### **Appropriate Use**

As with any device that is used on campus, there is an appropriate time and place. Campus administrators and teachers have the final say on the procedures in the classroom. If he or she asks you not to use your device, then you should follow those directions. Access is available but not guaranteed for each classroom situation.

### **PARENT/GUARDIAN RESPONSIBILITIES**

## FAQS

**What if I don't have access to a mobile device? Will my grades suffer?** No, if you do not have access to a personal device, you will be provided with an alternate way of completing the assignment. A district-owned device may be provided based on availability.

**I need to print a document that I just created. Why is there not a printer listed when I try to print?** Like shared folders, printers are networked differently on the campus and will not be available when you login to the GISDWIFI network. Some printing solutions include emailing the document to your teacher to print or saving it to a flash drive or cloud storage and printing from home.

**What happens if I break or lose my device while I am at school?** You may bring your mobile device to school at your own risk, just like any other personal item. The district is not financially liable for lost, stolen, or misplaced devices.

**If I cannot get my device to connect to the network, can I get help from someone on campus?** It is not the responsibility of your teachers or Garland ISD staff to troubleshoot individual devices during the school day. Check your owner's manual for issues concerning connectivity.

**Can I use my own data plan to access the Internet when on campus?** No usage of cellular data is allowed because it is not filtered with Garland ISD filtering. Free wireless access is provided by Garland ISD. You must use the Garland ISD filtered wireless connection when on campus.

**How do I save my work?** - It is encouraged that you email documents to yourself or utilize the "Cloud"

**Am I still held accountable for the Student Acceptable Use Policy even though this is my own personal mobile device?** Yes. The AUP for Garland ISD remains in effect even when you are using our own device.
