

We are the Garland ISD Children's Chorus. As artists we can do things together I cannot do alone. We make beautiful music when we focus our skills and sing as one voice.

Because I am an artist....

- I desire to use rehearsal time to refine my skills in singing and reading music.
- I choose to focus on what is important at that moment in the music.
- I perform music of many different styles and historical periods and respect music of other cultures.
- I choose to focus my artistic skills, moving to the top of the singers pyramid with an artistic performance.
