishes to enroll in a correspondence course or a distance learning course that is not provided through the TXVSN in order to earn credit in a course or subject, the student must receive permission from the principal prior to enrolling in the course or subject. If the student does not receive prior approval, the district may not recognize and apply the course or subject toward graduation requirements or subject mastery.

**DISTRIBUTION OF LITERATURE, PUBLISHED MATERIALS, OR OTHER DOCUMENTS (All Grade Levels)**

**School Materials**

Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may include school newspaper, posters, brochures, flyers, yearbooks, etc.

All school publications are under the supervision of a teacher, sponsor, and the principal.

**Non-school Materials**

**From Students**

Students must obtain prior approval from the school principal before selling, posting, circulating, or distributing more than ten copies of written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any non-school material must include the name of the sponsoring person or organization. The decision regarding approval will be made within two school days.

The school principal shall designate a location for approved non-school materials to be placed for voluntary viewing or collection by students. [See policy FNAA.]

A student may appeal a decision in accordance with policy FNG (LOCAL). Any student who sells, posts, circulates, or distributes non-school material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without approval will be removed.

**From Others**

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not sponsored by the district or by a district-affiliated school-support organization will not be sold, circulated, distributed, or posted on any district premises by any
district employee or by persons or groups not associated with the district, except as permitted by policy GKDA. To be considered for distribution, any non-school material must meet the limitations on content established in the policy, include the name of the sponsoring person or organization, and be submitted to the school principal or designee for prior review. The school principal or designee will approve or reject the materials within two school days of the time the materials are received. The requestor may appeal a rejection in accordance with the appropriate district complaint policy. [See policies at DGBA or GF.]

The campus principal shall designate a location for approved non-school materials to be placed for voluntary viewing or collection.

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours.
- Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD (LOCAL) or a non-curriculum-related student group meeting held in accordance with FNAB (LOCAL).
- Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law.

All non-school materials distributed under these circumstances must be removed from district property immediately following the event at which the materials are distributed.

**DRESS CODE AND GROOMING**

The GISD Student Dress Code is intended to: (1) teach students grooming and hygiene; (2) create and maintain a respectful and positive learning environment; (3) prevent the disruption, interference with, or detraction from the educational environment and school activities; and (4) minimize health and safety hazards.

**Note:** This dress code provides guidance regarding common situations but cannot cover every style of dress and specific situations that may arise. The District reserves the right to prohibit any clothing or grooming style that the administration determines to be reasonably expected to pose a health or safety hazard or to cause disruption of, distraction from, or interference with general school operations. In addition, certain classes, courses or extracurricular programs may have additional requirements or guidelines for students participating in those programs.

Students and parents may determine a student’s personal dress and grooming standards, provided that they comply with the following:

- Garments must allow for participation in all regular school activities while maintaining dignity and modesty.
- Apparel that advertises or depicts alcohol, drugs, nudity, tobacco products, any other substance prohibited under FNCF (Legal), violent or criminal themes, gang membership, obscene language and/or obscene graphics, will not be permitted. Any disruptive or distracting mode of clothing or appearance that adversely impacts the educational process is not acceptable. Extremes in modes of dress, such as see through clothing, exposed midriffs, or clothing normally considered as undergarments are not acceptable.
- All articles of clothing must be worn as they are designed to be worn.
- Undergarments should not be visible.
- Shorts that are of modest length, loose fitting, and hemmed may be worn by students.
- Dresses and skirts should be of modest length and fit.
- Extremely sloppy, badly torn, or inappropriately torn/slit/ripped clothing is prohibited.
- Shoes must be worn. Taps, metal plates, cleats, or wheels on shoes will not be permitted.
- Students may not wear house shoes, pajamas tops or bottoms, boxers, or other sleepwear as outerwear.
- Hair, including facial hair, must be clean, groomed, and by the nature of the style does not intend to create a distraction.
- Inappropriate hair designs/insignias are prohibited.
- Hair color that is disruptive or distractive to the school environment is prohibited. Hair must either be a natural color or naturally tinted or colored in a blended and balanced manner.
- Hair must be kept out of the eyes and must not be a distraction.
- Students may not wear hair curlers, rollers, hair picks, combs, or brushes in their hair.
- Hats, caps, bandanas, sweat bands, hoods, visors, or other nonreligious head coverings should not be worn in the school building.
- Earrings are limited to the ears for all students. Earrings include clip earrings, pierced earrings or studs, or any item used as a post in a pierced ear.
- Boys in grades K-8 may not wear earrings of any kind.
- Facial and body piercing of any kind is prohibited.
- Jewelry that causes a distraction or that could be dangerous to the student or other individuals are prohibited (i.e. spiked/studded jewelry, chokers, dog collars, necklaces made out of safety pins or chain links, etc.)
- All inappropriate or distractive tattoos must be covered at all times while in the school building or at school-related activities, or school-sponsored events. Non-distractive tattoos may also be required to be covered (campus administrator discretion).
- Sponsors of extracurricular activities may set individual dress and appearance standards with the approval of campus administration.
- All high school students must have their student ID visible at all times.

**Dress Code Violations**

If the campus administration determines that a student’s grooming or clothing violates the school’s dress code, the student will be given an opportunity to correct the problem at school. Repeated offenses may result in disciplinary action in accordance with the Student Code of
Standardized Dress Policy

A standardized dress code is in effect in many of our elementary and middle schools. For a list of participating standardized dress schools, please visit http://www.garlandisd.net/content/standardized-dress-code

Students attending these schools are expected to comply with the code of dress and should arrive at school dressed appropriately for the school day. If students do not abide by the dress code, the student may be subject to disciplinary consequences.

The guidelines for schools that have adopted the standardized policy are as follows:

- Red, navy or white polo-style shirts (short or long sleeve, no logos)
- Red, navy or white sweaters or sweatshirts
- Navy or khaki slacks or shorts of a modest length (approximately 2 inches above the knee or longer)
- Girls may also choose navy, khaki or plaid skirts, skorts, capris, or jumpers of a modest length (approximately 2 inches above the knee or longer; plaids should be a red/blue combination)

Note: Each school has the option to choose specific days when alternative clothing may be worn. (Examples: School Spirit Day, College Day, Career Day, Free-Dress Day, etc.)

For additional dress code information, please contact the school or visit http://www.garlandisd.net/content/standardized-dress-code

ELECTRONIC DEVICES AND TECHNOLOGY RESOURCES

Possession and Use of Personal Telecommunications Devices, Including Cellular Telephones

For safety purposes, the district permits students to possess personal cellular telephones; however, these devices must remain turned off during the instructional day, including during all testing, unless they are being used for approved instructional purposes. A student must have approval to possess other telecommunications devices such as netbooks, laptops, tablets, or other portable computers. The possession and use of such devices must comply with the District’s BYOD guidelines.

The use of cellular telephones or any device capable of capturing images is strictly prohibited in locker rooms or restroom areas while at school or at a school-related or school-sponsored event.

If a student uses a telecommunications device without authorization during the school day, the device will be confiscated and turned in to a campus administrator. The return of the device and confiscation fees shall be applied in accordance with the Student Code of Conduct.

Confiscated telecommunications devices that are not retrieved by the student or the student’s parents will be disposed of after the notice required by law. [See policy FNCE.]

In limited circumstances and in accordance with law, a student’s personal telecommunications
Possession and Use of Other Personal Electronic Devices

Except as described below, students are not permitted to possess or use personal electronic devices such as MP3 players, video or audio recorders, DVD players, cameras, games, e-readers, or other electronic devices at school, unless prior permission has been obtained. Without such permission, teachers will collect the items and turn them in to the principal’s office. The principal will determine whether to return items to students at the end of the day or to contact parents to pick up the items. Confiscation fees shall be applied in accordance with the Student Code of Conduct.

In limited circumstances and in accordance with law, a student’s personal electronic device may be searched by authorized personnel. [See Searches and board policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for any damaged, lost, or stolen electronic device.

Instructional Use of Personal Telecommunications and Other Electronic Devices

In some cases, students may find it beneficial or might be encouraged to use personal telecommunications or other personal electronic devices for instructional purposes while on campus. Students must obtain prior approval before using personal telecommunications or other personal electronic devices for instructional use. Students must also sign a user agreement that contains applicable rules for use (separate from this handbook). When students are not using the devices for approved instructional purposes, all devices must be turned off during the instructional day. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action in accordance with the Student Code of Conduct.

Acceptable Use of District Technology Resources

District-owned technology resources for instructional purposes may be issued to individual students. Use of these technological resources, which include the district’s network systems and use of district equipment, is restricted for approved purposes only. Students and parents will be asked to sign a user agreement (separate from this handbook) regarding use of these district resources. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

Unacceptable and Inappropriate Use of Technology Resources

Students are prohibited from possessing, sending, forwarding, posting, accessing, or displaying electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another’s reputation, or illegal. This prohibition also applies to conduct off school property, whether the equipment used to send such messages is district-owned or personally owned, if it results in a substantial disruption to the educational environment.
Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content, commonly referred to as “sexting,” will be disciplined according to the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and, in certain circumstances, may be reported to law enforcement. Because engaging in this type of behavior can lead to bullying or harassment, as well as possibly impede future endeavors of a student, we encourage you to review with your child http://beforeyoutext.com, a state-developed program that addresses the consequences of engaging in inappropriate behavior using technology.

In addition, any student who engages in conduct that results in a breach of the district’s computer security will be disciplined in accordance with the Student Code of Conduct, and, in some cases, the consequence may rise to the level of expulsion.

END-OF-COURSE (EOC) ASSESSMENTS

[See Graduation and Standardized Testing]

ENGLISH LANGUAGE LEARNERS (All Grade Levels)

A student who is an English language learner is entitled to receive specialized services from the district. To determine whether the student qualifies for services, a Language Proficiency Assessment Committee (LPAC) will be formed, which will consist of both district personnel and at least one parent representative. The student’s parent must consent to any services recommended by the LPAC for an English language learner. However, pending the receipt of parental consent or denial of services, an eligible student will receive the services to which the student is entitled and eligible.

In order to determine a student’s level of proficiency in English, the LPAC will use information from a variety of assessments. If the student qualifies for services, and once a level of proficiency has been established, the LPAC will then designate instructional accommodations or additional special programs that the student will require to eventually become proficient at grade level work in English. Ongoing assessments will be conducted to determine a student’s continued eligibility for the program.

The LPAC will also determine whether certain accommodations are necessary for any state-mandated assessments. The STAAR Spanish, as mentioned under the Standardized Testing section, may be administered to an English language learner, for a student up to grade 5. In limited circumstances, a student’s LPAC may exempt the student from an otherwise required state-mandated assessment or may waive certain graduation requirements related to the English I end-of-course (EOC) assessment. The Texas English language Proficiency Assessment System (TELPAS) will also be administered to English language learners who qualify for services.

If a student is considered an English language learner and receives special education services because of a qualifying disability, the student’s ARD committee will make instructional and assessment decisions in conjunction with the LPAC.
EXTRACURRICULAR ACTIVITIES, CLUBS, AND ORGANIZATIONS (All Grade Levels)

Participation in school-sponsored activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students; participation, however, is a privilege, not a right.

Participation in some of these activities may result in events that occur off-campus. When the district arranges transportation for these events, students are required to use the transportation provided by the district to and from the events. Exceptions to this may only be made with the approval of the activity’s coach or sponsor. [See Transportation.]

Eligibility for initial and continuing participation in many of these activities is governed by state law and the rules of the University Interscholastic League (UIL)—a statewide association overseeing inter-district competition. If a student is involved in an academic, athletic, or music activity governed by UIL, the student and parent are expected to know and follow all rules of the UIL organization. Students involved in UIL athletic activities and their parents can access the UIL Parent Information Manual at https://www.uiltexas.org/athletics/manuals; a hard copy can be provided by the coach or sponsor of the activity on request. To report a complaint of alleged noncompliance with required safety training or an alleged violation of safety rules required by law and the UIL, please contact the curriculum division of the Texas Education Agency at (512) 463-9581 or curriculum@tea.state.tx.us.

[See http://www.uiltexas.org for additional information on all UIL-governed activities.]

Student safety in extracurricular activities is a priority of the district. The equipment used in football is no exception. As a parent, you are entitled to review the district’s records regarding the age of each football helmet used by the campus, including when a helmet has been reconditioned.

In addition, the following provisions apply to all extracurricular activities:

- A student who receives at the end of a grading period a grade below 70 in any academic class—other than an Advanced Placement or International Baccalaureate course; or an honors or dual credit course in English language arts, mathematics, science, social studies, economics, or language other than English—may not participate in extracurricular activities for at least three school weeks. For a complete list of exempt courses contact the school or visit http://www.garlandisd.net/calendars/tea-uil

- A student who receives special education services and who fails to meet the standards in the individualized education program (IEP) may not participate for at least three school weeks.

- An ineligible student may practice or rehearse but may not participate in any competitive activity.

- A student is allowed in a school year up to ten absences not related to post-district competition, a maximum of five absences for post-district competition prior to state, and a maximum of two absences for state competition. All extracurricular activities and public performances, whether UIL activities or other activities approved by the board, are subject to these restrictions.

55
• An absence for participation in an activity that has not been approved will receive an unexcused absence.

Standards of Behavior

Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by board policy will apply in addition to any consequences specified by the organization’s standards of behavior.

Offices and Elections

Certain clubs, organizations, and performing groups will hold elections for student officers. Please contact the school for a list of these groups. The selection process for choosing members shall be specified in the constitution of each group organization.

FEES (All Grade Levels)

Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. A student, however, is expected to provide his or her own pencils, paper, erasers, and notebooks and may be required to pay certain other fees or deposits, including:

• Costs for materials for a class project that the student will keep.
• Membership dues in voluntary clubs or student organizations and admission fees to extracurricular activities.
• Security deposits.
• Personal physical education and athletic equipment and apparel.
• Voluntarily purchased pictures, publications, class rings, yearbooks, graduation announcements, etc.
• Voluntarily purchased student accident insurance.
• Musical instrument rental and uniform maintenance, when uniforms are provided by the district.
• Personal apparel used in extracurricular activities that becomes the property of the student.
• Parking fees and student identification cards.
• Fees for lost, damaged, or overdue library books.
• Fees for optional courses offered for credit that require use of facilities not available on district premises.
• Summer school for courses that are offered tuition-free during the regular school year.
• A fee not to exceed $50 for costs of providing an educational program outside of regular school hours for a student who has lost credit or has not been awarded a final grade because of absences and whose parent chooses the program in order for the student to meet the 90 percent attendance requirement. The fee will be charged only if the parent or guardian signs a district-provided request form.

• In some cases, a fee for a course taken through the Texas Virtual School Network (TXVSN).

Any required fee or deposit may be waived if the student and parent/guardian are unable to pay. The student and parent/guardian must present evidence of their inability to pay to the campus administrators who shall determine eligibility for a fee waiver. [For further information, see policy FP.]

FIELD TRIPS (All Grade Levels)

Field trips provide tangible experiences that supplement and enrich classroom instruction. All field trips must be justifiable on the basis of the contribution to the educational process. Each trip is subject to the approval of the principal and the Superintendent or designee. A release of liability statement must be signed by the parent/guardian before the student is eligible to participate.

FUND-RAISING (All Grade Levels)

Student groups or classes and/or parent groups may be permitted to conduct fundraising drives for approved school purposes in accordance with administrative regulations. [For further information, see board policies at FJ and GE.]

GANG-FREE ZONES

Certain criminal offenses, including those involving organized criminal activity such as gang-related crimes, will be enhanced to the next highest category of offense if they are committed in a gang-free zone. For purposes of the district, a gang-free zone includes a school bus and a location in, on, or within 1,000 feet of any district-owned or leased property or campus playground.

GRADING GUIDELINES

Grading guidelines for each grade level or course will be communicated and distributed to students and their parents by the classroom teacher. These guidelines have been reviewed by each applicable curriculum department and have been approved by the campus principal. These guidelines establish the minimum number of assignments, projects, and examinations required for each grading period. In addition, these guidelines establish how the student’s mastery of concepts and achievement will be communicated (i.e., letter grades, numerical averages, checklist of required skills, etc.). Grading guidelines also outline in what circumstances a student will be allowed to redo an assignment or retake an examination for which the student originally made a failing grade. Procedures for a student to follow after an absence will also be addressed.

Online Grade Book

GISD utilizes an online grade book system within the Skyward Student Information Management System. Parents and guardians create their own account to access student information. To create an account, access the district website at www.garlandisd.net.

Also see Report Cards/Progress Reports and Conferences for additional information on grading guidelines.

GRADUATION

Requirements for a Diploma Beginning with the 2014–15 School Year

Beginning with students who enter grade 9 in the 2014–15 school year, a student must meet the following requirements to receive a high school diploma from the district:

- Complete the required number of credits established by the state and any additional credits required by the district;
- Complete any locally required courses in addition to the courses mandated by the state;
- Achieve passing scores on certain end-of-course (EOC) assessments or approved substitute assessments, unless specifically waived as permitted by state law; and
- Demonstrate proficiency, as determined by the district, in the specific communication skills required by the State Board of Education.

Testing Requirements for Graduation

Students are required, with limited exceptions and regardless of graduation program, to perform satisfactorily on the following EOC assessments: English I, English II, Algebra I, Biology, and United States History. A student who has not achieved sufficient scores on the EOC assessments to graduate will have opportunities to retake the assessments. State law and state rules also provide for certain scores on norm-referenced national standardized assessments or on the state-developed assessment used for entrance into Texas public universities to substitute for the requirement to meet satisfactory performance on an applicable EOC assessment should a student choose this option. [See the school counselor for more information on the state testing requirements for graduation.]
If a student fails to perform satisfactorily on an EOC assessment, the district will provide remediation to the student in the content area for which the performance standard was not met. This may require participation of the student before or after normal school hours or at times of the year outside normal school operations.

In limited circumstances, a student who fails to demonstrate proficiency on two or fewer of the required assessments may still be eligible to graduate if an individual graduation committee, formed in accordance with state law, unanimously determines that the student is eligible to graduate. [See Standardized Testing for more information.]

**Foundation Graduation Program**

Every student in a Texas public school who entered grade 9 in the 2014–15 school year and thereafter will graduate under the “foundation graduation program.” Within the foundation graduation program are “endorsements,” which are paths of interest that include Science, Technology, Engineering, and Mathematics (STEM); Business and Industry; Public Services; Arts and Humanities; and Multidisciplinary Studies. Endorsements earned by a student will be noted on the student’s transcript and diploma. The foundation graduation program also involves the term “distinguished level of achievement,” which reflects the completion of at least one endorsement and Algebra II as one of the required advanced mathematics credits. A personal graduation plan will be completed for each high school student, as described.

State law and rules prohibit a student from graduating solely under the foundation graduation program without an endorsement unless, after the student’s sophomore year, the student and student’s parent are advised of the specific benefits of graduating with an endorsement and submit written permission to the school counselor for the student to graduate without an endorsement. A student who anticipates graduating under the foundation graduation program without an endorsement and who wishes to attend a four-year university or college after graduation must carefully consider whether this will satisfy the admission requirements of the student’s desired college or university. Graduating under the foundation graduation program will also provide opportunities to earn “performance acknowledgments” that will be acknowledged on a student’s transcript.

Performance acknowledgments are available for outstanding performance in bilingualism and bi-literacy; in a dual credit course; on an AP or IB examination; on certain national college preparatory and readiness or college entrance examinations; or for earning a state recognized or nationally or internationally recognized license or certificate. The criteria for earning these performance acknowledgments are prescribed by state rules, and the school counselor can provide more information about these acknowledgments.
## Credits Required

The foundation graduation program requires completion of the following credits:

- Additional considerations apply in some course areas, including; Mathematics. In order to obtain the distinguished level of achievement under the foundation graduation program, which will be included on a student’s transcript and is a requirement to be considered for automatic admission purposes to a Texas four-year college or university, a student must complete an endorsement and take Algebra II as one of the 4 mathematics credits.

- Physical education. A student who is unable to participate in physical activity due to a disability or illness may be able to substitute a course in English language arts,
mathematics, science, social studies, or another locally determined credit-bearing course for the required credit of physical education. This determination will be made by the student’s ARD committee, Section 504 committee, or other campus committee, as applicable.

- Language other than English. Students are required to earn two credits in the same language other than English to graduate. Any student may substitute computer programming languages for these credits. In limited circumstances, a student may be able to substitute this requirement with other courses, as determined by a district committee authorized by law to make these decisions for the student.

**Available Endorsements**

A student must specify upon entering grade 9 the endorsement he or she wishes to pursue.

- Science, Technology, Engineering, and Mathematics
- Business and Industry
- Public Services
- Arts and Humanities
- Multidisciplinary Studies

**Personal Graduation Plans**

A personal graduation plan will be developed for each high school student. The district encourages all students to pursue a personal graduation plan that includes the completion of at least one endorsement and to graduate with the distinguished level of achievement. Attainment of the distinguished level of achievement entitles a student to be considered for automatic admission to a public four year college or university in Texas, depending on his or her rank in class. The school will review personal graduation plan options with each student entering grade 9 and his or her parent. Before the end of grade 9, a student and his or her parent will be required to sign off on a personal graduation plan that includes a course of study that promotes college and workforce readiness and career placement and advancement, as well as facilitates the transition from secondary to postsecondary education. The student’s personal graduation plan will denote an appropriate course sequence based on the student’s choice of endorsement.

A student may, with parental permission, amend his or her personal graduation plan after the initial confirmation.

**Available Course Options for all Graduation Programs**

Information regarding specific courses required or offered in each curriculum area will be distributed to students each spring in order to enroll in courses for the upcoming school year. NOTE: The district may require the completion of certain courses for graduation even if these courses are not required by the state for graduation.
Please be aware that not all courses are offered at every secondary campus in the district. A student who wants to take a course not offered at his or her regular campus should contact the school counselor about a transfer or other alternatives. If the parents of at least 22 students request a transfer for those students to take a course in the required curriculum other than fine arts or CTE, the district will offer the course for the following year either by teleconference or at the school from which the transfers were requested.

**Certificates of Coursework Completion**

A certificate of coursework completion will not be issued to a student who has successfully completed state and local credit requirements for graduation but has not yet demonstrated satisfactory performance on the state-mandated test required for graduation.

**Students with Disabilities**

Upon the recommendation of the Admission, Review, and Dismissal (ARD) committee, a student with a disability who receives special education services may be permitted to graduate under the provisions of his or her individualized education program (IEP).

A student who receives special education services and has completed four years of high school, but has not met the requirements of his or her IEP, may participate in graduation ceremonies and receive a certificate of attendance. Even if the student participates in graduation ceremonies to receive the certificate of attendance, he or she may remain enrolled to complete the IEP and earn his or her high school diploma; however, the student will only be allowed to participate in one graduation ceremony.

[See policy FMH (LEGAL).]

ARD committees for students with disabilities will make instructional and assessment decisions for these students in accordance with state law and rules. In order to earn an endorsement under the foundation program, a student must perform satisfactorily on the EOC assessments and receive no modified curriculum in the student’s chosen endorsement area. A student may still be awarded an endorsement when the student fails to perform satisfactorily on no more than two EOC assessments but meets the other requirements for graduation under state law.

**Graduation Ceremonies**

To be eligible to participate in commencement activities and ceremonies, students shall meet all state and local graduation requirements, including all applicable state testing requirements. [See FMH (LOCAL).]

**Graduation Speakers**

Certain graduating students will be given an opportunity to have speaking roles at graduation ceremonies.

A student must meet local eligibility criteria, which may include requirements related to student conduct, to have a speaking role. Students eligible for speaking roles will be notified by the principal and given an opportunity to volunteer.

[For student speakers at other school events, see Student Speakers.]
Graduation Expenses

Because students and parents will incur expenses in order to participate in the traditions of graduation—such as the purchase of invitations, senior ring, cap and gown, and senior picture—both the student and parent should monitor progress toward completion of all requirements for graduation. The expenses often are incurred in the junior year or first semester of the senior year. [See Fees.]

Scholarships and Grants

Students who have a financial need according to federal criteria and who complete the foundation graduation program, may be eligible under the TEXAS Grant Program and the Teach for Texas Grant Program for tuition and fees to Texas public universities, community colleges, and technical schools, as well as to private institutions.

Contact the school counselor for information about other scholarships and grants available to students.

HARASSMENT

[See Dating Violence, Discrimination, Harassment, and Retaliation.]

Hazing

Hazing is defined as any intentional, knowing, or reckless act occurring on or off campus directed against a student that endangers the mental or physical health or the safety of a student for the purpose of pledging, being initiated to, affiliating with, holding office in, or maintaining membership in any organization whose members are or include other students. Examples include:

- Any type of physical brutality
- Any type of physical activity that subjects the student to an unreasonable risk of physical or mental harm, such as sleep deprivation, exposure to the elements, confinement to small spaces, or calisthenics;
- Any activity involving consumption of food, liquids, drugs, or other substances that subjects the student to unreasonable risk of physical or mental harm;
- Any activity that adversely affects the mental health or dignity of the student, such as ostracism, shame, or humiliation; and
- Any activity that induces, causes, or requires the student to violate the Penal Code.

Hazing will not be tolerated by the district. If an incident of hazing occurs, disciplinary consequences will be handled in accordance with the Student Code of Conduct. It is a criminal offense if a person engages in hazing; solicits, encourages, directs, aids, or attempts to aid another in hazing; or has firsthand knowledge of an incident of hazing being planned or having occurred and fails to report this to the principal or superintendent.

[See Bullying and policies FFI and FNCC.]
HEALTH-RELATED MATTERS

Student Illness

When your child is ill, please contact the school to let us know he or she won’t be attending that day. It is important to remember that schools are required to exclude students with certain illnesses from school for periods of time as identified in state rules. For example, if your child has a fever over 100 degrees, he or she must stay out of school until fever free for 24 hours without fever-reducing medications. In addition, students with diarrheal illnesses must stay home until they are diarrhea free without diarrhea-suppressing medications for at least 24 hours. A full list of conditions for which the school must exclude children can be obtained from the school nurse.

If a student becomes ill during the school day, he or she must receive permission from the teacher before reporting to the school nurse. If the nurse determines that the child should go home, the nurse will contact the parent/guardian.

Parents/guardians are required to show identification and be listed on the student’s information record prior to signing a student out of school for an illness. A note from the parent/guardian or a doctor’s note must be provided upon the student’s return.

The district is also required to report certain contagious (communicable) diseases or illnesses to the Texas Department of State Health Services (TDSHS) or our local/regional health authority. The school nurse can provide information from TDSHS on these notifiable conditions.

Contact the school nurse if you have questions or if you are concerned about whether or not your child should stay home.

Bacterial Meningitis

State law requires the district to provide information about bacterial meningitis:

- **What is meningitis?**

  Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is common and most people recover fully. Parasitic and fungal meningitis are very rare. Bacterial meningitis is very serious and may involve complicated medical, surgical, pharmaceutical, and life support management.

- **What are the symptoms?**

  Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.

  Children (over 2 years old) and adults with bacterial meningitis commonly have a severe headache, high fever, and neck stiffness. Other symptoms might include nausea, vomiting, discomfort looking into bright lights, confusion, and sleepiness. In both children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body.

  The diagnosis of bacterial meningitis is based on a combination of symptoms and
laboratory results.

- **How serious is bacterial meningitis?**
  If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability.

- **How is bacterial meningitis spread?**
  Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. They are spread when people exchange respiratory or throat secretions (such as by kissing, coughing, or sneezing).
  The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body’s immune system and cause meningitis or another serious illness.

- **How can bacterial meningitis be prevented?**
  Maintaining healthy habits, like getting plenty of rest, can help prevent infection. Using good health practices such as covering your mouth and nose when coughing and sneezing and washing your hands frequently with soap and water can also help stop the spread of the bacteria. It’s a good idea not to share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss.
  There are vaccines available to offer protection from some of the bacteria that can cause bacterial meningitis. *The vaccines are safe and effective (85–90 percent). They can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

- **What should you do if you think you or a friend might have bacterial meningitis?**
  You should seek prompt medical attention.

- **Where can you get more information?**
  Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Department of State Health Services office to ask about a meningococcal vaccine. Additional information may also be found at the website for the Centers for Disease Control and Prevention, [http://www.cdc.gov](http://www.cdc.gov), and the Department of State Health Services, [http://www.dshs.state.tx.us](http://www.dshs.state.tx.us).

* NOTE: DSHS requires at least one meningococcal vaccination on or after the student’s 11th birthday, unless the student received the vaccine at age 10.
Also note that entering college students must show, with limited exception, evidence of receiving a bacterial meningitis vaccination within the five-year period prior to enrolling in and taking courses at an institution of higher education. Please see the school nurse for more information, as this may affect a student who wishes to enroll in a dual credit course taken off campus.

See Immunizations for more information.
Food Allergies (All Grade Levels)

The district requests to be notified when a student has been diagnosed with a food allergy, especially those allergies that could result in dangerous or possibly life-threatening reactions either by inhalation, ingestion, or skin contact with the particular food. It is important to disclose the food to which the student is allergic, as well as the nature of the allergic reaction. Please contact the school nurse or campus principal if your child has a known food allergy or as soon as possible after any diagnosis of a food allergy.

The district has developed and periodically reviews a food allergy management plan, which addresses employee training, dealing with common food allergens, and specific strategies for dealing with students diagnosed with severe food allergies. When the district receives information that a student has a food allergy that puts the student at risk for anaphylaxis, individual care plans will be developed to assist the student in safely accessing the school environment. The district’s food allergy management plan can be accessed at http://www.garlandisd.net/node/403 or in the district’s Health Services Department. [Also see policy FFAF and Celebrations.]

Head Lice

Head lice, although not an illness or a disease, is very common among children and is spread through head-to-head contact during play, sports, or nap time and when children share things like brushes, combs, hats and headphones. If careful observation indicates head lice, the school nurse will contact the student’s parent to determine whether the student will need to be picked up from school and to discuss a plan for treatment with an FDA-approved medicated shampoo or cream rinse that may be purchased from any drug or grocery store. After the student has undergone one treatment, the parent should check in with the school nurse to discuss the treatment used. The school nurse can also offer recommendations, including subsequent treatments and how best to get rid of lice and prevent their return.

Notice will also be provided to parents of elementary school students in the affected classroom.

More information on head lice can be obtained from the district website at http://www.garlandisd.net/content/health-information or from the DSHS website at http://www.dshs.state.tx.us/schoolhealth/lice.shtml.

Physical Activity Requirements

Elementary School

In accordance with policies at EHAB, EHAC, EHBG, and FFA, the district will ensure that students in full-day prekindergarten through grade 5 engage in moderate or vigorous physical activity for at least 30 minutes per day or 135 minutes per week.

For additional information on the district’s requirements and programs regarding elementary school student physical activity requirements, please see the principal.

Junior High/Middle School

In accordance with policies at EHAB, EHAC, EHBG, and FFA, the district will ensure that
students in middle or junior high school will engage in 30 minutes of moderate or vigorous physical activity per day for at least four semesters or at least 225 minutes of moderate or vigorous physical activity within each two-week period for at least four semesters.

For additional information on the district’s requirements and programs regarding junior high and middle school student physical activity requirements, please see the principal.

**School Health Advisory Council (SHAC)**

During the preceding school year, the district’s School Health Advisory Council (SHAC) held at least four meetings. Additional information regarding the district’s School Health Advisory Council is available from the Coordinator of Health and Physical Education. [See also policies at BDF and EHAA.]

The duties of the SHAC range from recommending curriculum to developing strategies for integrating curriculum into a coordinated school health program encompassing issues such as school health services, counseling services, a safe and healthy school environment, recess recommendations, improving student fitness, mental health concerns, and employee wellness.

[See policies BDF and EHAA. See *Human Sexuality Instruction* for additional information.]

**Student Wellness Policy/Wellness Plan (All Grade Levels)**

Garland Independent School District is committed to encouraging healthy students and therefore has developed a board-adopted wellness policy at FFA (LOCAL) and corresponding plans and procedures to implement the policy. You are encouraged to contact Health Services at 972-487-3268 with questions about the content or implementation of the district’s wellness policy and plan.

**Other Health-Related Matters**

**Physical Fitness Assessment (Grades 3 – 12)**

Annually, the district will conduct a physical fitness assessment of students in grades 3–12 who are enrolled in a physical education course or a course for which physical education credit is awarded. At the end of the school year, a parent may submit a written request to the campus principal to obtain the results of his or her child’s physical fitness assessment conducted during the school year.

**Vending Machines**

The district has adopted and implemented the state and federal policies and guidelines for food service, including the guidelines to restrict student access to vending machines. For more information regarding these policies and guidelines, see the campus principal. [See policies at CO and FFA.]
Tobacco and E-Cigarettes Prohibited (All Grade Levels and All Others on School Property)

Students are prohibited from possessing or using any type of tobacco product, electronic cigarettes (e-cigarettes), or any other electronic vaporizing device, while on school property at any time or while attending an off campus school-related activity.

The district and its staff strictly enforce prohibitions against the use of all tobacco products, e-cigarettes or any other electronic vaporizing device, by students and others on school property and at school-sponsored and school-related activities. [See the Student Code of Conduct and policies at FNCD and GKA.]

Asbestos Management Plan

The district works diligently to maintain compliance with federal and state law governing asbestos in school buildings. A copy of the district’s Asbestos Management Plan is available in the superintendent’s office. If you have any questions or would like to examine the district’s plan in more detail, please contact the district’s Executive Director of School Facilities.

Pest Management Plan

The district is required to follow integrated pest management (IPM) procedures to control pests on school grounds. Although the district strives to use the safest and most effective methods to manage pests, including a variety of non-chemical control measures, pesticide use is sometimes necessary to maintain adequate pest control and ensure a safe, pest-free school environment.

All pesticides used are registered for their intended use by the United States Environmental Protection Agency and are applied only by certified pesticide applicators. Except in an emergency, signs will be posted 48 hours before indoor application. All outdoor applications will be posted at the time of treatment, and signs will remain until it is safe to enter the area. Parents who have further questions or who want to be notified prior to pesticide application inside their child’s school assignment area may contact James Bell, IPM coordinator, at 972-494-8351.

HOMELESS STUDENTS

You are encouraged to inform the district if you or your child are experiencing homelessness. District staff can share resources with you that may be able to assist you and your family.

For information on services for homeless students, contact the Garland ISD homeless liaison Located at the Department of Student Services; 720 Stadium Drive, Garland, TX 75040, 972-494-8255 or visit us online at https://www.garlandisd.net/content/homeless-and-foster-care-resources.

ILLNESS

[See Student Illness under Health-Related Matters.]
IMMUNIZATION

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized. For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services (DSHS), Immunization Branch, can be honored by the district. This form may be obtained by writing the TDSHS Immunization Branch (MC 1946), P.O. Box 149347, Austin, Texas 78714-9347; or online at https://webds.dshs.state.tx.us/immco/default.aspx. The form must be notarized and submitted to the principal or school nurse within 90 days of notarization. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student.

The immunizations required are: diphtheria, tetanus, and pertussis; rubella (measles), mumps, and rubella; polio; hepatitis A; hepatitis B; varicella (chicken pox); and meningococcal. The school nurse can provide information on age-appropriate doses or on an acceptable physician-validated history of illness required by the TDSHS. Proof of immunization may be established by personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation. For additional information visit http://www.garlandisd.net/content/immunizations or contact the district’s Health Services Department.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. registered and licensed physician stating that, in the doctor’s opinion, the immunization required is medically contraindicated or poses a significant risk to the health and well-being of the student or a member of the student’s family or household. This certificate must be renewed yearly unless the physician specifies a life-long condition.

As noted at Bacterial Meningitis, entering college students must also, with limited exception, furnish evidence of having received a bacterial meningitis vaccination within the five years prior to enrolling in and attending classes at an institution of higher education. A student wanting to enroll in a dual credit course taken off campus may be subject to this requirement.

[For further information, see policy FFAB (LEGAL) and the DSHS website: http://www.dshs.state.tx.us/immunize/school/default.shtm.]

LAW ENFORCEMENT AGENCIES

School Resource Officer (SRO) Program

The School Resource Officer Program (SRO) is a joint venture between the Garland Independent School District and the cities of Garland, Rowlett, and Sachse.

The goals of the SRO programs include:

- Safety of students, faculty, staff, administrators, and all other persons involved with the school system.
- Building rapport with the students.
- Building rapport with the parents, faculty, staff, administrators, and other adults.
- Allowing students interact with the SRO.
- Creating programs which will benefit the students, school district and police.
• Being a positive role model for students and/or other adults.
• Lowering the long term crime rate.
• Instructing students in the area of law and civic responsibility, etc.

The philosophy of the SRO program is based on a triad concept of responsibilities including:
• The SRO is an instructor providing instruction on a variety of subjects to the students.
• The SRO provides informal counseling to the student as a crisis intervener.
• The SRO is a law enforcement officer and is responsible for police services provided on the campus.

Questioning of Students

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation. In other circumstances:

• The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.
• The principal ordinarily will make reasonable efforts to notify the parents unless the interviewer raises what the principal considers to be a valid objection.
• The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.

Students Taken Into Custody

State law requires the district to permit a student to be taken into legal custody:

• To comply with an order of the juvenile court.
• To comply with the laws of arrest.
• By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
• By a law enforcement officer to obtain fingerprints or photographs for comparison in an investigation.
• By a law enforcement officer to obtain fingerprints or photographs to establish a student’s identity, where the child may have engaged in conduct indicating a need for supervision, such as running away.
• By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
• By an authorized representative of Child Protective Services (CPS), Texas Department of Family and Protective Services (DFPS), a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student’s physical health or safety.
• To comply with a properly issued directive from a juvenile court to take a student into custody.
Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer’s identity and, to the best of his or her ability, will verify the official’s authority to take custody of the student. The principal will immediately notify the superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student’s release to a law enforcement officer, any notification will most likely be after the fact.

**Notification of Law Violations**

The district is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been taken into custody, arrested, or referred to the juvenile court for any felony offense or for certain misdemeanors.

- All instructional and support personnel who have regular contact with a student who is thought to have committed certain offenses or who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors.

- All appropriate district personnel in regards to a student who is required to register as a sex offender.

[For further information, see policy FL (LEGAL).]

**LEAVING CAMPUS (All Grade Levels)**

Please remember that student attendance is crucial to learning. We ask that appointments be scheduled outside of school hours as much as reasonably possible. Also note that picking up a student early on a regular basis results in missed opportunities for learning. Unless the principal has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the school day.

State rules require that parental consent be obtained before any student is allowed to leave campus for any part of the school day. The district has put the following procedures in place in order to document parental consent:

- For students in elementary and middle school, a parent or otherwise authorized adult must come to the office and sign the student out. Please be prepared to show identification. Once an identity is verified, a campus representative will then call for the student or collect the student and bring him or her to the office. For safety purposes and stability of the learning environment, we cannot allow you to go to the classroom or other area unescorted to pick up the student. If the student returns to campus the same day, the parent or authorized adult must sign the student back in through the main office upon the student’s return. Documentation regarding the reason for the absence will also be required.

- For students in high school, the same process will be followed. If the student’s parent will authorize the student to leave campus unaccompanied, a note provided by the
parent must be submitted to the main office in advance of the absence, no later than two hours prior to the student’s need to leave campus. A phone call received from the parent may be accepted, but the school may ultimately require a note to be submitted for documentation purposes. Once the office has received information that the student’s parent consents to the student leaving campus, a pass will be issued to the student to hand to his or her teacher with the necessary information. The student must sign out through the main office and sign in upon his or her return, if the student returns the same day. If a student is 18 years of age or is an emancipated minor, the student may produce a note on his or her own behalf. Documentation regarding the reason for the absence will be required.

- If a student becomes ill during the school day and the school nurse or other district personnel determines that the student should go home, the nurse will contact the student’s parent and document the parent’s wishes regarding release from school. Unless directed by the parent to release the student unaccompanied, the parent or other authorized adult must follow the sign-out procedures as listed above. If a student is allowed to leave campus by himself or herself, as permitted by the student’s parent, or if the student is age 18 or is an emancipated minor, the nurse will document the time of day the student was released. Under no circumstances will a student in elementary or middle school be released unaccompanied by a parent or adult authorized by the parent.

**During Lunch**

All GISD campuses are closed for lunch. All students must remain on campus during lunch.

**At Any Other Time during the School Day**

Students are not authorized to leave campus during regular school hours for any other reason, except with the permission of the principal.

Students who leave campus in violation of these rules will be subject to disciplinary action in accordance with the Student Code of Conduct.

**LIMITED ENGLISH PROFICIENT STUDENTS**

A student with limited English proficiency (LEP), sometimes referred to as an English language learner (ELL) in certain state statutes and state rules, is entitled to receive specialized services from the district. To determine whether the student qualifies for services, a Language Proficiency Assessment Committee (LPAC) will be formed, which will consist of both district personnel and at least one parent representative. The student’s parent must consent to any services recommended by the LPAC for a LEP student. However, pending the receipt of parental consent or denial of services, an eligible student will receive the services to which the student is entitled and eligible.

In order to determine a student’s level of proficiency in English, the LPAC will use information from a variety of assessments. If the student qualifies for services and once a level of proficiency has been established, the LPAC will then designate instructional accommodations or additional special programs the student will require to eventually become proficient at grade level work in English. Ongoing assessments will be conducted to determine
a student’s continued eligibility for the program.

The LPAC will also determine whether certain accommodations are necessary for any state-mandated assessments. The STAAR-L, as mentioned at Standardized Testing, may be administered to a LEP student, or, for a student up to grade 5, a Spanish version of STAAR. In limited circumstances, a student’s LPAC may exempt the student from an otherwise required state-mandated assessment or may waive certain graduation requirements related to the English I and II end-of-course (EOC) assessments. The Texas English Language Proficiency Assessment System (TELPAS) will also be administered to LEP students who qualify for services.

If a student is considered LEP and receives special education services because of a qualifying disability, the student’s ARD committee will make instructional and assessment decisions in conjunction with the LPAC.

**LOST AND FOUND (All Grade Levels)**

A “lost and found” collection is located in a designated area within the school. If your child has lost an item, please encourage him or her to check the lost and found. The district discourages students from bringing to school personal items of high monetary value, as the district is not responsible for lost or stolen items. The campus administration will determine when the school will dispose of lost and found items.

**MAKEUP WORK**

**Makeup Work Because of Absence (All Grade Levels)**

For any class missed, the teacher may assign the student makeup work based on the instructional objectives for the subject or course and the needs of the individual student in mastering the essential knowledge and skills or in meeting subject or course requirements.

A student will be responsible for obtaining and completing the makeup work in a satisfactory manner and within the time specified by the teacher.

A student is encouraged to speak with his or her teacher if the student knows of an absence ahead of time, including absences for extracurricular activities, so that the teacher and student may plan any work that can be completed before or shortly after the absence. Please remember the importance of student attendance at school and that, even though absences may be excused or unexcused, all absences account for the 90 percent threshold in regards to the state laws surrounding “attendance for credit or final grade.” [See Attendance for Credit or Final Grade.]

A student involved in an extracurricular activity must notify his or her teachers ahead of time about any absences.

A student will be permitted to make up tests and to turn in projects due in any class missed because of absence. Teachers shall follow the district’s Grading and Grouping Guidelines in regards to makeup work due to an absence.

**DAEP Makeup Work**

A student removed to a disciplinary alternative education program (DAEP) during the school year will have an opportunity to complete, before the beginning of the next school year, a
foundation curriculum course in which the student was enrolled at the time of removal. The district may provide the opportunity to complete the course through an alternative method, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FOCA (LEGAL)].

In-School Suspension (ISS) Makeup Work (All Grade Levels)

A student removed from the regular classroom to in-school suspension or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FO (LEGAL).]

MEDICINE AT SCHOOL (All Grade Levels)

The Garland Independent School District recognizes that at times it will be necessary for a student to take medication at school. The district further acknowledges that some students will be unable to determine their need for the medication or will be unable to administer their medication. All GISD schools will follow the guidelines for administration and management of student medication, in accordance with policy FFAC (LOCAL).

The district will not purchase medication to give to a student. District employees will not give a student prescription medication, nonprescription medication, herbal substances, anabolic steroids, or dietary supplements, with the following exceptions:

- Only authorized employees, in accordance with policy FFAC, may administer:
  - Prescription medication, in the original, properly labeled container, provided by the parent in accordance with legal requirements and prescribed by a physician or dentist licensed in Texas, along with a written request.
  - Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified district employee from the original, properly labeled container of a prescription in accordance with legal requirements prescribed by a physician or dentist licensed in Texas.
  - Herbal or dietary supplements provided by the parent only if required by the student’s individualized education program (IEP) or Section 504 plan for a student with disabilities, with a written order from the prescribing physician on the form provided by the district, filed with the school each year.

A student with asthma or severe allergic reaction (anaphylaxis) may be permitted to possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider. The student must also demonstrate to his or her physician or health-care provider and to the school nurse the ability to use the prescribed medication, including any device required to administer the medication.

If the student has been prescribed asthma or anaphylaxis medication for use during the school
day, the student and parents should discuss this with the school nurse or principal.

In accordance with a student’s individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the school nurse or a campus administrator for more information or visit http://www.garlandisd.net/content/medicine-school. [See policy FFAF (LEGAL).]

**Psychotropic Drugs**

A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication. It is intended to have an altering effect on perception, emotion, or behavior and is commonly described as a mood- or behavior-altering substance. Teachers and other district employees may discuss a student’s academic progress or behavior with the student’s parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs. A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. [For further information, see policy FFAC.]

**NONDISCRIMINATION STATEMENT (All Grade Levels)**

In its efforts to promote nondiscrimination, Garland Independent School District does not discriminate on the basis of race, religion, color, national origin, gender, sex, disability, age, or any other basis prohibited by law, in providing education services, activities, and programs, including CTE programs, and provides equal access to the Boy Scouts and other designated youth groups.

The following district representatives have been designated to coordinate compliance with these legal requirements:

- Concerns regarding discrimination on the basis of sex, including sexual harassment or gender-based harassment. See the Assistant Superintendent Human Resources, Dr. Gradyne Brown, P.O. Box 469026, Garland, TX 75046, 972-494-8201 or Chief Human Resources Officer, Dr. Linda Chance.

- Concerns regarding discrimination on the basis of disability. See the Assistant Superintendent of Student Services and Community Relations, Dr. Wendy Eldredge, P.O. Box 469026, Garland, TX 75046, 972-494-8201.

- All other concerns regarding discrimination. See the Superintendent, Dr. Ricardo López, P.O. Box 469026, Garland, TX 75046, 972-494-8201.

[See policies FB (LOCAL) and FFH (LOCAL).]

**PARENT AND FAMILY ENGAGEMENT**

**Working Together**

Both experience and research tell us that a child’s education succeeds best when there is good communication and a strong partnership between home and school. Your involvement in this
partnership may include:

- Encouraging your child to put a high priority on education and working with your child on a daily basis to make the most of the educational opportunities the school provides.

- Ensuring that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.

- Becoming familiar with all of your child’s school activities and with the academic programs, including special programs, offered in the district.

- Discussing with the school counselor or principal any questions you may have about the options and opportunities available to your child.

- Reviewing the requirements and options for graduation with your child in middle school and again while your child is enrolled in high school.

- Monitoring your child’s academic progress and contacting teachers as needed. [See Academic Counseling.]

- Attending scheduled conferences and requesting additional conferences as needed. To schedule a telephone or in-person conference with a teacher, school counselor, or principal, please call the school office for an appointment. The teacher will usually return your call or meet with you during his or her conference period or before or after school. [See Report Cards/Progress Reports and Conferences.]

- Becoming a school volunteer. [For further information, see policy GKG and Volunteers.]

- Participating in campus parent organizations. Parent organizations include: PTA and booster clubs.

- Serving as a parent representative on the district-level or campus-level planning committees, assisting in the development of educational goals and plans to improve student achievement. [For further information, see policies at BQA and BQB.]

- Serving on the School Health Advisory Council (SHAC), assisting the district in ensuring local community values are reflected in health education instruction and other wellness issues. [See policies at BDF, EHAA, FFA, and information in this handbook at School Health Advisory Council (SHAC).]

- Being aware of the school’s ongoing bullying and harassment prevention efforts.

- Contacting school officials if you are concerned with your child’s emotional or mental well-being.

- Attending board meetings to learn more about district operations. [See policies at BE and BED for more information.]
PHYSICAL EXAMINATIONS / HEALTH SCREENINGS

Athletics’ Participation (Secondary Grade Levels Only)

A student who wishes to participate in, or continue participation in, the district’s athletics program governed by the UIL must submit certification from a health-care provider authorized under UIL rules that the student has been examined and is physically able to participate in the athletic program.

This examination is required in the first year of middle school competition and in every year of high school competition. During years in which an examination is not required, the student must complete a medical appraisal form, and the results of this appraisal may prompt the district to require a physical examination. [Also see policy FFAA.]

Other Exams and Screenings (All Grade Levels)

Acanthosis Nigricans

This screening is mandated by Texas law in grades 1, 3, 5, and 7 and is usually done at the same time as vision and hearing screening. Acanthosis Nigricans (AN) is a skin discoloration that may indicate high levels of insulin in the blood which results from insulin resistance. Insulin resistance can create a potential risk for the development of Type 2 Diabetes. The skin on the nape of the neck will be visually examined. If the AN marker is noted, then the student will have blood pressure, height, and weight measured individually and privately at a later date. Parents will be notified of these specific findings.

Spinal

This screening is mandated by Texas law. The Department of State Health Services considers the most recent, nationally-accepted, peer-reviewed recommendations to determine the appropriate age for conducting mandatory spinal screening. Spinal screening is designed to detect abnormalities that may be indicative of conditions such as scoliosis, kyphosis, or lordosis. This is done in a private environment by school nurses. Parents of students who have any positive findings will receive a letter from the school nurse with recommendations.

Vision and Hearing

This screening is mandated by Texas law in grades EC, PK, KN, 1, 3, 5, 7, and students in other grades who are new to GISD. Parents of students who fail two vision screenings will receive a referral letter from the school nurse recommending a more comprehensive exam by an eye doctor. Parents of students who fail hearing screening will receive a letter from one of the school district’s audiologists recommending either additional testing at the sound booth at the GISD Administration Building (free of charge) or a more comprehensive exam by a physician. [See policy FFAA.]

PLEDGES OF ALLEGIANCE AND A MINUTE OF SILENCE (All Grade Levels)

Each school day, students will recite the Pledge of Allegiance to the United States flag and the
Pledge of Allegiance to the Texas flag. Parents may submit a written request to the principal to excuse their child from reciting a pledge. [See Reciting the Pledges to the U.S. and Texas Flags.]

State law requires that one minute of silence follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others. In addition, state law requires that each campus provide for the observance of one minute of silence at the beginning of the first class period when September 11 falls on a regular school day in remembrance of those who lost their lives on September 11, 2001.

[See policy EC for more information.]

**PRAYER (All Grade Levels)**

Each student has a right to pray individually, voluntarily, and silently or to meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not encourage, require, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

**PROMOTION AND RETENTION**

A student will be promoted only on the basis of academic achievement or demonstrated proficiency in the subject matter of the course or grade level, the recommendation of the student’s teacher, the score received on any criterion-referenced or state-mandated assessment, and any other necessary academic information as determined by the district.

In addition, at certain grade levels a student—with limited exceptions—will be required to pass the State of Texas Assessments of Academic Readiness (STAAR), if the student is enrolled in a public Texas school on any day between January 1 and the date of the first administration of the STAAR.

**Elementary and Middle/Junior High Grade Levels**

In prekindergarten and kindergarten, evaluation of student progress shall be based on teacher observation and student performance on grade-level standards (essential knowledge and skills). Students in prekindergarten and kindergarten shall not be retained without parental consent.

In grade 1, promotion to the next grade level shall be based on grade-level standards (essential knowledge and skills) with an overall average of S- or above in language arts and mathematics.

In grades 2–5, promotion to the next grade level shall be based on an overall average of 70 on a scale of 100 based on course-level, grade-level standards (essential knowledge and skills) in language arts, mathematics, science, and social studies, and a grade of 70 or above in language arts and mathematics.

**High School Grade Levels**

In grades 6–8, promotion to the next grade level shall be based on an overall average of 70 on a scale of 100 based on course-level, grade-level standards (essential knowledge and skills) for all subject areas and a grade of 70 or above in three of the following areas: language arts,
mathematics, science, and social studies.

A student in grades 9–12 will be advanced a grade level based on the number of course credits earned. [Also see Grade Level Classification.]

In addition, at certain grade levels a student—with limited exceptions—will be required to pass the State of Texas Assessments of Academic Readiness (STAAR), if the student is enrolled in a public Texas school on any day between January 1 and the date of the first administration of the STAAR.

- In order to be promoted to grade 6, students enrolled in grade 5 must perform satisfactorily on the mathematics and reading sections of the grade 5 assessment in English or Spanish.
- In order to be promoted to grade 9, students enrolled in grade 8 must perform satisfactorily on the mathematics and reading sections of the grade 8 assessment in English.

If a student in grade 5 or 8 is enrolled in a course that earns high school credit and for which an end-of-course (EOC) assessment will be administered, the student will not be subject to the promotion requirements described above for the relevant grade 5 or 8 assessment. The student will instead take the corresponding EOC assessment. If a student in grades 3–8 is enrolled in a class or course intended for students above his or her current grade level in which the student will be administered a state-mandated assessment, the student will be required to take an applicable state mandated assessment only for the course in which he or she is enrolled, unless otherwise required to do so by federal law.

[See Standardized Testing.]

Parents of a student at any grade level at or above grade 3 who does not perform satisfactorily on his or her state-mandated examinations will be notified that their child will participate in special instructional programs designed to improve performance. The student may be required to participate in this instruction before or after normal school hours or outside of the normal school year. Failure of a student to attend these programs may result in violations of required school attendance as well as the student not being promoted to the next grade level.

A student in grade 5 or 8 will have two additional opportunities to take a failed assessment. If a student fails a second time, a grade placement committee, consisting of the principal or designee, the teacher, and the student’s parent, will determine the additional special instruction the student will receive. After a third failed attempt, the student will be retained; however, the parent can appeal this decision to the committee. In order for the student to be promoted, based on standards previously established by the district, the decision of the committee must be unanimous and the student must complete additional special instruction before beginning the next grade level. Whether the student is retained or promoted, an educational plan for the student will be designed to enable the student to perform at grade level by the end of the next school year. [See policy EIE.]

Students will also have multiple opportunities to retake EOC assessments. [See Graduation and Standardized Testing for more information about EOC assessments.]

Certain students—some with disabilities and some with limited English proficiency—may be eligible for exemptions, accommodations, or deferred testing. An admission, review, and
dismissal (ARD) committee meeting will be convened if a student receiving special education services in grade 5 or 8 fails to meet satisfactory performance after the first STAAR administrations in reading or math. For more information, see the principal, school counselor, or special education executive director. A Personal Graduation Plan (PGP) will be prepared for any student at the middle school or junior high level who did not perform satisfactorily on a state-mandated assessment or is determined by the district as not likely to earn a high school diploma before the fifth school year following enrollment in grade 9. The PGP will be designed and implemented by a school counselor, teacher, or other staff member designated by the principal. The plan will, among other items, identify the student’s educational goals, address the parent’s educational expectations for the student, and outline an intensive instruction program for the student. [For additional information, see the school counselor or principal and policy EIF (LEGAL).] For a student receiving special education services, the student’s IEP may serve as the student’s PGP and would therefore be developed by the student’s ARD committee.

For information related to the development of personal graduation plans for high school students, see **Personal Graduation Plans**.

**RELEASE OF STUDENTS FROM SCHOOL**

[See Leaving Campus.]

**REPORT CARDS / PROGRESS REPORTS AND CONFERENCES**

Report cards with each student’s grades or performance and absences in each class or subject are issued to parents at the close of each grading period.

At the end of the first three weeks of a grading period, parents of all students in grades 1-12 will be given a written progress report if their child’s performance in any subject/course is near or below 70, or is below the expected level of performance. If the student receives a grade lower than 70 in any class or subject at the end of a grading period, the parent will be requested to schedule a conference with the teacher of that class or subject. [See Working Together for how to schedule a conference.]

Teachers follow grading guidelines that have been approved by the superintendent pursuant to the board-adopted policy and are designed to reflect each student’s relative mastery of each assignment for the grading period, semester, or course. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district’s grading policy. [See policy EIA (LOCAL) and Grading Guidelines.]

Questions about grade calculation should first be discussed with the teacher; if the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG (LOCAL).

The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70 in a class or subject.

**RETRALIATION**

[See Dating Violence, Discrimination, Harassment, and Retaliation.]
SAFETY

Student safety on campus, at school-related events, and on district vehicles is a high priority of the district. Although the district has implemented safety procedures, the cooperation of students is essential to ensuring school safety. A student is expected to:

- Avoid conduct that is likely to put the student or others at risk.
- Follow the behavioral standards in this handbook and the Student Code of Conduct, as well as any additional rules for behavior and safety set by the principal, teachers, or bus drivers.
- Remain alert to and promptly report to a teacher or the principal any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other district employees who are overseeing the welfare of students.

Accident Insurance

Soon after the school year begins, parents will have the opportunity to purchase low-cost accident insurance that would help meet medical expenses in the event of injury to their child.

Preparedness Drills: Evacuation, Severe Weather, and Other Emergencies

From time to time, students, teachers, and other district employees will participate in preparedness drills of emergency procedures. When the command is given or alarm is sounded, students need to follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

Emergency Medical Treatment and Information

If a student has a medical emergency at school or a school-related activity when the parent cannot be reached, the school may have to rely on previously provided written parental consent to obtain emergency medical treatment, and information about allergies to medications, foods, insect bites, etc. Therefore, parents are asked each year to complete an emergency care consent form. Parents should keep emergency care information up-to-date (name of doctor, emergency phone numbers, allergies, etc.). Please contact the school nurse to update any information that the nurse or the teacher needs to know.

Emergency School-Closing Information

Each year, parents are asked to complete an emergency release form to provide contact information in the event that school is dismissed early or opening is delayed because of severe weather or another emergency, or if the campus must restrict access due to a security threat. If the campus must close, delay opening, or restrict access to the building because of an emergency, the district will alert the community in the following ways: an announcement by
means of an automated phone call) to the student’s phone number on file, announcements made on major local radio and television stations, and on the district website at www.garlandisd.net. Announcements regarding the late opening, cancellation, or early closing of schools because of inclement weather conditions will be made as near 6:30 a.m. as possible.

If it becomes necessary to make-up days in which the schools were closed, an announcement will be made well in advance of the make-up date. Notification will be provided by the schools, either by letter, calendar of events, or automated phone call. The district website will include this information for parents as well.

**SAT, ACT, AND OTHER STANDARDIZED TESTS**

[See Standardized Testing.]

**SCHEDULE CHANGES**

**High School**

Students who attend class regularly, turn in all required work, and attend tutorials as needed, will increase their likelihood of achieving academic success. If students experience serious academic difficulties and/or have failing grades, a parent/student/teacher conference is recommended.

Students who follow these steps yet continue to experience consistent academic failure may submit a written request form for a semester schedule change. Each high school will designate a time period during which request forms may be submitted.

Students may not add a course after the third week of the semester. If there are special circumstances such as new or transfer students or graduating seniors, the principal may approve an addition after this time.

**Middle School**

School personnel recommend enrollment in appropriate classes according to previous scholastic grades, standardized achievement test scores, and ability scores. Students and parents may request placement in an advanced level of grouping. Any change in the recommended level must be approved by the principal.

Failing grades in any class do not justify a recommendation for rescheduling into an alternative class when ability scores and achievement scores clearly indicate the student can do the required work.

Students who experience serious difficulties and/or have failing grades early in the school year should discuss the problem with the teacher, counselor, and principal. If it is recommended that the student will benefit from a schedule change and parents agree with the recommendation, this change should be made immediately. If the schedule change is delayed for any reason and the student continues to fail at the end of the semester, the change will be made at that time.

**SCHOOL BOARD MEETINGS**

Regular meetings of the Board of Trustees shall be held on the second and fourth Tuesdays of
School Hours

Pre-Kindergarten Campuses
- 8:02 a.m. - 11:05 a.m. for Morning Pre-Kindergarten
- 12:217 p.m. - 3:20 p.m. for Afternoon Pre-Kindergarten

Elementary Campuses (Kindergarten – 5th Grade)
- 8:10 a.m. - 3:20 p.m. for all elementary schools except Classical Center at Vial
- 8:50 a.m. - 3:50 p.m. for Classical Center at Vial

Middle Schools (6th – 8th Grade)
- 8:50 a.m. - 4:00 p.m.

High Schools (9th – 12th Grade)
- 7:30 a.m. - 2:40 p.m.

Conduct Before and After School (All Grade Levels)

Teachers and administrators have full authority over student conduct at before- or after-school activities on district premises and at school-sponsored events off district premises, such as play rehearsals, club meetings, athletic practices, and special study groups or tutorials. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the Student Code of Conduct or any stricter standards of behavior established by the sponsor for extracurricular participants.

Cafeteria Services (All Grade Levels)

The district participates in the School Breakfast Program and National School Lunch Program and offers students nutritionally balanced meals daily in accordance with standards set forth in state and federal law.

Free and reduced-price meals are available based on financial need or household situation. Information about a student’s participation is confidential; however, disclosure of a student’s eligibility may be made without prior notice or consent to programs, activities, and individuals that are specifically authorized access under the National School Lunch Act (NSLA), which is the law that sets forth the disclosure limits for the district’s child nutrition programs. A student’s name, eligibility status, and other information may be disclosed to certain agencies as authorized under the NSLA to facilitate the enrollment of eligible children in Medicaid of the state children’s health insurance program (CHIP) unless the student’s parent notifies the district that a student’s information should not be disclosed. A parent’s decision will not affect the student’s eligibility for free and reduced price meals or free milk. See the school office to apply for free or reduced price meal services or contact Student Nutrition Services at 972-494-8322.

Parents are strongly encouraged to continually monitor their student’s meal account balance.
When a student’s meal account is depleted, the district will notify the parent. All Garland ISD students will be allowed to charge up to a negative balance of $25.00 on their meal accounts. Students will be given a low balance notice when they have any negative balance. The parent/guardian will be contacted via Skylert notification system when negative balance reaches $10.00. Students will not be allowed to exceed the $25 charge limit. A courtesy meal may be provided. It is a goal of the District that no child goes without a meal. We will work with families to ensure they are receiving all meal benefits for which they are eligible.

Use of Hallways during Class Time (All Grade Levels)

Loitering or standing in the halls during class is not permitted. During class time, a student must have a hall pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action in accordance with the Student Code of Conduct.

Library (All Grade Levels)

Each school has a certified librarian. Visit the campus library web pages to discover the many activities and resources provided by the individual school libraries and to learn more about the student skills, competencies, and proficiencies we focus on at different levels.

Meetings of Non-curriculum-Related Groups

Student-organized, student-led non-curriculum-related groups are permitted to meet during the hours designated by the principal before and after school. These groups must comply with the requirements of policy FNAB (LOCAL).

A list of these groups is available in the principal’s office.

SCHOOL SUPPLY LISTS

Pre-Kindergarten and Elementary Campuses

It is strongly suggested that parents check with their child’s school before making any purchases. Many schools prepare their own supply lists and/or sell pre-packaged supplies at the school. Visit the campus website for details.

Please mark all supplies with the child’s name. Additional supplies may be requested by the teacher during the year for special projects.

Middle and High Schools

Middle school and high school students are encouraged to purchase basic supplies such as paper, pens, pencils, etc. prior to the first day of school. Teachers will inform the students of the supplies they will need.

SEARCHES

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, district officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law.
Students’ Desks and Lockers

Students’ desks and lockers are school property and remain under the control and jurisdiction of the school even when assigned to an individual student.

Students are fully responsible for the security and contents of their assigned desks and lockers. Students must be certain that their lockers are locked, and that the combinations are not available to others.

Searches of desks or lockers may be conducted at any time there is reasonable suspicion to believe that they contain articles or materials prohibited by policy, whether or not a student is present.

The parent will be notified if any prohibited items are found in the student’s desk or locker.

Telecommunications and Other Electronic Devices

Use of district-owned equipment and its network systems is not private and will be monitored by the district. [See policy CQ for more information.]

Any searches of personal telecommunications or other personal electronic devices will be conducted in accordance with law, and the device may be confiscated in order to perform a lawful search. A confiscated device may be turned over to law enforcement to determine whether a crime has been committed.

[See policy FNF (LEGAL) and Electronic Devices and Technology Resources for more information.]

Vehicles on Campus (Secondary Grade Levels Only)

A student has full responsibility for the security and content of his or her vehicle parked on district property and must make certain that it is locked and that the keys are not given to others. [See the Student Code of Conduct.]

Vehicles parked on district property are under the jurisdiction of the district. School officials may search any vehicle any time there is reasonable suspicion to do so, with or without the permission of the student. If a vehicle subject to search is locked, the student will be asked to unlock the vehicle. If the student refuses, the student’s parent will be contacted. If a search is also refused by the student’s parent, the district will turn the matter over to law enforcement. The district may, in certain circumstances, contact law enforcement even if permission to search is granted.

Trained Dogs (All Grade Levels)

The district will use trained dogs to alert school officials to the presence of prohibited or illegal items, including drugs and alcohol. At any time, trained dogs may be used around lockers and the areas around vehicles parked on school property. Searches of classrooms, common areas, or student belongings may also be conducted by trained dogs when students are not present. An item in a classroom, a locker, or a vehicle to which a trained dog alerts may be searched by school officials.

STANDARDIZED TESTING

Secondary Grade Levels

SAT/ACT (Scholastic Aptitude Test and American College Test)

Many colleges require either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) for admission. Students are encouraged to talk with the school counselor early during their junior year to determine the appropriate examinations to take; these examinations are usually taken at the end of the junior year. The Preliminary SAT (PSAT) and ACT-Aspire are the corresponding preparatory and readiness assessments for the SAT and ACT, and more information can be obtained on these assessments from the school counselor.

Note: Participation in these assessments may qualify a student to receive a performance acknowledgment on his or her transcript under the foundation graduation program and may qualify as a substitute for an end-of-course testing requirement in certain circumstances. A student’s performance at a certain level on the SAT or ACT also makes the student eligible for automatic admission to a Texas public institution of higher education.

TSI (Texas Success Initiative) Assessment

Prior to enrollment in a Texas public college or university, most students must take a standardized test called the Texas Success Initiative (TSI) assessment. The purpose of the TSI assessment is to assess the reading, mathematics, and writing skills that entering freshmen-level students should have if they are to perform effectively in undergraduate certificate or degree programs in Texas public colleges and universities. This assessment may be required before a student enrolls in a dual-credit course offered through the district as well. Achieving certain benchmark scores on this assessment for college readiness may also waive certain end-of-
course assessment requirements in limited circumstances

**STAAR (State of Texas Assessments of Academic Readiness)**

**Grades 3–8**

In addition to routine tests and other measures of achievement, students at certain grade levels are required to take the state assessment, called STAAR, in the following subjects:

- Mathematics, annually in grades 3–8
- Reading, annually in grades 3–8
- Writing, including spelling and grammar, in grades 4 and 7
- Science in grades 5 and 8
- Social Studies in grade 8

Successful performance on the reading and math assessments in grades 5 and 8 is required by law in order for the student to be promoted to the next grade level, unless the student is enrolled in a reading or math course intended for students above the student’s current grade level. Exceptions may apply for students enrolled in a special education program in the admission, review, and dismissal (ARD) committee concludes the students has made sufficient progress in the student’s individual education plan (IEP). [See Promotion and Retention for additional information.]

STAAR Alternate 2 is available for eligible students receiving special education services who meet certain state-established criteria, will be available for eligible students, as determined by the student’s ARD committee.

An admission, review and dismissal (ARD committee for a student receiving special education services will determine whether successful performance on the EOC assessments will be required for graduation within the parameters identified in state rules and the student’s personal graduation plan (PNP).

STAAR Spanish is available for eligible students for whom a Spanish version of STAAR is the most appropriate measure of their academic progress. [See Graduation for additional information.]

**High School Courses—End-of-Course (EOC) Assessments**

STAAR end-of-course (EOC) assessments are administered for the following courses:

- Algebra I
- English I and English II
- Biology
- United States History

Satisfactory performance on the applicable assessments will be required for graduation, unless otherwise waived or substituted as allowed by state law and rules.

There are three testing windows during the year in which a student may take an EOC assessment,
which will occur during the fall, spring, and summer months. If a student does not meet satisfactory performance, the student will have additional opportunities to retake the assessment.

STAAR Alternate 2 is available for eligible students receiving special education services who meet certain state-established criteria, will be available for eligible students, as determined by the student’s ARD committee.

A student’s ARD committee for students receiving special education services will determine whether successful performance on the EOC assessments will be required for graduation within the parameters identified in state rules and the student’s personal graduation plan.

[See Graduation for additional information.]

**STEROIDS**

State law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for medical use only, and only a physician can prescribe use. Body building, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

**STUDENT IDENTIFICATION REQUIREMENTS**

All high school students must have their student ID visible at all times. At the beginning of each school year, students shall receive a new student ID badge for no charge. Should a student need to replace their student ID a $5.00 fee shall be charged.

**STUDENTS IN FOSTER CARE**

In an effort to provide educational stability, the district will assist any student who is currently placed or newly placed in foster care (temporary or permanent custody of the state) with the enrollment and registration process, as well as other educational services throughout the student’s enrollment in the district.

Please contact, Student Services Case Manager at 972-494-8255 with any questions.

[See Students in the Conservatorship of the State.]

**STUDENT SPEAKERS**

If a student meets the eligibility criteria and wishes to introduce one of the school events listed above, the student should submit his or her name in accordance with policy FNA (LOCAL).

[See policy FNA (LOCAL) regarding other speaking opportunities and Graduation for information related to student speakers at graduation ceremonies.]

**SUBSTANCE ABUSE PREVENTION AND INTERVENTION**

If you are worried that your child may be using or is in danger of experimenting, using, or
abusing illegal drugs or other prohibited substances, please contact the school counselor. The school counselor can provide you with a list of community resources that may be of assistance to you. The Texas Department of State Health Services (DSHS) maintains information regarding children’s mental health and substance abuse intervention services on its website: http://www.dshs.state.tx.us/mhsa-child-adolescent- services/.

SUICIDE AWARENESS AND MENTAL HEALTH SUPPORT

The district is committed to partnering with parents to support the healthy mental, emotional, and behavioral development of its students. If you are concerned about your child, please access http://www.texassuicideprevention.org or contact the school counselor for more information related to suicide prevention services available in your area.

You may also contact the National Suicide Prevention Lifeline at 1-800-273-8255.

The district provides opportunities for a summer school program. A summer school program shall meet the same content and achievement standards applicable to regular school term programs, except where special provisions apply. The district also offers enrichment opportunities, Camp GISD, for students in grades K-8, and a PSAT/SAT exam preparation program for qualifying students between their sophomore and junior year. Path College/Career summer elective courses are also offered for students in grades 9 – 12 at all traditional high school campuses, and a four day college prep camp is offered to rising seniors at all traditional high school campuses as well. See the school or the Special Programs Department for more information.

TARDIES (All Grade Levels)

Elementary and middle school students who arrive more than 10 minutes late to school will be counted absent for first period. High school students who arrive more than 18 minutes late to class will be counted absent for the period. Repeated instances of tardiness may result in disciplinary action, in accordance with the Student Code of Conduct.

TEXTBOOKS, ELECTRONIC TEXTBOOKS, TECHNOLOGICAL EQUIPMENT, AND OTHER INSTRUCTIONAL MATERIALS

Textbooks and other district-approved instructional materials are provided to students free of charge for each subject or class. Any books must be covered by the student, as directed by the teacher, and treated with care. Electronic textbooks and technological equipment may also be provided to students, depending on the course and course objectives. A student who is issued a damaged item should report the damage to the teacher. Any student failing to return an item in acceptable condition loses the right to free textbooks and technological equipment until the item is returned or the damage paid for by the parent; however, the student will be provided the necessary instructional resources and equipment for use at school during the school day.
TRANSFERS

The principal or designee is authorized to transfer a student from one classroom to another. Student’s parent/guardian can request the transfer of their child from one GISD campus to another by submitting an In-district Transfer Request Form. These forms are available at every campus and at the Student Services Center.

[See School Safety Transfers, Bullying, and Students Who Have Learning Difficulties or Who Need Special Education or Section 504 Services, for other transfer options.]

TRANSPORTATION (All Grade Levels)

School-Sponsored Trips

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. As approved by the principal, a coach or sponsor of an extracurricular activity may establish procedures related to making an exception to this requirement when a parent requests that the student be released to the parent or to another adult designated by the parent.

Buses and Other School Vehicles

The district makes school bus transportation available to all students living two or more miles from a school they can attend. This service is provided at no cost to students.

The Freedom of Choice Plan gives parents an option of choosing any other available school within the district; however, parents must provide transportation to an alternate choice.

Bus routes and stops will be designated annually, and any subsequent changes will be mailed to parents/guardians of all eligible regular and special education students.

For the safety of the operator of the vehicle and all passengers, students must board buses or other vehicles only at authorized stops, and drivers must unload passengers only at authorized stops.

The district shall identify areas where hazardous conditions exist for students who live within two miles from the campus. Because students in these areas might encounter hazardous conditions when traveling to and from school independently, the district will provide transportation to these students. For more information, please contact the district’s Transportation Department at 972-494-8530.

[See the Student Code of Conduct for provisions regarding transportation to the DAEP.]

Students are expected to assist district staff in ensuring that buses and other district vehicles remain in good condition and that transportation is provided safely. When riding in district vehicles, including buses, students are held to behavioral standards established in this handbook and the Student Code of Conduct. Students must:

- Follow the driver’s directions at all times.
- Enter and leave the vehicle in an orderly manner at the designated stop.
• Keep feet, books, instrument cases, and other objects out of the aisle.
• Not deface the vehicle or its equipment.
• Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the vehicle.
• Not possess or use any form of tobacco on any district vehicle.
• Observe all usual classroom rules.
• Be seated while the vehicle is moving.
• Fasten their seat belts, if available.
• Wait for the driver’s signal upon leaving the vehicle and before crossing in front of the vehicle.
• Follow any other rules established by the operator of the vehicle or the district.

Misconduct will be punished in accordance with the Student Code of Conduct; the privilege to ride in a district vehicle, including a school bus, may be suspended or revoked.

**VANDALISM (All Grade Levels)**

The taxpayers of the community have made a sustained financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended—both this year and for years to come—littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

**VIDEO CAMERAS (All Grade Levels)**

For safety purposes, video and audio recording equipment is used to monitor student behavior, including on buses and in common areas on campus. Students will not be told when the equipment is being used.

The principal will review the video and audio recordings routinely and document student misconduct. Discipline will be in accordance with the Student Code of Conduct.

Upon written request of a parent of a student who receives special education services, a staff member (as this term is defined by law), a principal or assistant principal, or the board, state law requires the district to place video and audio recording equipment in a classroom in which the student spends at least 50 percent of his or her instructional day, referred to in the law as a self-contained classroom. The majority of students in this type of classroom must also be students who receive special education services. Before the district places a video camera in a classroom or other setting in which your child receives special education services, the district will provide notice to you. Please speak directly with the principal for further information or to request the installation and operation of this equipment.

[See EHBAF (LOCAL).]

When arriving on campus, all parents and other visitors should be prepared to show identification.

Visits to individual classrooms during instructional time are permitted only with approval of the principal and teacher and only so long as their duration or frequency does not interfere with the delivery of instruction or disrupt the normal school environment. Even if the visit is approved prior to the visitor’s arrival, the individual must check in at the main office first.

VOLUNTEERS (All Grade Levels)

GISD encourages parents, guardians, and patrons of the district to become an active part of the success in our schools by sharing their time and talents as a volunteer.

For the safety of the students, volunteer applicants who will work one-on-one with a student or chaperone an overnight field trip will be subject to a formal criminal history check.
A formal criminal history check requires the volunteer applicant to submit the following two forms to the school: “DPS Form” and the “Criminal History Check.” The school can provide both forms. The results of the formal criminal history check will determine the applicant’s volunteer eligibility.

For additional information contact the school or visit http://www.garlandisd.net/content/volunteer-our-schools

A student who is eligible to vote in any local, state, or federal election may obtain a voter registration application at the main campus office.

**WITHDRAWING FROM SCHOOL (All Grade Levels)**

The parent may obtain a withdrawal form from the principal’s office. On the student’s last day, the withdrawal form must be presented to staff for book and equipment clearance, to the librarian to ensure a clear library record, and to a campus administrator for approval. A copy of the withdrawal form with current grade averages and vaccination records will be given to the student/parent, and a copy will be placed in the student’s permanent record.

A student who is age 18 or older, who is married, or who has been declared by a court to be an emancipated minor may withdraw without parental signature.

Google Apps for Education

As Garland ISD continues to strengthen its commitment to providing a 21st century teaching and learning environment, we are excited to utilize Google Apps for Education within our own domain. Providing students and teachers access to Google Apps for Education will enable the district to leverage free online tools that foster communication, collaboration, time-management and support anytime-anywhere access.

Google Apps for Education tools include:

<table>
<thead>
<tr>
<th>Product</th>
<th>Grade Level</th>

<tbody>
<tr>
<td>YouTube Safe Search</td>
<td>PK-12</td>

<td>6-12</td>
</tr>
<tr>
<td>Gmail</td>
<td>6-12</td>
</tr>
<tr>
<td>Blogger</td>
<td>9-12</td>
</tr>
</tbody>
</table>

The primary reason for providing these tools to students is to:

- Increase communication between students and teachers
- Facilitate paperless transfer of work between students and teachers
- Provide students access to productivity tools and cloud storage
- Provide students the opportunity to engage in a collaborative peer workspace both in and out of the classroom

**Official Email Address:** Students in grades 6-12 will be assigned a Garland ISD student email account. The email account is set up so that students are able to send and receive messages to and from GISD staff and students. In rare cases, the need for external email communications in order to support scholarly needs is allowed. Students in lower grades will receive a Google account that will look similar to an email account (ex. student-email@students.garlandisd.net), but email will not be activated if students are not in Middle School or High School.

**Conduct:** Students are expected to follow all aspects of the Garland ISD Acceptable Use Policy and Student Handbook. Students should notify campus administration or teachers of anything inappropriate or if any tampering of their account occurs.

**Access Restriction:** Access to and use of Google Apps for Education is considered a privilege. The District maintains the right to remove access and use of the account when there is reason to believe that violation of law or School Board policies have occurred. In such cases, the alleged violation will be referred the campus principal for further investigation and application of necessary consequence indicated in the Student Code of Conduct.

**Security:** Garland ISD cannot and does not guarantee that the security and confidentiality of Google’s system will never be breached and that as a result, personal identifiable information will
be obtained or accessed by unauthorized persons. This is a situational risk that is common to anyone who uses the Internet. Although Garland ISD has an internet filter in place, the District cannot assure that users will not be exposed to non-educational material outside of the GISD network. Teachers and parents should monitor internet usage and remind students of best internet safety practices.

**Privacy:** The District reserves the right to access, monitor and review content in the Google Apps for Education system at any time. The District complies with all state and federal privacy laws. For more information on Google and their privacy policies, please visit -
http://www.google.com/enterprise/apps/education/
https://support.google.com/a/answer/60762?hl=en

**Partnership:** As with any educational endeavor, we feel that a strong partnership with families is essential to a successful experience. If you do not wish for your student to participate in this program, please email googleoptout@garlandisd.net

**Curriculum:** Students who opt out of Google Apps for Education account can continue to utilize the Garland ISD internal network. This will allow your student to have access to the internet, Office products, file storage and other applications. However, they will not be able to collaborate with teachers or classmates on projects or communicate utilizing this system. Alternate assignments will be available for your student and his/ her grade will not be adversely affected by not have accessing to Google Apps for Education.

STUDENT CODE OF CONDUCT

Purpose

The Student Code of Conduct is the district’s response to the requirements of Chapter 37 of the Texas Education Code.

The Code provides methods and options for managing students in the classroom and on school grounds, disciplining students, and preventing and intervening in student discipline problems.

The law requires the district to define misconduct that may—or must—result in a range of specific disciplinary consequences including removal from a regular classroom or campus, out-of-school suspension, placement in a disciplinary alternative education program (DAEP), placement in a juvenile justice alternative education program (JJAEP), or expulsion from school.

This Student Code of Conduct has been adopted by the Garland Independent School District Board of Trustees and developed with the advice of the district-level committee. This Code provides information to parents and students regarding standards of conduct, consequences of misconduct, and procedures for administering discipline. It remains in effect during summer school and at all school-related events and activities outside of the school year until an updated version adopted by the board becomes effective for the next school year.

In accordance with state law, the Code shall be posted at each school campus or shall be available for review at the office of the campus principal. Additionally, the Code shall be available and posted on the district’s website. Parents shall be notified of any conduct violation that may result in a student being suspended, placed in a DAEP, JJAEP, expelled, or taken into custody by a law enforcement officer under Chapter 37 of the Education Code.

Because the Student Code of Conduct is adopted by the district’s board of trustees, it has the force of policy; therefore, in case of conflict between the Code and the student handbook, the Code shall prevail.

Please Note: The discipline of students with disabilities who are eligible for services under federal law (Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973) is subject to the provisions of those laws.
School District Authority and Jurisdiction

School rules and the authority of the district to administer discipline apply whenever the interest of the district is involved, on or off school grounds, in conjunction with or independent of classes and school-sponsored activities.

The district has disciplinary authority over a student:

1. During the regular school day and while the student is going to and from school or a school-sponsored or school-related activity on district transportation;
2. During lunch periods in which a student is allowed to leave campus;
3. While the student is in attendance at any school-related activity, regardless of time or location;
4. For any school-related misconduct, regardless of time or location;
5. When retaliation against a school employee or volunteer occurs or is threatened, regardless of time or location;
6. When a student engages in bullying or cyberbullying, as provided by Education Code 37.0832;
7. When criminal mischief is committed on or off school property or at a school-related event;
8. For certain offenses committed within 300 feet of school property as measured from any point on the school’s real property boundary line;
9. For certain offenses committed while on school property or while attending a school-sponsored or school-related activity of another district in Texas;
10. When the student commits certain felonies, as provided by Education Code 37.006 or 37.0081; and
11. When the student is required to register as a sex offender.

The district has the right to search a vehicle driven to school by a student and parked on school property whenever there is reasonable cause to believe it contains articles or materials prohibited by the district.

The district has the right to search a student’s locker or desk when there is reasonable cause to believe it contains articles or materials prohibited by the district.

District administrators conduct routine blanket inspections and searches of lockers and desks.

The Right to Interview Students

School officials have the legal authority and responsibility to investigate violations of the Student Code of Conduct and to interview students without prior notice to parents or guardians in order to do so. This authority is derived from the common law doctrine of “in loco parentis”, which means school officials are standing in the place of the parents when the students are at school or attending school sponsored activities. School officials exercise this authority to maintain the safety and security of the school environment and to prevent the disruption of instructional programs. For provisions pertaining to student questioning by law enforcement officials or other lawful authorities, see GRA (LOCAL).
**Parent Defined**
Throughout the Code of Conduct and related discipline policies, the term “parent” includes a parent, legal guardians, or other person having lawful control of the child.

**Surveillance and Security Equipment**
Video and audio equipment are used for safety purposes including monitoring student behavior on district transportation and any other school property. Students are not informed about whether the equipment is turned on. Tapes shall remain in the custody of the district and be maintained as required by law. A parent or guardian who wishes to view videotape in response to disciplinary action against the student may request such access under the procedures set out by law.

**Reporting Crimes**
The principal and other school administrators as appropriate shall report crimes as required by law and shall call local law enforcement when an administrator suspects that a crime has been committed on campus.

**Participating in Graduation Activities**
The district has the right to limit a student’s participation in graduation activities for violating the district’s Code.

Participation might include a speaking role, as established by district policy and procedures.

Students eligible to give the opening and closing remarks at graduation shall be notified by the campus principal. Notwithstanding any other eligibility requirements, in order to be considered as an eligible student to give the opening or closing remarks, a student shall not have engaged in any misconduct in violation of the district’s Code resulting in an out-of-school suspension, removal to a DAEP, or expulsion during the semester immediately preceding graduation.

The valedictorian and salutatorian may also have speaking roles at graduation. No student shall be eligible to have such a speaking role if he or she engaged in any misconduct in violation of the district’s Code resulting in an out-of-school suspension, removal to a DAEP, or expulsion during the semester immediately preceding graduation.

See DAEP—Restrictions during Placement for information regarding a student assigned to the DAEP at the time of graduation.

See Expulsion – Restrictions during Expulsion for information regarding a student assigned to the JJAEP at the time of graduation.

**Unauthorized Persons**
In accordance with Education Code 37.105, a school administrator, school resource officer (SRO), or district police officer shall have authority to refuse entry or eject a person from district property if the person refuses to leave peaceably on request and:

1. The person poses a substantial risk of harm to any person; or
2. The person behaves in a manner that is inappropriate for a school setting, and the person persists in the behavior after being given a verbal warning that the behavior is inappropriate.
and may result in refusal of entry or ejection.

Appeals regarding refusal of entry or ejection from district property may be filed in accordance with FNG (LOCAL) or GF (LOCAL), as appropriate.

**STANDARDS FOR STUDENT CONDUCT**

Each student is expected to:

- Be aware of all items that are brought onto any Garland Independent School District property. This includes, but is not limited to, items carried in clothing, backpacks, and vehicles or placed in lockers or desks.
- Demonstrate courtesy, even when others do not.
- Behave in a responsible manner, always exercising self-discipline.
- Attend all classes, regularly and on time.
- Prepare for each class; take appropriate materials and assignments to class.
- Meet district and campus standards of grooming and dress.
- Obey all campus and classroom rules.
- Respect the rights and privileges of students, teachers, and other district staff and volunteers.
- Have their student ID visible at all times if attending high school.
- Respect the property of others, including district property and facilities.
- Cooperate with and assist the school staff in maintaining safety, order, and discipline.
- Notify teachers or school officials of any conflict with other students, including threats.
- Address complaints through appropriate channels.
- Adhere to the requirements of the Student Code of Conduct.

Conduct by students either in or out of class that for any reason, whether because of time, place, or manner of behavior, materially disrupts class work or involves substantial disorder or invasion of the rights of other students or employees at school or school-related activities is prohibited.

Student demonstrations and similar activities shall be prohibited when there is evidence that may reasonably lead school authorities to forecast substantial disruption of, or material interference with, normal school operations or approved school activities.

**EXTRACURRICULAR STANDARDS FOR STUDENT CONDUCT**

With approval of the Superintendent and principal, sponsors and coaches of extracurricular activities may develop and enforce standards of conduct that are higher than the district-developed Student Code of Conduct and may maintain membership and eligibility for participation in activities on adherence to those established standards. These organizational standards of behavior are independent of the Student Code of Conduct. Violations of the Student Code of Conduct may result in independent disciplinary action by the school.

Students shall be informed of any extracurricular behavior standards for the organization in
conjunction with tryout, practice or acceptance/induction into membership. Students and their parents shall sign and return to the sponsor or coach a statement acknowledging recognition of the extracurricular behavior standards and consent to abide by them as a condition of membership or participation in the activity.

A student may be removed from membership or participation in extracurricular activity or may be excluded from school honors for violation of organizational standards of behavior or for violations of the Student Code of Conduct.

The higher standards may take into account conduct that occurs at any time, on or off school property. No provision of the extracurricular behavioral standard shall have the effect of discriminating on the basis of sex, race, disability, religion, ethnicity, national origin, or any other basis prohibited by law.

A student who has engaged in conduct punishable as a Title 5 Felony offense as defined by the Texas Penal Code or is charged with aggravated robbery or possession of a deadly weapon during the current school year shall be suspended from competition or performance in extracurricular activities for the remainder of the current school year.

GENERAL CONDUCT VIOLATIONS

The categories of conduct below are prohibited at school, in vehicles owned or operated by the district, and at all school-related activities, but the list does not include the most severe offenses. In the subsequent sections on Out-of-School Suspension, DAEP Placement, Placement and/or Expulsion for Certain Offenses, and Expulsion, certain offenses that require or permit specific consequences are listed. Any offense, however, may be severe enough to result in Removal from the Regular Educational Setting as detailed in that section.

Disregard for Authority

Students shall not:

- Fail to comply with directives given by school personnel (insubordination).
- Leave school grounds or school-sponsored events without permission. All GISD campuses are closed for lunch. All students must remain on campus during lunch.
- Disobey rules for conduct on district vehicles.
- Refuse to accept discipline management techniques assigned by a teacher or principal.

Mistreatment of Others

Students shall not:

- Use profanity or vulgar language or make obscene gestures.
- Fight or scuffle. (For assault see DAEP Placement and Expulsion.)
- Threaten a district student, employee, or volunteer, including off school property, if the conduct causes a substantial disruption to the educational environment.
- Engage in bullying, cyberbullying, harassment, or making hit lists. (See glossary for all four terms.)
• Release or threaten to release intimate visual material of a minor or a student who is 18 years of age or older without the student’s consent.
• Engage in conduct that constitutes sexual or gender-based harassment or sexual abuse, whether by word, gesture, or any other conduct, directed toward another person, including a district student, employee, board member, or volunteer.
• Engage in conduct that constitutes dating violence. (See glossary.)
• Engage in inappropriate or indecent exposure of private body parts.
• Participate in hazing. (See glossary.)
• Cause an individual to act through the use of or threat of force (coercion).
• Commit extortion or blackmail (obtaining money or an object of value from an unwilling person).
• Engage in inappropriate verbal, physical, or sexual conduct directed toward another person, including a district student, employee, SRO, volunteer or other adult.
• Record the voice or image of another without the prior consent of the individuals being recorded or in any way that disrupts the educational environment or invades the privacy of others.

Property Offenses
Students shall not:
• Damage or vandalize property owned by others. (For felony criminal mischief see DAEP Placement or Expulsion.)
• Deface or damage school property—including textbooks, technology and electronic resources, lockers, furniture, and other equipment—with graffiti or by other means.
• Steal from students, staff, or the school.
• Commit or assist in a robbery or theft even if it does not constitute a felony according to the Texas Penal Code. (For felony robbery, aggravated robbery, and theft see DAEP Placement and Expulsion.)

Possession of Prohibited Items
Students shall not possess or use:
• Fireworks of any kind, smoke or stink bombs, or any other pyrotechnic device;
• Any hazardous material such as mercury or acid;
• A razor, box cutter, chain, or any other object used in a way that threatens or inflicts bodily injury to another person;
• A “look-alike” weapon that is intended to be used as a weapon or could reasonably be perceived as a weapon;
• An air gun or BB gun;
• A location-restricted knife;
• A hand instrument designed to cut or stab another by being thrown;
• A firearm;
• A stun gun;
• Any device designed to propel a projectile;
• A pocketknife or any other small knife;
• Mace or pepper spray;
• Pornographic material;
• Tobacco products; cigarettes; e-cigarettes; vapes and any component, part, or accessory for an e-cigarette device or vape;
• Matches or a lighter;
• A laser pointer for other than an approved use; or
• Any articles not generally considered to be weapons, including school supplies, when the principal or designee determines that a danger exists.

*For weapons and firearms see DAEP Placement and Expulsion. In most circumstances, possession of these items is punishable by mandatory expulsion under federal or state law.

**Possession of Telecommunications or Other Electronic Devices**

Students shall obtain prior approval before using personal telecommunication devices, including cellular phones or other electronic devices for instructional purposes. Parents and students are required to sign a user agreement that contains applicable rules for use (separate from the Code).

An authorized district employee may confiscate a personal telecommunications device, including a cellular phone or other electronic devices used in violation of district or campus rules. The device shall be turned in to a campus administrator. The campus administrator shall do the following:

• The parent shall be notified after the telecommunication or electronic device is confiscated.
• A parent may retrieve the device without charge on the first infraction.
• When the device is confiscated and retrieved by the student on the first infraction, an administrative fee not to exceed $15 may be charged for the return of the device.
• If confiscated a second time and retrieved by the parent for the student, an administrative fee of $15 will be charged for the return of the device.
• Three violations may result in confiscation of the device for the remainder of the school year.
• Confiscated telecommunication or electronic devices shall be held by the district for 30 days after notification to parent has been made. After the 30 day period has expired, the district shall dispose of the telecommunication or electronic device or cellular phone. Refer to Board Policy [FNCE (LOCAL)].

The district is not responsible for damaged, lost, or stolen telecommunication or electronic devices.
Illegal, Prescription, and Over-the-Counter Drugs

Students shall not:

- Possess, use, give, or sell alcohol or an illegal drug. (Also see DAEP Placement and Expulsion for mandatory and permissive consequences under state law.)

- Possess or sell seeds or pieces of marijuana in less than a usable amount.

- Possess, use, give, or sell paraphernalia related to any prohibited substance. (See glossary for “paraphernalia.”)

- Possess, use, abuse, or sell look-alike drugs or attempt to pass items off as drugs or contraband.

- Abuse the student’s own prescription drug, give a prescription drug to another student, or possess or be under the influence of another person’s prescription drug on school property or at a school-related event. (See glossary for “abuse.”)

- Abuse over-the-counter drugs. (See glossary for “abuse.”) Be under the influence of prescription or over-the-counter drugs that cause impairment of the physical or mental faculties. (See glossary for “under the influence.”)

- Have or take prescription drugs or over-the-counter drugs at school other than as provided by district policy.

Misuse of Technology Resources and the Internet

Students shall not:

- Violate policies, rules, or agreements signed by the student or the student’s parent regarding the use of technology resources.

- Attempt to access or circumvent passwords or other security-related information of the district, students, or employees or upload or create computer viruses, including off school property if the conduct causes a substantial disruption to the educational environment.

- Attempt to alter, destroy, or disable district technology resources including but not limited to computers and related equipment, district data, the data of others, or other networks connected to the district’s system, including off school property if the conduct causes a substantial disruption to the educational environment.

- Use the Internet or other electronic communications to threaten district students, employees, board members, or volunteers, including off school property if the conduct causes a substantial disruption to the educational environment or infringes on the rights of another student at school.

- Send, post, deliver, or possess electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another’s reputation, or illegal, including cyberbullying and “sexting,” either on or off school property, if the conduct causes a substantial disruption to the educational environment or infringes on the rights of another student at school.

- Use the Internet or other electronic communication to engage in or encourage illegal behavior or threaten school safety, including off school property if the conduct causes a
substantial disruption to the educational environment or infringes on the rights of another student at school.

**Safety Transgressions**

Students shall not:

- Possess published or electronic material that is designed to promote or encourage illegal behavior or that could threaten school safety.
- Engage in verbal (oral or written) exchanges that threaten the safety of another student, a school employee, or school property.
- Make false accusations or perpetrate hoaxes regarding school safety.
- Engage in any conduct that school officials might reasonably believe will substantially disrupt the school program or incite violence.
- Throw objects that can cause bodily injury or property damage.
- Discharge a fire extinguisher without valid cause.

**Miscellaneous Offenses**

Students shall not:

- Violate dress and grooming standards as communicated in the student handbook.
- Cheat or copy the work of another.
- Trespass on to school property. (See glossary)
- Gamble.
- Falsify records, passes, or other school-related documents.
- Engage in actions or demonstrations that substantially disrupt or materially interfere with school activities.
- Repeatedly violate other communicated campus or classroom standards of conduct.

The district may impose campus or classroom rules in addition to those found in the Code. These rules may be posted in classrooms or given to the student and may or may not constitute violations of the Code.

**DISCIPLINE MANAGEMENT TECHNIQUES**

Discipline shall be designed to improve conduct and to encourage students to adhere to their responsibilities as members of the school community. Disciplinary action shall draw on the professional judgment of teachers and administrators and on a range of discipline management techniques, including restorative discipline practices. Discipline shall be correlated to the seriousness of the offense, the student’s age and grade level, the frequency of misbehavior, the student’s attitude, the effect of the misconduct on the school environment, and statutory requirements.

In deciding whether to remove a student from a student’s regular classroom to in-school suspension (Reassignment Room), out-of-school suspension, DAEP, JJAEP, or expulsion the
district, principal, or appropriate administrator will take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student’s disciplinary history, or
4. A disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct.

Because of these factors, discipline for a particular offense, including misconduct in a district vehicle owned or operated by the district, unless otherwise specified by law, may bring into consideration varying techniques and responses.

**Students with Disabilities or Section 504**

The discipline of students with disabilities is subject to applicable state and federal law in addition to the Student Code of Conduct. To the extent any conflict exists, state and/or federal law shall prevail.

In accordance with the Education Code, a student who receives special education services may not be disciplined for conduct meeting the definition of bullying, cyberbullying, harassment, or making hit lists (see glossary) until an Admission, Review, and Dismissal (ARD) committee meeting has been held to review the conduct.

In deciding whether to order in/out of school suspension, DAEP placement, or expulsion, regardless of whether the action is mandatory or discretionary, the district shall take into consideration a disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct.

Each student with disability eligibility under the Individual with Disabilities Education Act (IDEA) or as warranted by Section 504 shall have an individualized education program (IEP/IAP) to address the student’s specialized education needs. If the student’s IEP contains disciplinary sanctions and is not being challenged in an administrative or court appeal pursuant to the Individual with Disabilities Education Act (IDEA), then those sanctions in the IEP should be followed.

A behavior intervention plan (BIP) or a behavior modification plan (BMP) (Section 504) shall be developed for those eligible students who exhibit persistent misconduct and/or whose behavior interferes with learning. The behavior intervention plan (BIP) of a student with disabilities shall be reviewed prior to taking discipline action in order to determine that a selected discipline technique is not prohibited by the student’s plan. If it is determined that a behavior management technique is not appropriate to be applied to a student with disability, the ARD or Section 504 Committee shall determine what alternate consequences would be appropriate by referencing the student’s BIP.

For students with disabilities, an ARD or Section 504 Committee must be convened to consider the first removal of the student from class for more than 10 cumulative days in a school year and for any removal for over 10 consecutive days. Thereafter, an ARD or Section 504 Committee must be convened should a series of removals demonstrate a pattern of removal.
Techniques
The following discipline management techniques may be used alone, in combination, or as part of progressive interventions, for behavior prohibited by the Student Code of Conduct, or by campus or classroom rules:

- Verbal or written correction.
- Cooling-off time or “time-out.”
- Seating changes within the classroom or vehicles owned or operated by the district.
- Temporary confiscation of items that disrupt the educational process.
- Rewards or demerits.
- Behavioral contracts.
- Counseling by teachers, school counselors, or administrative personnel.
- Parent-teacher conferences.
- Behavior coaching.
- Anger management classes.
- Mediation (victim-offender).
- Classroom circles.
- Family group conferencing.
- Grade reductions for cheating, plagiarism, and as otherwise permitted by policy.
- Detention, including outside regular school hours. The parent or guardian shall be given notice of the student’s detention to permit the arrangement of any necessary transportation for the student. Except in cases where the student is 18 years of age or older, the detention shall not begin until the parent has been notified.
- Sending the student to the office or other assigned area, or to in-school suspension.
- Assignment of school duties such as cleaning or picking up litter.
- Withdrawal of privileges, such as participation in extracurricular activities, eligibility for seeking and holding honorary offices, or membership in school-sponsored clubs and organizations.
- Penalties identified in individual student organizations’ extracurricular standards of behavior.
- Restriction or revocation of district transportation privileges.
- School-assessed and school-administered probation.
- Out-of-school suspension, as specified in the Out-of-School Suspension section of this Code.
- Placement in a DAEP, as specified in the DAEP section of this Code.
- Placement and/or expulsion in an alternative educational setting, as specified in the Placement and/or Expulsion for Certain Offenses section of this Code.
- Expulsion, as specified in the Expulsion section of this Code.
• Referral to an outside agency or legal authority for criminal prosecution in addition to disciplinary measures imposed by the district.

• Other strategies and consequences as determined by school officials.

• Physical Restraint. Restraint means the use of physical force or a mechanical device to significantly restrict the free movement of all or a portion of the student’s body (TAC 89.1053). Any district employee may, within the scope of their duties, use and apply physical restraint to a student when the employee can reasonably assume it is necessary in order to:
  • Protect a person from physical harm, including the person using physical restraint.
  • Obtain possession of a weapon or other dangerous object.
  • Protect property from serious damage.
  • Control an irrational student.
  • Remove a student from a specific location who is refusing a lawful command of a school employee/SRO, including from a classroom or other school property, in order to restore order to impose disciplinary measures.

• Physical Restraint (Limited Use with Students having Disabilities). By Commissioner Rule (TAC 89.1053), a school employee, volunteer, or independent contractor may use restraint on students with disabilities only in an emergency and under the following guidelines:
  • Limited to such reasonable force as is necessary to address the emergency.
  • Use discontinued at the point at which the emergency no longer exists.
  • Implemented in such a way as to protect the health and safety of the student and others.
  • Does not deprive the student of basic human necessities.

• Restrictive Timeout in a setting that is not locked nor has the door physically blocked.

Questions from parents regarding disciplinary measures should be addressed to the teacher or campus administration, as appropriate.

Notification

The principal or appropriate administrator shall promptly notify a student’s parent or guardian by phone, in person, or in writing of any violation that may result in in-school suspension, out-of-school suspension, placement in a DAEP, placement in JJAEP, or expulsion. The principal or appropriate administrator shall also notify a student’s parent or guardian, if the student is taken into custody by a law enforcement officer under the disciplinary provisions of the Education Code. A good faith effort shall be made on the day the disciplinary action was taken to provide (to the student for delivery to the student’s parent) written notification of the disciplinary action. If the parent has not been reached by telephone or in person by 5:00 p.m. of the first business day after the day the disciplinary action was taken, the administrator shall send written notification by U.S. Mail. If the administrator is not able to provide notice to the parent, the principal or designee shall provide the notice.

Before the principal or appropriate administrator assigns a student under 18 to detention outside regular school hours, notice shall be given to the student’s parent to inform him/her of the reason of the detention and permit arrangements for necessary transportation.
STUDENT QUESTIONING BY POLICY OR AGENCY

When a representative of Child Protective Services (CPS) or another lawful authority desires to question or interview a student at school as part of a child abuse investigation, the principal shall cooperate fully with the official’s requests regarding the conditions of the interview or questioning. When law enforcement officers or other lawful authorities desire to question or interview a student at school for any purpose other than a child abuse investigation, the following guidelines shall apply: 1) the principal shall verify and record the identity of the officer or other authority and request an explanation of the need to question or interview the student at school; 2) The principal ordinarily shall make reasonable efforts to notify the student’s parents/guardians. If the interviewer raises what the principal considers to be a valid objection to the notification, parents shall not be notified; 3) The principal or a designee ordinarily shall be present during the questioning or interview. If the interviewer raises what the principal considers to be a valid objection to a third party’s presence, the interview shall be conducted without the principal’s or designee’s presence. CPS may choose not to share information due to confidentiality issues.

Parents/guardians may not always be notified when CPS visits with a student.

DISCIPLINARY APPEALS PROCESS

Appeals or complaints regarding the use of specific discipline management techniques should be addressed in accordance with policy FNG (LOCAL). A copy of the policy may be obtained from the principal’s office, the central administration office or through Board Policy online at https://www.garlandisd.net/content/complaints-concerns.

Consequences shall not be deferred pending the outcome of an appeal or complaint.

STUDENT CONDUCT ON SCHOOL PROVIDED TRANSPORTATION (BUS)

Students are expected to conduct themselves in a safe and orderly fashion at all times while being transported in school vehicles. For the security of all individuals, district employees who operate these vehicles shall have the authority to maintain control of students while the student is on district provided transportation. Transportation drivers shall handle routine discipline problems according to established rules and regulations.

- Under extreme circumstances in which the safety of passengers is threatened by the conduct of another student passenger, the offending passenger may be removed from the vehicle at the first place where this may be done safely.
  - The operator shall radio the transportation office for help and wait in the safe location for the offending passenger to be removed.
  - If the bus is still within proximity of the student’s school, the driver may return to the school for assistance.
- When a student commits repeated incidents of misconduct that are disruptive and compromise safety, the student’s riding privileges may be suspended.
- The student offender shall be promptly reported to the student’s principal and driver’s transportation supervisor.
Removal from the School Bus

A bus driver may refer a student to the principal’s office or the appropriate administrator’s office to maintain effective discipline on the bus. The principal or administrator must employ additional discipline management techniques, as appropriate, which can include restricting or revoking a student’s bus riding privileges.

Since the district’s primary responsibility in transporting students in district vehicles is to do so as safely as possible, the operator of the vehicle must focus on driving and not have his/her attention distracted by student misbehavior. Therefore, when appropriate disciplinary management techniques fail to improve student behavior or when specific misconduct warrants immediate removal, the principal, or appropriate administrator may restrict or revoke a student’s transportation privileges, in accordance with the law.

Transportation for Students with Disabilities

When provided to an eligible student with disability as a related service, suspension of the privilege of transportation shall be for no more than three days per occurrence. For those receiving transportation as a related service, days of removal from transportation count toward the 10-day rule regarding change in educational placement. A change occurs if the removal is for more than 10 cumulative days in a school year, any removal for more than 10 consecutive school days, or a series of removals that would demonstrate a pattern. For students with disabilities, an ARD or Section 504 Committee must be convened to consider a change in any placement.

REMOVAL FROM THE REGULAR EDUCATIONAL SETTING

In addition to other discipline management techniques, misconduct may result in removal from the regular educational setting in the form of a routine referral or a formal removal.

Routine Referral

A routine referral occurs when a teacher sends a student to the principal or appropriate administrator’s office as a discipline management technique. The administrator may then employ alternative discipline management techniques, including progressive interventions. A teacher or administrator may remove a student from class for a behavior that violates this Code to maintain effective discipline in the classroom.

Formal Removal

A teacher may also initiate a formal removal from class if:

1. The student’s behavior has been documented by the teacher as repeatedly interfering with the teacher’s ability to teach his or her class or with the student’s classmates’ ability to learn; or
2. The behavior is so unruly, disruptive, or abusive that the teacher cannot teach, and the students in the classroom cannot learn.

Within three school days of the formal removal, the appropriate administrator shall schedule a conference with the student’s parent; the student; the teacher, in the case of removal by a teacher; and any other administrator.

At the conference, the appropriate administrator shall inform the student of the misconduct for
which he or she is charged and the consequences. The student shall have an opportunity to give his or her version of the incident.

When a student is removed from the regular classroom by a teacher and a conference is pending, the appropriate administrator may place the student in:

- Another appropriate classroom.
- In-school suspension.
- Out-of-school suspension.
- DAEP.

A teacher or administrator must remove a student from class if the student engages in behavior that under the Education Code requires or permits the student to be placed in a DAEP, JJAEP, or expelled. When removing for those reasons, the procedures in the subsequent sections on DAEP, JJAEP, or expulsion shall be followed.

**Returning Student to Classroom**

When a student has been formally removed from class by a teacher for conduct against the teacher containing the elements of assault, aggravated assault, sexual assault, aggravated sexual assault, murder, capital murder, or criminal attempt to commit murder or capital murder, the student may not be returned to the teacher’s class without the teacher’s consent.

When a student has been formally removed by a teacher for any other conduct, the student may be returned to the teacher’s class without the teacher’s consent, if the placement review committee determines that the teacher’s class is the best or only alternative available.

**IN-SCHOOL SUSPENSION (REASSIGNMENT ROOM)**

Students who fail to conform to the normal rules and regulations may be assigned to in-school suspension, (except for tardiness, truancy or dress code violations), hereafter referred to as the Reassignment Room. The setting is to provide students with a highly structured, controlled academic environment. The goal is to strive to assist students to return to productive work in regular classes.

**Misconduct**

A student may be assigned to the Reassignment Room for any behavior listed in the Code as a general conduct violation.

In addition to offenses listed in the general conduct rules, a student may be placed in the Reassignment Room for the following misconduct:

- Disturbance in a class, hallway, cafeteria, or on school grounds or at a school-sponsored or school-related activity.
- Dissemination/possession of unauthorized materials, including hazardous items such as acid or mercury.
- Loitering in unauthorized areas.
- Illegal entry into a school facility.
- Participating in an unauthorized organization/activity.
- Possession of smoking devices including rolling paper and pipes.
• Possession of an object adapted to be a weapon.
• Setting a fire.
• Theft, possession or sale of another person’s property with a value under $200.
• Assault as defined by Penal Code 22.01 (a) (3).
• Failure to serve an assigned detention.
• Unauthorized use of a vehicle, speeding, or parking lot violation.
• Violation of school district’s medication policy.
• Use, transmit, sale, or attempted sale of any intoxicant or mood-changing, mind-altering, or behavior-altering substance.

Reassignment for Student with Disabilities: Change in Placement

For a student with disability under IDEA or Section 504, a removal to the Reassignment Room may or may not be considered a change in placement depending upon services provided while removed.

The objectives of the Reassignment Room are as follows:

• To provide for the removal of disruptive students from academic classes; thus allowing meaningful instruction to take place,
• To provide structured academic supervision,
• To effect positive attitudinal changes,
• To serve as a means of behavioral modification, and
• To assist the student in returning to class as a productive member of his/her peer group.

Before being placed in the campus’ Reassignment Room, a student will have an informal conference with the campus administrator who shall advise the student of the conduct of which he or she is accused. The student will be given the opportunity to explain his or her version of the incident before the administrator’s decision is made.

As soon as reasonable, the parent shall be notified by telephone or other appropriate means of the student’s placement in Reassignment.

Reassignment Room Rules

Students will be subject to strict discipline while assigned to in-school suspension. The following rules and regulations will prevail in the Reassignment Room:

1. Misconduct while in reassignment may result in the assignment of additional days to reassignment.
   a. Upon arrival to school, the student must report directly to reassignment, unless authorized to do otherwise.
   b. Students are to be punctual and bring needed supplies.
   c. Tardiness may result in assignment of an additional day to be served.
   d. Students are not to leave the Reassignment Room without permission.
   e. Students shall not talk without permission or make disruptive noises.
   f. Students may not sleep.
   g. Students will have assigned seating and may not leave their desk without permission.
2. Students may provide or purchase their lunch from the cafeteria (no fast food).
3. One restroom break will be permitted in the morning and afternoon.
4. Students who have absences while assigned to the Reassignment Room are required to make up those missed days before dismissal.

5. Students who have early dismissal will be released only upon the discretion of the principal or principal’s designee.

6. Repeated violation of Reassignment Room rules may result in the student’s suspension from school.

**Restrictions during Reassignment**

Students assigned to the Reassignment Room are subject to the following rules regarding participation in extracurricular activities:

- Students will not be allowed to participate in extracurricular activities for the length of time assigned to Reassignment plus the next calendar school day. (Students returning on Friday morning will be eligible on Saturday).
- Students assigned to Reassignment more than six days during the current term will not be allowed to participate in extracurricular activities for the remainder of the current term.
- Students having already served a suspension from extracurricular competition or performance for citizenship reasons for the remainder of a previous term of the current school year will not be allowed to participate in extracurricular activities for the remainder of the current term, if the total number of days in Reassignment exceeds three days during the current term.
- Students who have been placed in the district’s DAEP during the current school year and then are placed in the Reassignment Room will not be allowed to participate in extracurricular activities for the remainder of the current term.

**OUT-OF-SCHOOL SUSPENSION**

**Misconduct**

Students may be suspended for any behavior listed in the Code as a general conduct violation, (except for tardiness, truancy or dress code violations), In-school Suspension offenses, DAEP offenses, or expellable offenses.

The district shall not use out-of-school suspension for students in grade 2 or below unless the conduct meets the requirements established in law.

A student in grade 2 or below shall not be placed in out-of-school suspension unless, while on school property or while attending a school-sponsored or school-related activity on or off school property, the student engages in:

- Conduct that contains the elements of a weapons offense, as provided in Penal Code Section 46.02 or 46.05;
- Conduct that contains the elements of assault, sexual assault, aggravated assault, or aggravated sexual assault, as provided by the Penal Code; or
- Selling, giving, or delivering to another person or possessing, using, or being under the influence of any amount of marijuana, an alcoholic beverage, or a controlled substance or dangerous drug as defined by federal or state law.
The district shall use a positive behavior program as a disciplinary alternative for students in grade 2 or below who commit general conduct violations instead of suspension or placement in a DAEP. The program shall meet the requirements of the law.

**Process**

State law allows a student to be suspended for no more than three school days per behavior violation, with no limit on the number of times a student may be suspended in a semester or school year.

Before being suspended a student shall have an informal conference with the campus administrator, who shall advise the student of the conduct of which he or she is accused. The student shall be given the opportunity to explain his or her version of the incident before the administrator’s decision is made.

The number of days of a student’s suspension shall be determined by the campus administrator, but shall not exceed three school days.

In deciding whether to order out-of-school suspension, the campus administrator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student’s disciplinary history, or
4. A disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct.

**Restrictions during Suspension**

The campus administrator and sponsor/coach shall determine any restrictions on participation in school-sponsored or school-related extracurricular and co-curricular activities due to out-of-school suspension.

- A student who is suspended from school for three days or less shall be suspended from any participation in school-sponsored or school-related competition/performance for the length of the suspension plus the next calendar school day. (Students returning on a Friday morning shall be eligible on Saturday.)
- A student who is suspended from school more than one time during the current school semester shall be prohibited from participation in extracurricular activities for the remainder of the current semester.
- Any student who is suspended from school after having been prohibited from participation for disciplinary reasons in a previous semester of the current school year shall again be suspended in extracurricular activities for the remainder of the current semester.
- A student who having previously served a stay in the district’s DAEP during the current school year and is then suspended from school shall be prohibited from competition or performance in extracurricular activities for the remainder of the current semester.
- After having been suspended from extracurricular activities for the remainder of a previous semester in the current school year due to citizenship reason and then is suspended from school again in the next semester of the current school year shall again be suspended from participation for the remainder of the current semester.
Suspended students are prohibited from being on school grounds or attending school-sponsored or school-related activities during the period of suspension, except by special permission.

**Scholastic Penalties**

A student on suspension from classes can complete assignments without penalty for the period of suspension. Students shall have a time equal to the days absent from class to complete all missed assignments.

**DISCIPLINARY ALTERNATIVE EDUCATION PROGRAM (DAEP) PLACEMENT**

The DAEP shall be provided in a setting other than the student’s regular classroom. An elementary school student may not be placed in a DAEP with a student who is not an elementary school student.

For purposes of DAEP, elementary classification shall be kindergarten–grade 5 and secondary classification shall be grades 6–12.

A student who is expelled for an offense that otherwise would have resulted in a DAEP placement does not have to be placed in a DAEP in addition to the expulsion.

In deciding whether to place a student in a DAEP, regardless of whether the action is mandatory or discretionary, the campus administrator shall take into consideration:

1. Self-defense (see glossary)
2. Intent or lack of intent at the time the student engaged in the conduct, and
3. The student’s disciplinary history Or
4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct.

**Discretionary Placement: Misconduct That May Result in DAEP Placement**

A student **may** be placed in the DAEP for the following conduct violations committed on school property or at a school-related or sponsored activity:

- Recording the voice or image of another without prior consent of the individual being recorded or recording in any way that disrupts the educational environment or invades the privacy of others.
- After formal teacher removal from class.
- Deadly conduct.
- Possession of a weapon (except as described by Penal Code 46.01 and 46.05) or an object perceived or adapted to be a weapon.
- Aiding a person to commit suicide (less than a felony).
- Persistent misconduct.
- On campus possession, use, or transmittal of paraphernalia related to any prohibited substance.
- Gang activity.
- Inappropriate exposure, including mooning, flashing, streaking.
- Reckless speech and/or writing.
• Disruption of school operation.
• Illegal entry into a school facility.
• Assault by intentionally or knowingly causing physical contact with another when the person knows or should know that the other person will regard the contact as offensive or provocative.
• The transmittal, possession, use, sale, or attempted sale of what is represented to be (fake) any substance prohibited under school rules.
• Violation of the acceptable computer use policy.
• Setting a fire on school property.
• Repeated sexual or gender based harassment offenses.
• Bullying, harassment, and making a hit list.
• Cyberbullying. (See glossary.)
• Dating violence. (See glossary.)

Misconduct Identified in State Law
In accordance with state law, a student may be placed in a DAEP for any one of the following offenses:
• Engaging in bullying that encourages a student to commit or attempt to commit suicide.
• Inciting violence against a student through group bullying.
• Releasing or threatening to release intimate visual material of a minor or a student who is 18 years of age or older without the student’s consent.
• Involvement in a public school fraternity, sorority, or secret society, including participating as a member or pledge, or soliciting another person to become a pledge or member of a public school fraternity, sorority, secret society, or gang. (See glossary.)
• Involvement in criminal street gang activity. (See glossary.)
• Any criminal mischief, including a felony.
• Assault (no bodily injury) with threat of imminent bodily injury.
• Assault by offensive or provocative physical contact.

In accordance with state law, a student may be placed in a DAEP if the superintendent or the superintendent’s designee has reasonable belief (see glossary) that the student has engaged in conduct punishable as a felony, other than aggravated robbery or those listed as offenses in Title 5 (see glossary) of the Texas Penal Code, that occurs off school property and not at a school-sponsored or school-related event, if the student’s presence in the regular classroom threatens the safety of other students or teachers or will be detrimental to the educational process.

The campus administrator may, but is not required to, place a student in a DAEP for off-campus conduct for which DAEP placement is required by state law if the administrator does not have
knowledge of the conduct before the first anniversary of the date the conduct occurred.

**Mandatory Placement: Misconduct That Requires DAEP Placement**

A student **must** be placed in a DAEP if the student:

- Engages in conduct relating to a false alarm or report (including a bomb threat) or a terrorist threat involving a public school. (See glossary)

- Commits the following offenses on school property or within 300 feet of school property as measured from any point on the school’s real property boundary line, or while attending a school-sponsored or school-related activity on or off school property:
  
  - Engages in conduct punishable as a felony.
  
  - Commits an assault (see glossary) under Texas Penal Code 22.01(a) (1).
  
  - Sells, gives, or delivers to another person, or possesses, uses, or is under the influence of marijuana, a controlled substance, or a dangerous drug in an amount not constituting a felony offense. A student with a valid prescription for low-THC cannabis as authorized by Chapter 487 of the Health and Safety Code does not violate this provision. However, a student **must** follow the district’s policies and procedures for prescription medications. (School-related felony drug offenses are addressed in the Expulsion section.) (See glossary for “under the influence.”)
  
  - Sells, gives, or delivers to another person an alcoholic beverage; commits a serious act or offense while under the influence of alcohol; or possesses, uses, or is under the influence of alcohol, if the conduct is not punishable as a felony offense. (School-related felony alcohol offenses are addressed in the Expulsion section.)
  
  - Behaves in a manner that contains the elements of an offense relating to abusable volatile chemicals.
  
  - Behaves in a manner that contains the elements of the offense of public lewdness or indecent exposure.

- Engages in expellable conduct and is between six and nine years of age.

- Commits a federal firearms violation and is younger than six years of age.

- Engages in conduct that contains the elements of the offense of retaliation against any school employee or volunteer on or off school property. (Committing retaliation in combination with another expellable offense is addressed in the Expulsion section of this Code.)

- Engages in conduct punishable as aggravated robbery or a felony listed under Title 5 (see glossary) of the Texas Penal Code when the conduct occurs off school property and not at a school-sponsored or school-related event and:
  
  1. The student receives deferred prosecution (see glossary),
  
  2. A court or jury finds that the student has engaged in delinquent conduct (see glossary), or
  
  3. The superintendent or designee has a reasonable belief (see glossary) that the student engaged in the conduct.
DAEP for Students with Disabilities

The ARD/Section 504 Committee shall consider if placement in the DAEP is an appropriate consequence for a student with disabilities. If this option is not appropriate, the committee shall specify what disciplinary measures can be used for offenses that would normally warrant an assignment to DAEP. The ARD/Section 504 Committee must review an assignment for more than ten total school days in one school year.

Sexual Assault and Campus Assignments

If a student has been convicted of continuous sexual abuse of a young child or children or convicted of or placed on deferred adjudication for sexual assault or aggravated sexual assault against another student on the same campus, and if the victim’s parent or another person with the authority to act on behalf of the victim requests that the board transfer the offending student to another campus, the offending student shall be transferred to another campus in the district. If there is no other campus in the district serving the grade level of the offending student, the offending student shall be transferred to a DAEP.

Process

Removals to a DAEP shall be made by the campus administrator.

Conference

When a student is removed from class for a DAEP offense, the campus administrator shall schedule a conference within three school days with the student’s parent, the student, and the teacher, in the case of a teacher removal.

At the conference, the campus administrator shall inform the student, orally or in writing, of the reasons for the removal and shall give the student an explanation of the basis for the removal and an opportunity to respond to the reasons for the removal.

Following valid attempts to require attendance, the district may hold the conference and make a placement decision regardless of whether the student or the student’s parents attend the conference.

Consideration of Mitigating Factors

In deciding whether to place a student in a DAEP, regardless of whether the action is mandatory or discretionary, the appropriate administrator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student’s disciplinary history, or
4. A disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct.

Placement Order

After the conference, if the student is placed in the DAEP, the appropriate administrator shall write a placement order. A copy of the DAEP placement order shall be sent to the student and the student’s parent. Not later than the second business day after the conference, the board’s designee shall deliver to the juvenile court a copy of the placement order and all information
required by Section 52.04 of the Family Code.
If the student is placed in the DAEP and the length of placement is inconsistent with the guidelines included in this Code, the placement order shall give notice of the inconsistency.

Coursework Notice

The parent or guardian of a student placed in DAEP shall be given written notice of the student’s opportunity to complete a foundation curriculum course in which the student was enrolled at the time of removal and which is required for graduation, at no cost to the student. The notice shall include information regarding all methods available for completing the coursework.

Length of Placement

The duration of a student’s placement in a DAEP shall be determined by the campus administrator.

The duration of a student’s placement shall be determined on a case-by-case basis. DAEP placement shall be correlated to the seriousness of the offense, the student’s age and grade level, the frequency of misconduct, the student’s attitude, and statutory requirements.

The maximum period of DAEP placement shall be one calendar year except as provided below.

Unless otherwise specified in the placement order, days absent from a DAEP shall not count toward fulfilling the total number of days required in a student’s DAEP placement order.

The district shall administer the required pre- and post-assessments for students assigned to DAEP for a period of 90 days or longer in accordance with established district administrative procedures for administering other diagnostic or benchmark assessments.

Exceeds One Year

Placement in a DAEP may exceed one year when a review by the district determines that the student is a threat to the safety of other students or to district employees.

The statutory limitations on the length of a DAEP placement do not apply to a placement resulting from the board’s decision to place a student who engaged in the sexual assault of another student so that the students are not assigned to the same campus.

Exceeds School Year

Students who commit offenses requiring placement in a DAEP at the end of one school year may be required to continue that placement at the start of the next school year to complete the assigned term of placement.

For placement in a DAEP to extend beyond the end of the school year, the board’s designee must determine that:

1. The student’s presence in the regular classroom or campus presents a danger of physical harm to the student or others, or
2. The student has engaged in serious or persistent misbehavior (see glossary) that violates the district’s Code.
Exceeds 60 Days
For placement in a DAEP to extend beyond 60 days or the end of the next grading period, whichever is sooner, a student’s parent shall be given notice and the opportunity to participate in a proceeding before the board or the board’s designee.

Appeals
Questions from parents regarding disciplinary measures should be addressed to the campus administration.

Student or parent appeals regarding a student’s placement in a DAEP should be in accordance with FNG (LOCAL). A copy of this policy may be obtained from the principal’s office, the central administration office, or through Board Policy online at https://pol.tasb.org/Home/Index/364.

Appeals shall begin at Level One.
Disciplinary consequences shall not be deferred pending the outcome of an appeal. The decision to place a student in a DAEP cannot be appealed beyond the board. For additional information regarding appeals, see the “Disciplinary Appeals Process” section of this Code.

Restrictions during Placement
Any student placed in a DAEP for the first time is prohibited from participating in school-sponsored or school-related activities during the length of time of the placement in the DAEP plus the next calendar school day. (Student returning on Friday morning will be eligible on Saturday.)

Students placed in a DAEP more than once during the current school year are prohibited from participating in school-sponsored or school-related activities for the remainder of the current school year.

A student, after having been suspended from extracurricular participation in a term of the current school year for a citizenship reason and then is subsequently placed in a DAEP for more than three days in the next term of the school year, shall be suspended from extracurricular participation for the remaining current term.

Students, while placed in DAEP, are prohibited from being on their home campus or attending school-sponsored or school-related activities during the period of placement without special permission.

A student placed in a DAEP shall not be provided transportation unless he or she is a student with a disability who has transportation designated as a related service in the student’s IEP.

For seniors who are eligible to graduate and are assigned to a DAEP at the time of graduation, the last day of placement in the program shall be the last instructional day, and the student shall be allowed to participate in the graduation ceremony and related graduation activities unless otherwise specified in the DAEP placement order.
Placement Review

A student placed in a DAEP shall be provided a review of his or her status, including academic status, by the campus administrator or the board’s designee at intervals not to exceed 120 days. In the case of a high school student, the student’s progress toward graduation and the student’s graduation plan shall also be reviewed. At the review, the student or the student’s parent shall be given the opportunity to present arguments for the student’s return to the regular classroom or campus. The student may not be returned to the classroom of a teacher who removed the student without that teacher’s consent.

Additional Misconduct

If during the term of placement in a DAEP the student engages in additional misconduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted, and the campus administrator may enter an additional disciplinary order as a result of those proceedings.

Notice of Criminal Proceedings

When a student is placed in a DAEP for certain offenses, the office of the prosecuting attorney shall notify the district if:

1. Prosecution of a student’s case was refused for lack of prosecutorial merit or insufficient evidence and no formal proceedings, deferred adjudication (see glossary), or deferred prosecution will be initiated; or

2. The court or jury found a student not guilty, or made a finding that the student did not engage in delinquent conduct or conduct indicating a need for supervision, and the case was dismissed with prejudice.

If a student was placed in a DAEP for such conduct, on receiving the notice from the prosecutor, the superintendent or designee shall review the student’s placement and schedule a review with the student’s parent not later than the third day after the superintendent or designee receives notice from the prosecutor. The student may not be returned to the regular classroom pending the review.

After reviewing the notice and receiving information from the student’s parent, the superintendent or designee may continue the student’s placement if there is reason to believe that the presence of the student in the regular classroom threatens the safety of other students or teachers.

The student or the student’s parent may appeal the superintendent’s decision to the board. The student may not be returned to the regular classroom pending the appeal. In the case of an appeal, the board shall, at the next scheduled meeting, review the notice from the prosecutor and receive information from the student, the student’s parent, and the superintendent or designee, and confirm or reverse the decision of the superintendent or designee. The board shall make a record of the proceedings.

If the board confirms the decision of the superintendent or designee, the student and the student’s parent may appeal to the Commissioner of Education. The student may not be returned to the regular classroom pending the appeal.
Withdrawal during Process

When a student violates the district’s Code in a way that requires or permits the student to be placed in a DAEP and the student withdraws from the district before a placement order is completed, the campus administrator may complete the proceedings and issue a placement order. If the student then re-enrolls in the district during the same or a subsequent school year, the district may enforce the order at that time, less any period of the placement that has been served by the student during enrollment in another district. If the campus administrator or the board fails to issue a placement order after the student withdraws, the next district in which the student enrolls may complete the proceedings and issue a placement order.

Newly Enrolled Students

The district shall decide on a case-by-case basis whether to continue the placement of a student who enrolls in the district and was assigned to a DAEP in an open-enrollment charter school or another district. The district may place the student in the district’s DAEP or a regular classroom setting.

A newly enrolled student with a DAEP placement from a district in another state shall be placed as any other newly enrolled student if the behavior committed is a reason for DAEP placement in the receiving district.

If the student was placed in a DAEP by a school district in another state for a period that exceeds one year, this district, by state law, shall reduce the period of the placement so that the total placement does not exceed one year. After a review, however, the placement may be extended beyond a year if the district determines that the student is a threat to the safety of other students or employees or the extended placement is in the best interest of the student.

Emergency Placement Procedure

When an emergency placement is necessary because the student’s behavior is so unruly, disruptive, or abusive that it seriously interferes with classroom or school operations, the student shall be given oral notice of the reason for the action. Not later than the tenth day after the date of the placement, the student shall be given the appropriate conference required for assignment to a DAEP.

PLACEMENT AND/OR EXPULSION FOR CERTAIN OFFENSES

This section includes two categories of offenses for which the Education Code provides unique procedures and specific consequences.

Registered Sex Offenders

Upon receiving notification in accordance with state law that a student is currently required to register as a sex offender, the administration must remove the student from the regular classroom and determine appropriate placement unless the court orders JJAEP placement.

If the student is under any form of court supervision, including probation, community supervision, or parole, the placement shall be in either DAEP or JJAEP for at least one semester.

If the student is not under any form of court supervision, the placement may be in DAEP or JJAEP for one semester or the placement may be in a regular classroom. The placement may not be in the regular classroom if the board or its designee determines that the student’s presence:
1. Threatens the safety of other students or teachers,
2. Will be detrimental to the educational process, or
3. Is not in the best interests of the district’s students.

**Review Committee**

At the end of the first semester of a student’s placement in an alternative educational setting and before the beginning of each school year for which the student remains in an alternative placement, the district shall convene a committee, in accordance with state law, to review the student’s placement. The committee shall recommend whether the student should return to the regular classroom or remain in the placement. Absent a special finding, the board or its designee must follow the committee’s recommendation.

The placement review of a student with a disability who receives special education services must be made by the ARD committee.

**Newly Enrolled Student**

If a student enrolls in the district during a mandatory placement as a registered sex offender, the district may count any time already spent by the student in a placement or may require an additional semester in an alternative placement without conducting a review of the placement.

**Appeal**

A student or the student’s parent may appeal the placement by requesting a conference between the board or its designee, the student, and the student’s parent. The conference is limited to the factual question of whether the student is required to register as a sex offender. Any decision of the board or its designee under this section is final and may not be appealed.

**Certain Felonies**

Regardless of whether placement or expulsion is required or permitted by one of the reasons in the DAEP Placement or Expulsion sections, in accordance with Education Code 37.0081, a student may be expelled and placed in either DAEP or JJAEP if the board or campus administrator makes certain findings and the following circumstances exist in relation to aggravated robbery or a felony offense under Title 5 (see glossary) of the Texas Penal Code. The student must:

- Have received deferred prosecution for conduct defined as aggravated robbery or a Title 5 felony offense;
- Have been found by a court or jury to have engaged in delinquent conduct for conduct defined as aggravated robbery or a Title 5 felony offense;
- Have been charged with engaging in conduct defined as aggravated robbery or a Title 5 felony offense;
- Have been referred to a juvenile court for allegedly engaging in delinquent conduct for conduct defined as aggravated robbery or a Title 5 felony offense; or
- Have received probation or deferred adjudication or have been arrested for, charged with, or convicted of aggravated robbery or a Title 5 felony offense.
The district may expel the student and order placement under these circumstances regardless of:

1. The date on which the student’s conduct occurred,
2. The location at which the conduct occurred,
3. Whether the conduct occurred while the student was enrolled in the district, or
4. Whether the student has successfully completed any court disposition requirements imposed in connection with the conduct.

**Hearing and Required Findings**

The student must first have a hearing before the board or its designee, who must determine that in addition to the circumstances above that allow for the expulsion, the student’s presence in the regular classroom:

1. Threatens the safety of other students or teachers,
2. Will be detrimental to the educational process, or
3. Is not in the best interest of the district’s students.

Any decision of the board or the board’s designee under this section is final and may not be appealed.

**Length of Placement**

The student is subject to the placement until:

1. The student graduates from high school,
2. The charges are dismissed or reduced to a misdemeanor offense, or
3. The student completes the term of the placement or is assigned to another program.

**Newly Enrolled Students**

A student who enrolls in the district before completing a placement under this section from another school district must complete the term of the placement.

**EXPULSION**

In deciding whether to order expulsion, regardless of whether the action is mandatory or discretionary, the campus administrator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct, and
3. The student’s disciplinary history, or
4. A disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct.

Under Age Ten

When a student under the age of ten engages in behavior that is expellable behavior, the student shall not be expelled, but shall be placed in a DAEP. A student under age six shall not be placed in a DAEP unless the student commits a federal firearm offense.
Students with Disabilities and Expulsion

A student with disabilities may be expelled for conduct that would warrant such action for a non-disabled student if the ARD or Section 504 Committee determines through a duly constituted Manifestation Determination Review that either:

- The expellable behavior is not a manifestation of the student’s disability; or
- The expellable behavior falls within one of the special circumstances recognized by the IDEA (drugs, weapons, or serious bodily injury); or
- The expellable behavior is a manifestation of the student’s disability but the parent and the school district agree to a change of placement to the DAEP or the DCJJAEAP as part of the modification of the behavior intervention plan.

In determining relatedness of misconduct and a student’s disabling condition, the committee shall review all relevant information in the student’s file including the current IEP/IAP, any teacher observations and any relevant information provided by the parent.

If the committee determines that the student’s misconduct is related to the disabling condition or was the direct result of the district’s failure to implement the student’s IEP/IAP, the student shall not be expelled, except as noted in the first paragraph of this section. An exception exists to allow school officials to remove a student for not more than 45 school days without regard to disability for certain offenses involving deadly weapons, drugs, or serious bodily injury.

The ARD or Section 504 Committee shall determine the educational services to be provided during an expulsion. They will ensure that the student has the opportunity to progress in the general education curriculum and make progress toward achieving their goals and objectives.

Process

If a student is believed to have committed an expellable offense, the principal, or appropriate administrator shall schedule a hearing within a reasonable time. The student’s parent shall be invited in writing to attend the hearing.

Until a hearing can be held, campus administrator may place the student in:

- Another appropriate classroom.
- In-school suspension.
- Out-of-school suspension.
- DAEP.

Hearing

A student facing expulsion shall be given a hearing with appropriate due process. The student is entitled to:

1. Representation by the student’s parent or another adult who can provide guidance to the student and who is not an employee of the district,
2. An opportunity to testify and to present evidence and witnesses in the student’s defense, and
3. An opportunity to question the witnesses called by the district at the hearing.
After providing notice to the student and parent of the hearing, the district may hold the hearing regardless of whether the student or the student’s parent attends.

The board of trustees delegates to the Superintendent or designee authority to conduct hearings and expel students.

The student may be denied the privilege of his/her campus pending appeal of the expulsion.

**Board Review of Expulsion**

After the due process hearing, the expelled student may request that the board review the expulsion decisions. The student or parent must submit a written request to the superintendent within seven days after receipt of the written decision. The superintendent must provide the student or parent written notice of the date, time, and place of the meeting at which the board will review the decision.

The board shall review the record of the expulsion hearing in a closed meeting unless the parent requests in writing that the matter be held in an open meeting. The board may also hear a statement from the student or parent and from the board’s designee.

The board shall hear statements made by the parties at the review and shall base its decision on evidence reflected in the record and any statements made by the parties at the review. The board shall make and communicate its decision orally at the conclusion of the presentation. Consequences shall not be deferred pending the outcome of the hearing.

**Expulsion Order**

Before ordering the expulsion, the board or appropriate administrator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct, and
3. The student’s disciplinary history, or
4. A disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct.

If the student is expelled, the board or its designee shall deliver to the student and the student’s parent a copy of the order expelling the student.

Not later than the second business day after the hearing, the Student Services administrator shall deliver to the juvenile court a copy of the expulsion order and the information required by Section 52.04 of the Family Code.

If the length of the expulsion is inconsistent with the guidelines included in the Student Code of Conduct, the expulsion order shall give notice of the inconsistency.

**Dallas County JJAEP**

The board of trustees of the Garland Independent School District has entered into an agreement with the county juvenile board, which has established and operates a Juvenile Alternative Education Program. Students expelled from their home school or DAEP may be placed in the DCJJAEP.
Length of Expulsion

The length of an expulsion shall be correlated to the seriousness of the offense, the student’s age and grade level, the frequency of misbehavior, the student’s attitude, and statutory requirements. The duration of a student’s expulsion shall be determined on a case-by-case basis. The maximum period of expulsion is one calendar year except as provided below.

An expulsion may not exceed one year unless, after review, the district determines that:

1. The student is a threat to the safety of other students or to district employees, or
2. Extended expulsion is in the best interest of the student.

State and federal law require a student to be expelled from the regular classroom for a period of at least one calendar year for bringing a firearm, as defined by federal law, to school. However, the superintendent may modify the length of the expulsion on a case-by-case basis.

Students who commit offenses that require expulsion at the end of one school year may be expelled into the next school year to complete the term of expulsion.

Withdrawal during Process

When a student has violated the district’s Code in a way that requires or permits expulsion from the district and the student withdraws from the district before the expulsion hearing takes place, the district may conduct the hearing after sending written notice to the parent and student.

If the student then reenrolls in the district during the same or subsequent school year, the district may enforce the expulsion order at that time, less any expulsion period that has been served by the student during enrollment in another district.

If the campus administrator or the board fails to issue an expulsion order after the student withdraws, the next district in which the student enrolls may complete the proceedings.

Additional Misconduct

If during the expulsion, the student engages in additional conduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted, and the campus administrator or the board may issue an additional disciplinary order as a result of those proceedings.

Restrictions during Expulsion

Expelled students are prohibited from being on school grounds or attending school-sponsored or school-related activities during the period of expulsion, except by special permission from the Executive Director of Student Services.

Students who are expelled during the current school year are suspended from competition or performances in extracurricular activities for the remainder of the current school year.

No district academic credit shall be earned for work missed during the period of expulsion unless the student is enrolled in a DCJJAEP or another district-approved program.

Graduating seniors assigned to Dallas County Juvenile Justice Alternative Education Program (DCJJAEP) must complete their assigned days through graduation, if applicable. The student will not be allowed to attend any senior activities, but may be allowed to participate in graduation
rehearsal and the graduation ceremony.

**Newly Enrolled Students**

The district shall continue the expulsion of any newly enrolled student expelled from another district or an open-enrollment charter school until the period of the expulsion is completed.

If a student expelled in another state enrolls in the district, the district may continue the expulsion under the terms of the expulsion order, may place the student in a DAEP for the period specified in the order, or may allow the student to attend regular classes if:

1. The out-of-state district provides the district with a copy of the expulsion order, and
2. The offense resulting in the expulsion is also an expellable offense in the district in which the student is enrolling.

If a student is expelled by a district in another state for a period that exceeds one year and the district continues the expulsion or places the student in a DAEP, the district shall reduce the period of the expulsion or DAEP placement so that the entire period does not exceed one year, unless after a review it is determined that:

1. The student is a threat to the safety of other students or district employees, or
2. Extended placement is in the best interest of the student.

**Emergency Expulsion Procedures**

When an emergency expulsion is necessary to protect persons or property from imminent harm, the student shall be given verbal notice of the reason for the action. Within ten days after the date of the emergency expulsion, the student shall be given appropriate due process required for a student facing expulsion.

**DAEP Placement of Expelled Students**

The district may provide educational services to any expelled student in a DAEP; however, educational services in the DAEP must be provided if the student is less than ten years of age.

**ACCEPTABLE USE POLICY FOR TECHNOLOGY RESOURCES**

The Garland Independent School District provides a variety of electronic communications systems for educational purposes. The electronic communications system is defined as the District’s network (including the wireless network), servers, computer workstations, mobile technologies, peripherals, applications, databases, online resources, Internet access, email, and any other technology designated for use by students, including all new technologies as they become available. This also includes any access to the Garland ISD electronics system while on or near school property, in school vehicles and at school-sponsored activities, and includes the appropriate use of district technology resources via off-campus remote access. Please note that the Internet is a network of many types of communication and information networks, including Digital resources, and is part of the district’s electronic communications systems. Digital applications offer a variety of communication, collaboration, and educational creativity opportunities.

In accordance with the Children’s Internet Protection Act, Garland Independent School District educates staff and students regarding appropriate online behavior to ensure Internet safety,
including use of email and online resources, and has deployed filtering technology and protection measures to restrict access to inappropriate content such as those that are illegal, obscene or harmful to minors. While every effort is made to provide the most secure and optimal learning environment, it is not possible to absolutely prevent access (accidental or otherwise) to inappropriate content. If you come across any inappropriate content or communication, notify a teacher or parent immediately.

It is each student’s responsibility to follow the guidelines for appropriate and acceptable use.

**Appropriate Use**

- Students must only open, view, modify, and delete their own computer files.
- Internet use in the classroom must be directly related to school assignments and projects.
- Students will be assigned individual email and network accounts and must use only those accounts and passwords that they have been granted permission by the district to use. All account activity should be for educational purposes only.
- Students must immediately report threatening messages or discomforting Internet files/sites to a teacher.
- Students must at all times use the district’s electronic communications system, including email, wireless network access, and digital tools/resources to communicate only in ways that are kind and respectful.
- Students are responsible at all times for their use of the district’s electronic communications system and must assume personal responsibility to behave ethically and responsibly, even when technology provides them freedom to do otherwise.
- Students will use GISDWI-FI access for filtering purposes on *Bring Your Own Device*.

Bring Your Own Device

It is our goal that students and teachers will collaborate in rich, engaging learning experiences using technology. Students may bring their own technology and utilize personal electronic communication devices at school and at school activities. Students may use these devices in the classroom when the teacher deems them appropriate for educational purposes. All devices must remain silent or be put away unless being used within a lesson during class time. Students may also use devices during non-instructional times, such as passing periods, lunch and before/after school.

Devices should be clearly labeled with student’s full name. Students are responsible for personal property brought to school and should keep personal items with self or in a locked space. The District is not responsible for lost, stolen, or damaged devices. Devices should be charged prior to bringing them to school.

In the event the technology is used inappropriately, disciplinary consequences as outlined in the Student Code of Conduct may occur.
