12:40pm-1:00pm Club Hill ES 1330 Colonel Dr Garland, TX 75043

1:10pm-1:30pm Classical Center at Vial 126 Creekview Dr. Garland, TX 75043

Work will be scheduled to allow adequate time for delivery of temporary portable solution to be used during construction. The plan would be to replace 2-3 units at a time which will require a project manager to coordinate sub-contractors during the construction. Garland ISD will allow for existing electrical connections (before disconnects) to be reused if possible.

We reserve the right to add install locations with proper notification to awarded vendor.

Installer will be responsible for removal of existing unit (floor/wall/ceiling/refrigeration) and connection of new installation to existing power supply after the disconnect.
